WHEN I LEARN
I MAY BECOME A

Discoverer . . .

*Discovery comes in the form
of a need.
Your needs discovered
Are small rays of light in
your mind.*

We look to nature to find ourselves, so dazzled by the search of life. Throughout experiments we continuously learn as the quest for knowledge develops. Let it be said that we learn not only the things that are constantly before us, but also we discover the things that have before gone unnoticed.

Lover

*Who can define Love?
Not I nor any old wise man.
The only ones to define Love
Are the two people in love.*

Love has many faces and her expressions vary. Whether we find it in a couple's carefree laughter or the cuddling of a pet, love constantly surrounds and touches the lives of each of us.

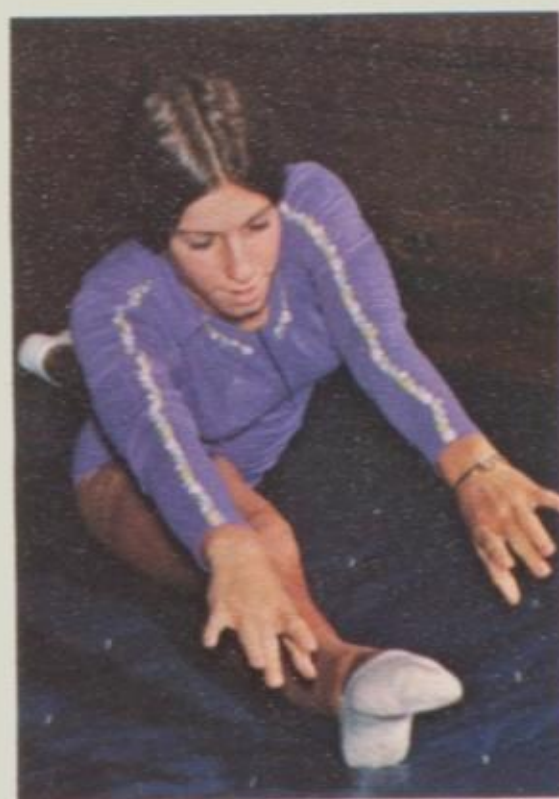

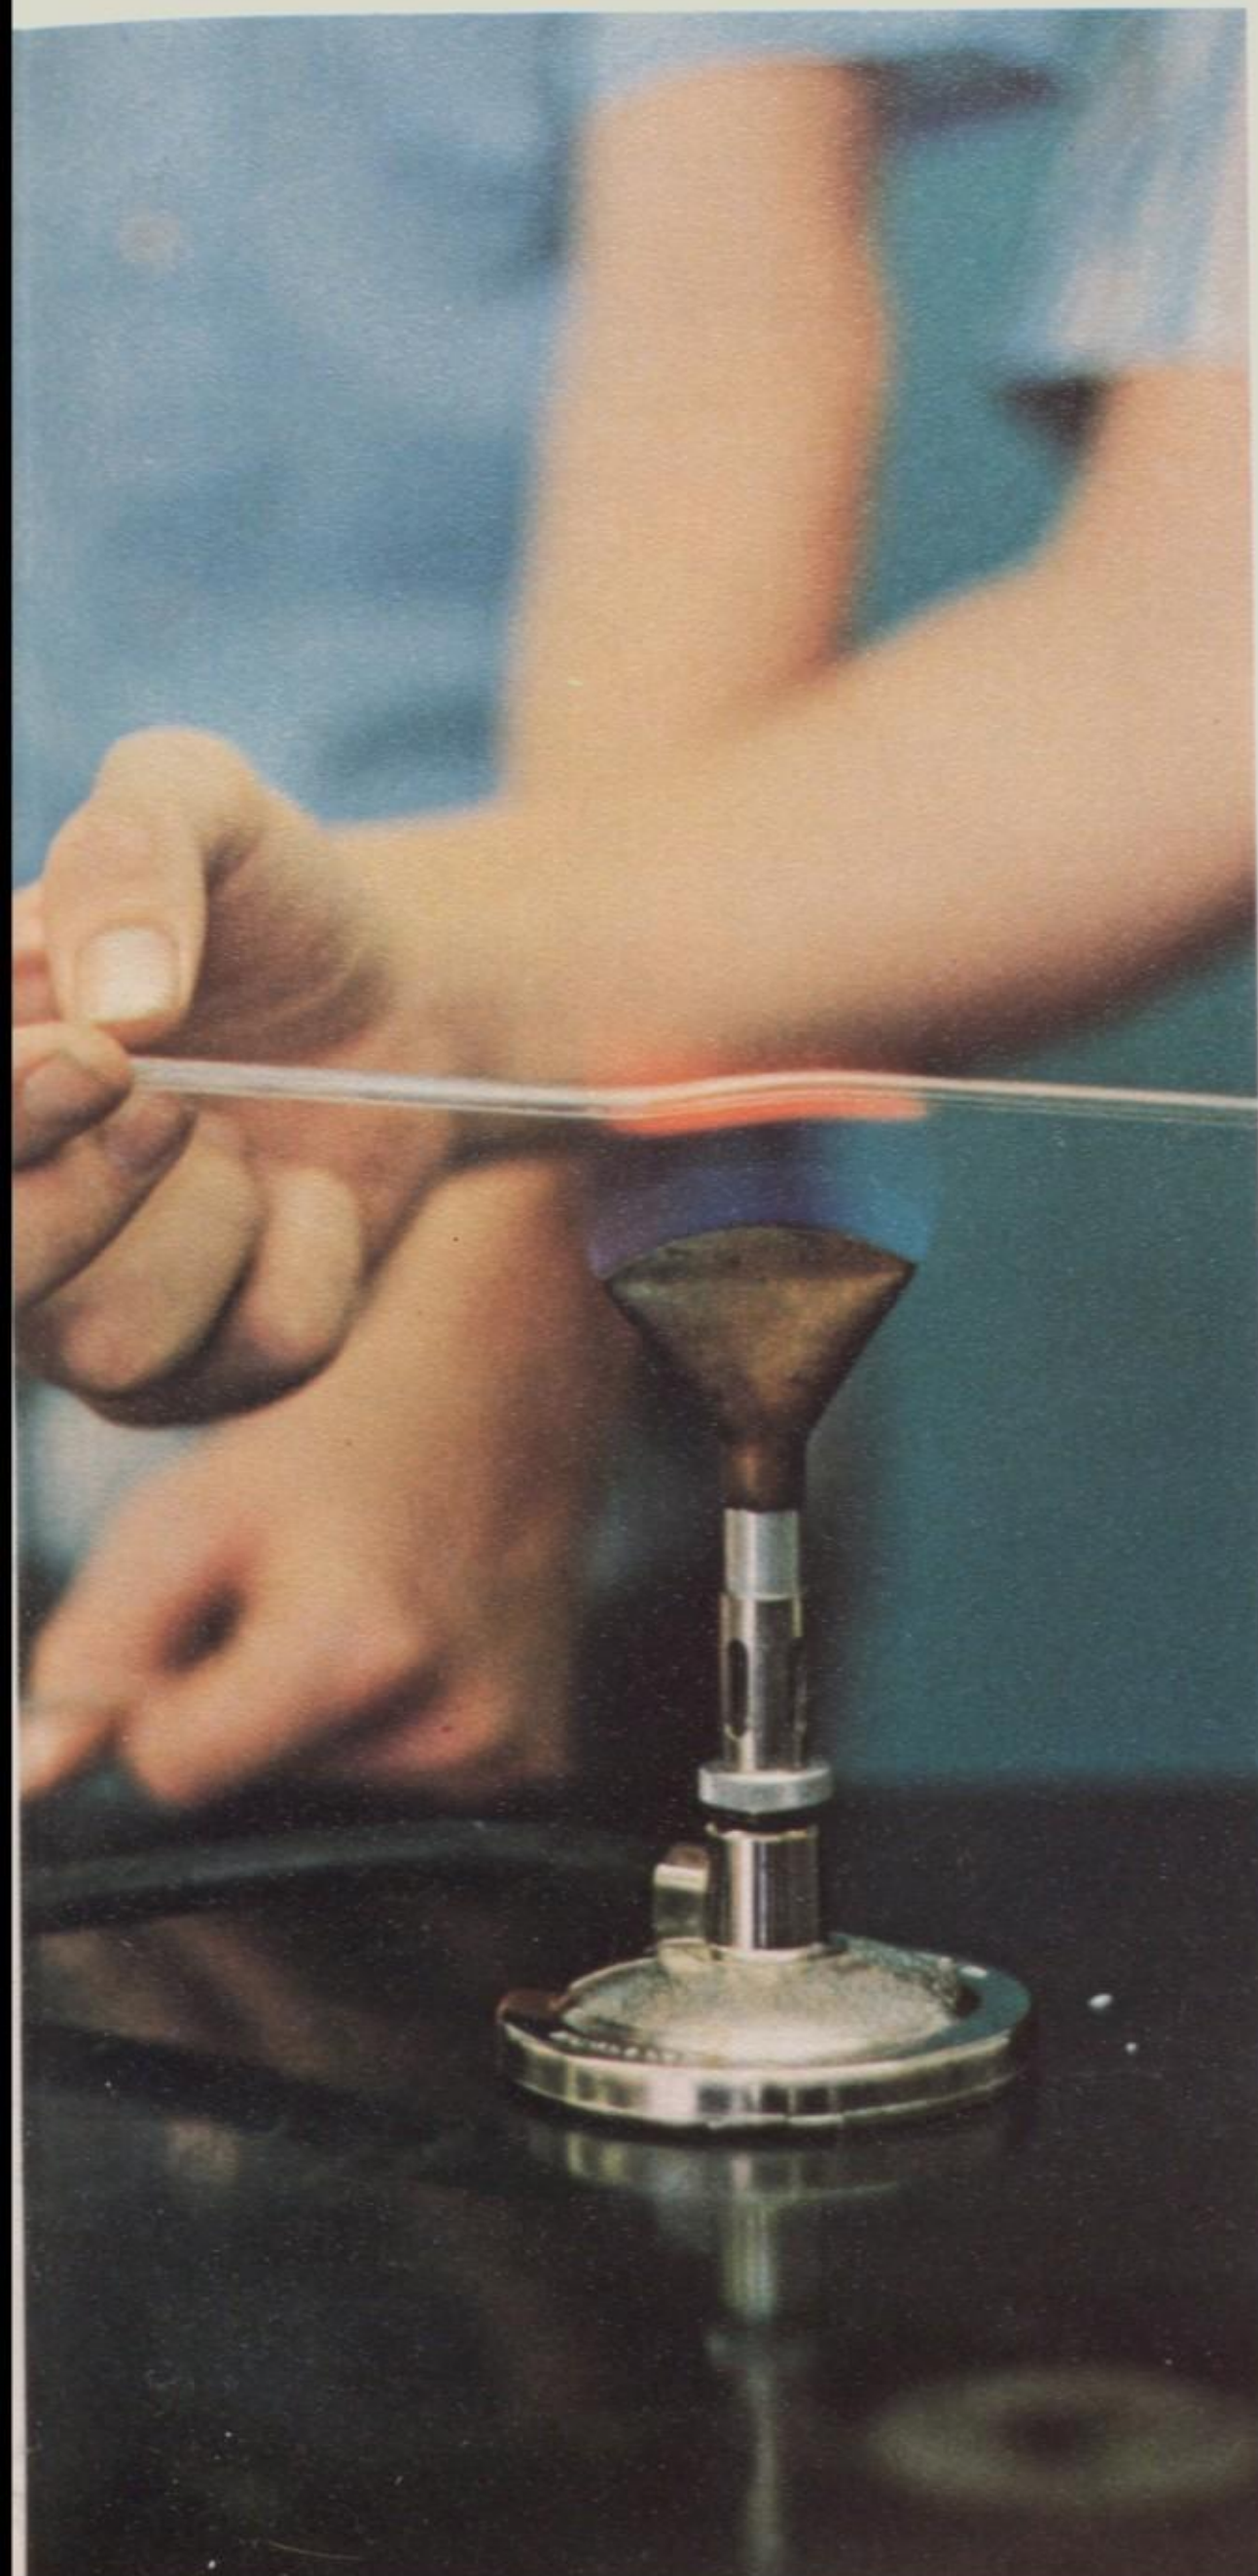

WHEN I LEARN
I MAY BECOME A

Mender . . .

*Mending the heart when it is broken,
And mending the world when it is
splitting—
Are done in the image of Him.*

Menders of the "now" generation want to make the world a better place to live. We fix the material things and attempt to mend and improve the moral aspects of life while continuing to learn.

Bender

*Bend your mind.
Bend it into memories of people
and things.
Bend until all is clear.*

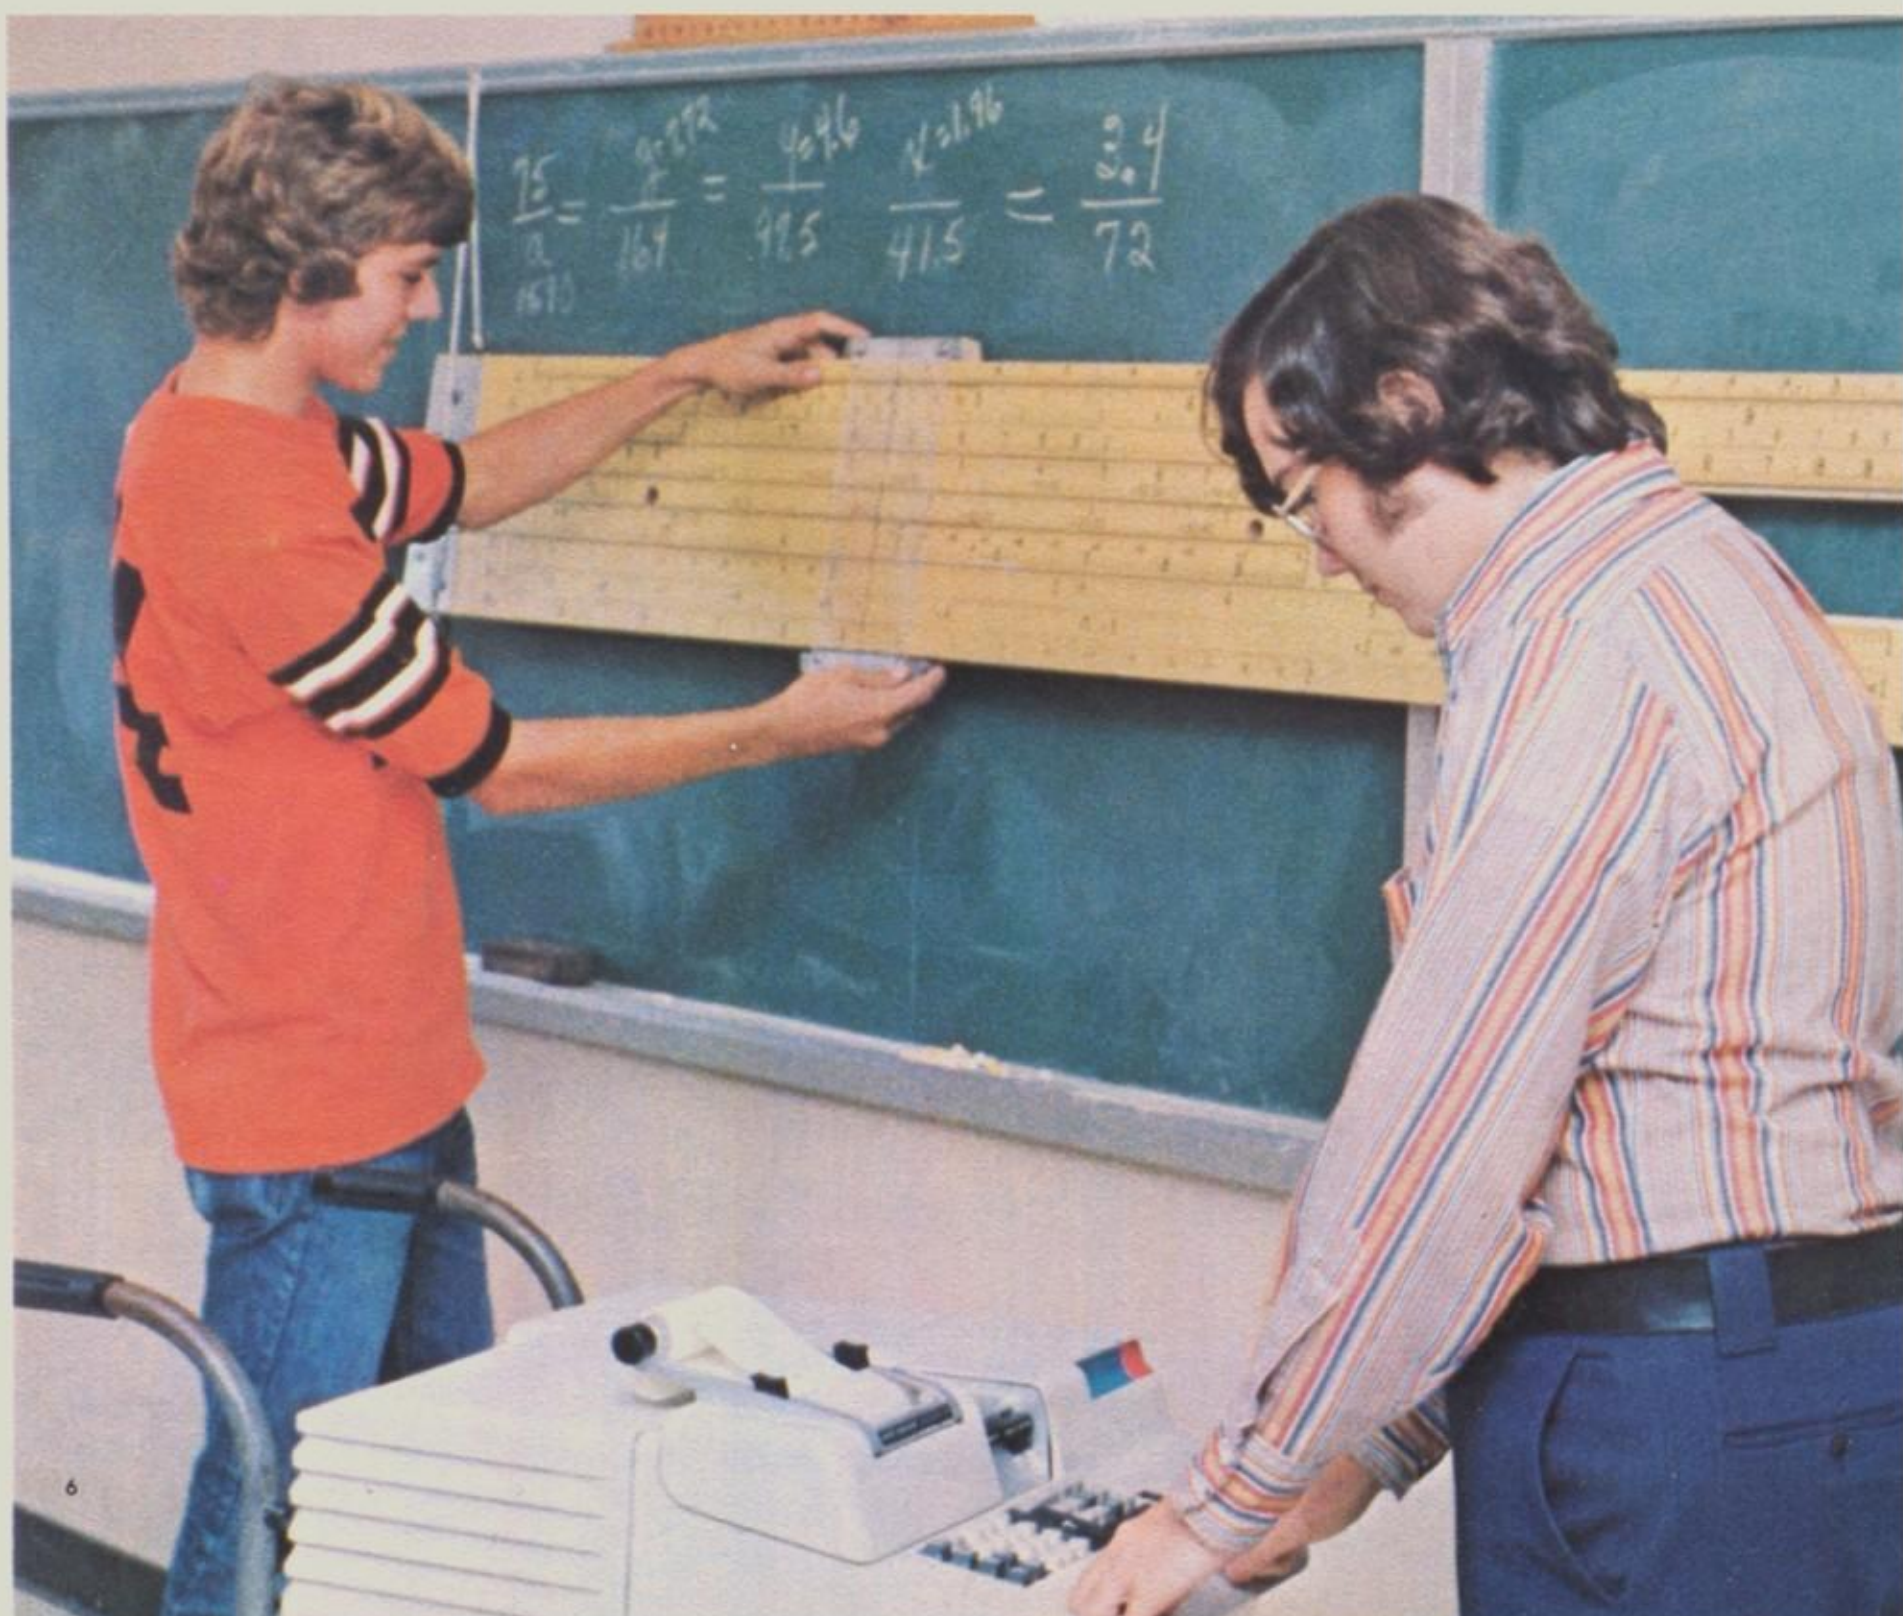

Many people are asked to bend their values or themselves, and often find the change both pleasing and desirable. We must bend our position in life to include the rest of the world, yet at the same time never become so caught up in the merry-go-round that we become all "bent out of shape".

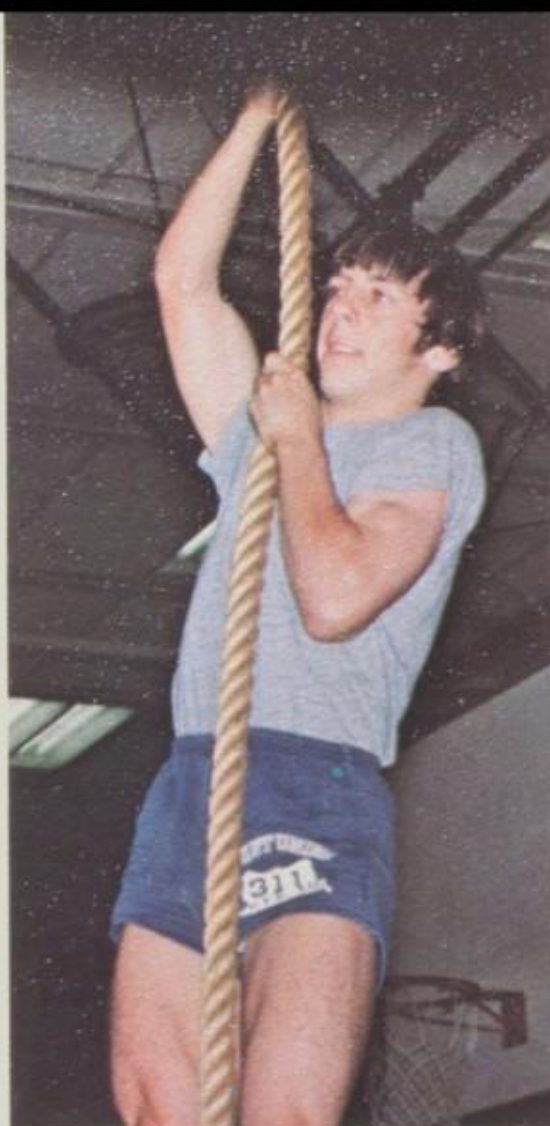

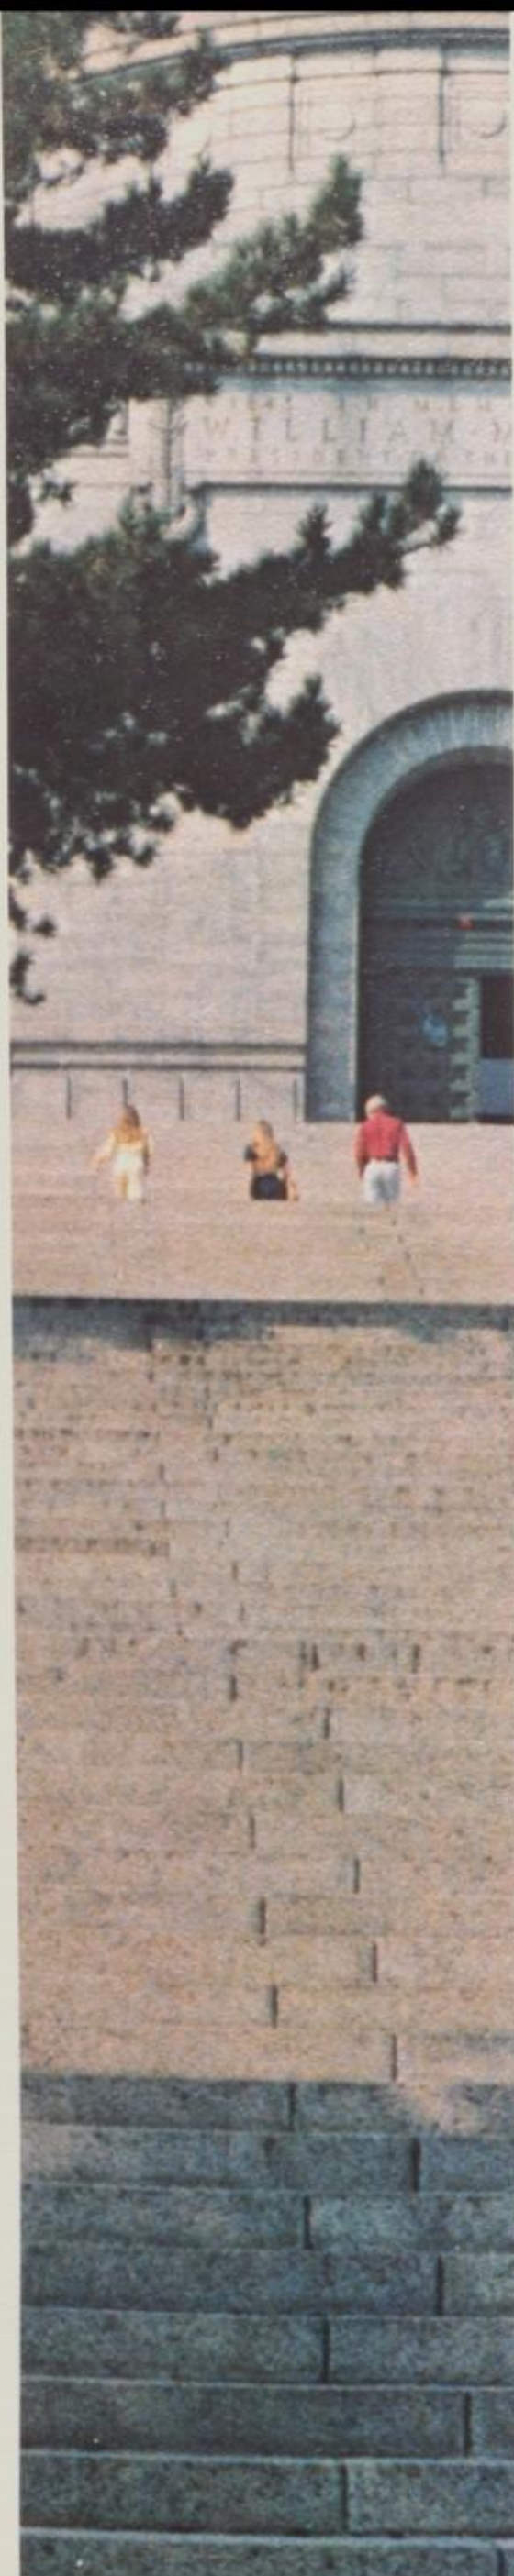

WHEN I LEARN
I MAY BECOME A

Counter . . .

*A counter and collector of friends
is far from wise,
Yet being a friend is everyone's
wealth.*

Day after day we must face a world of facts, figures, and monetary symbols. We count the number of days until Christmas, we count money, we count the minutes until splashdown. When do we count our blessings? How many times do we realize that people are depending on us just as we are counting on them? A pessimist keeps constant tabs on the bad things in life. Let us be optimistic and count the many ways in which we may find happiness in life.

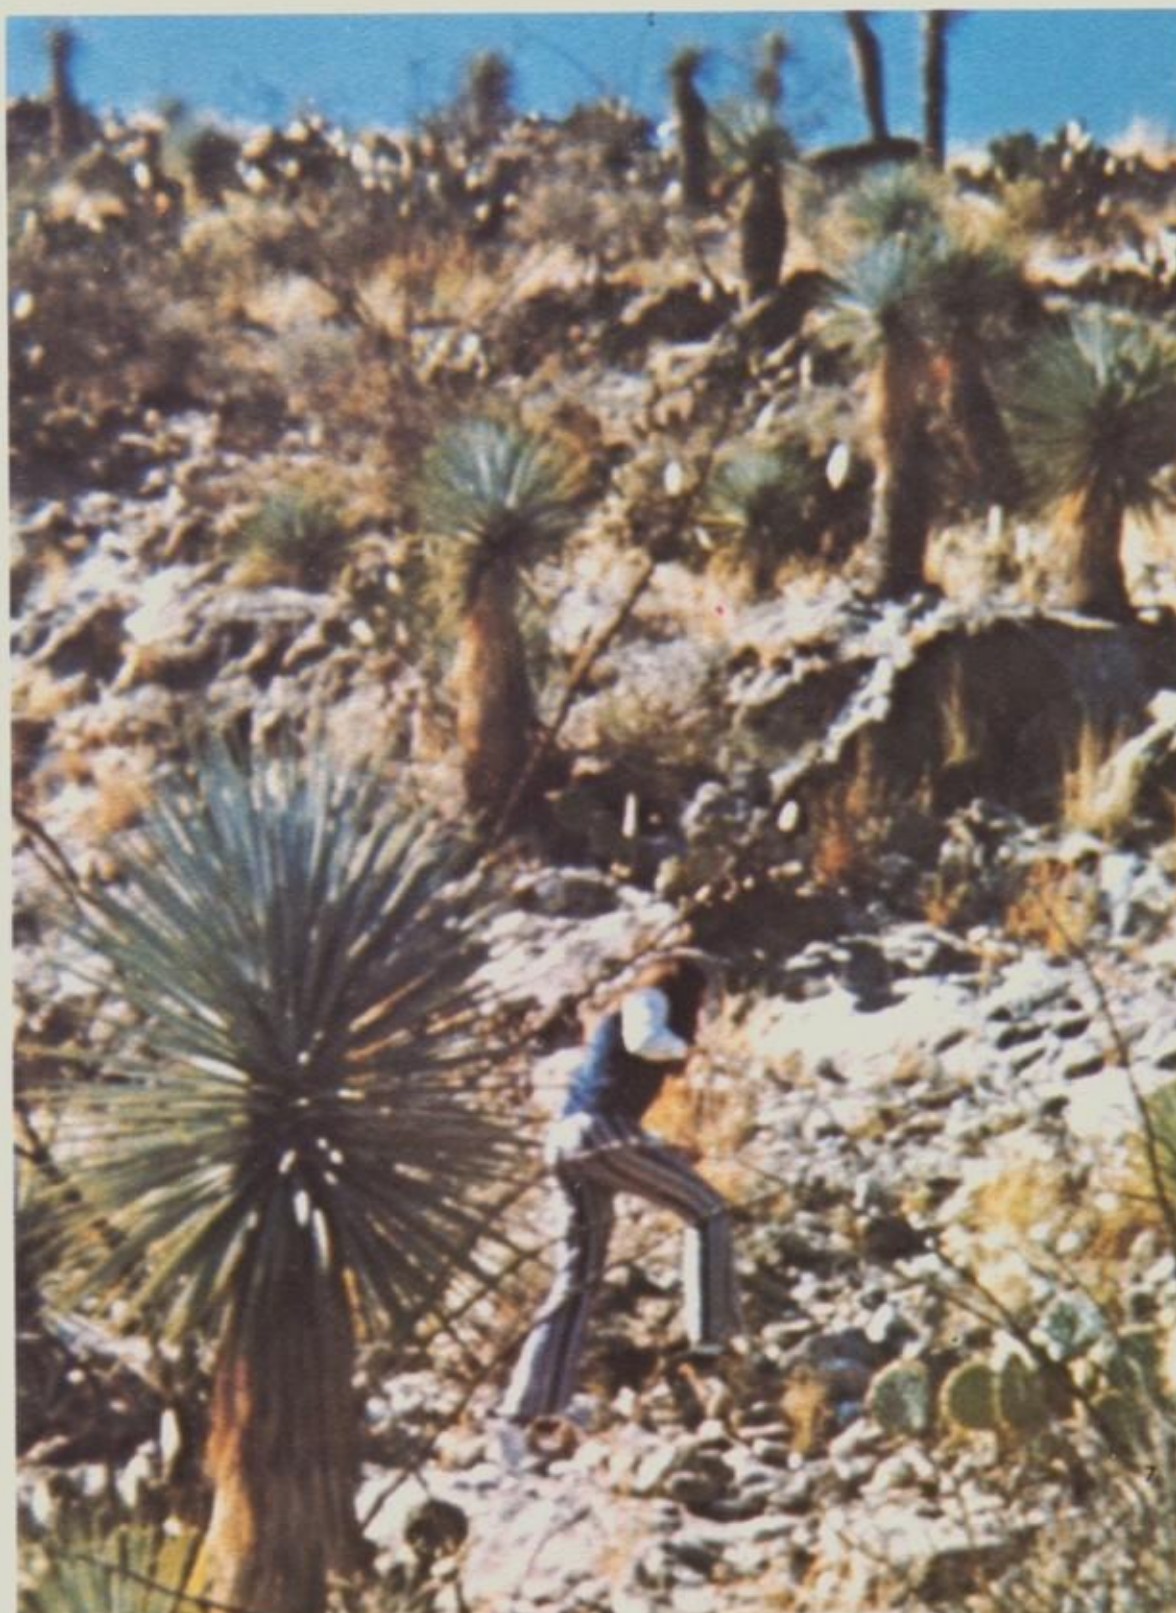

Surmounter

*"When things go wrong as they some-
times will,
When the road you're trudging seems
all up hill . . .
When care is pressing you down a bit
Rest, if you must—but don't you
quit."*

—author unknown

Just as we climb stairs and ropes,
so too do we attempt to ascend the
ladder of success. Life is filled with
ups and downs, and our accomplish-
ments reflect our persistence.

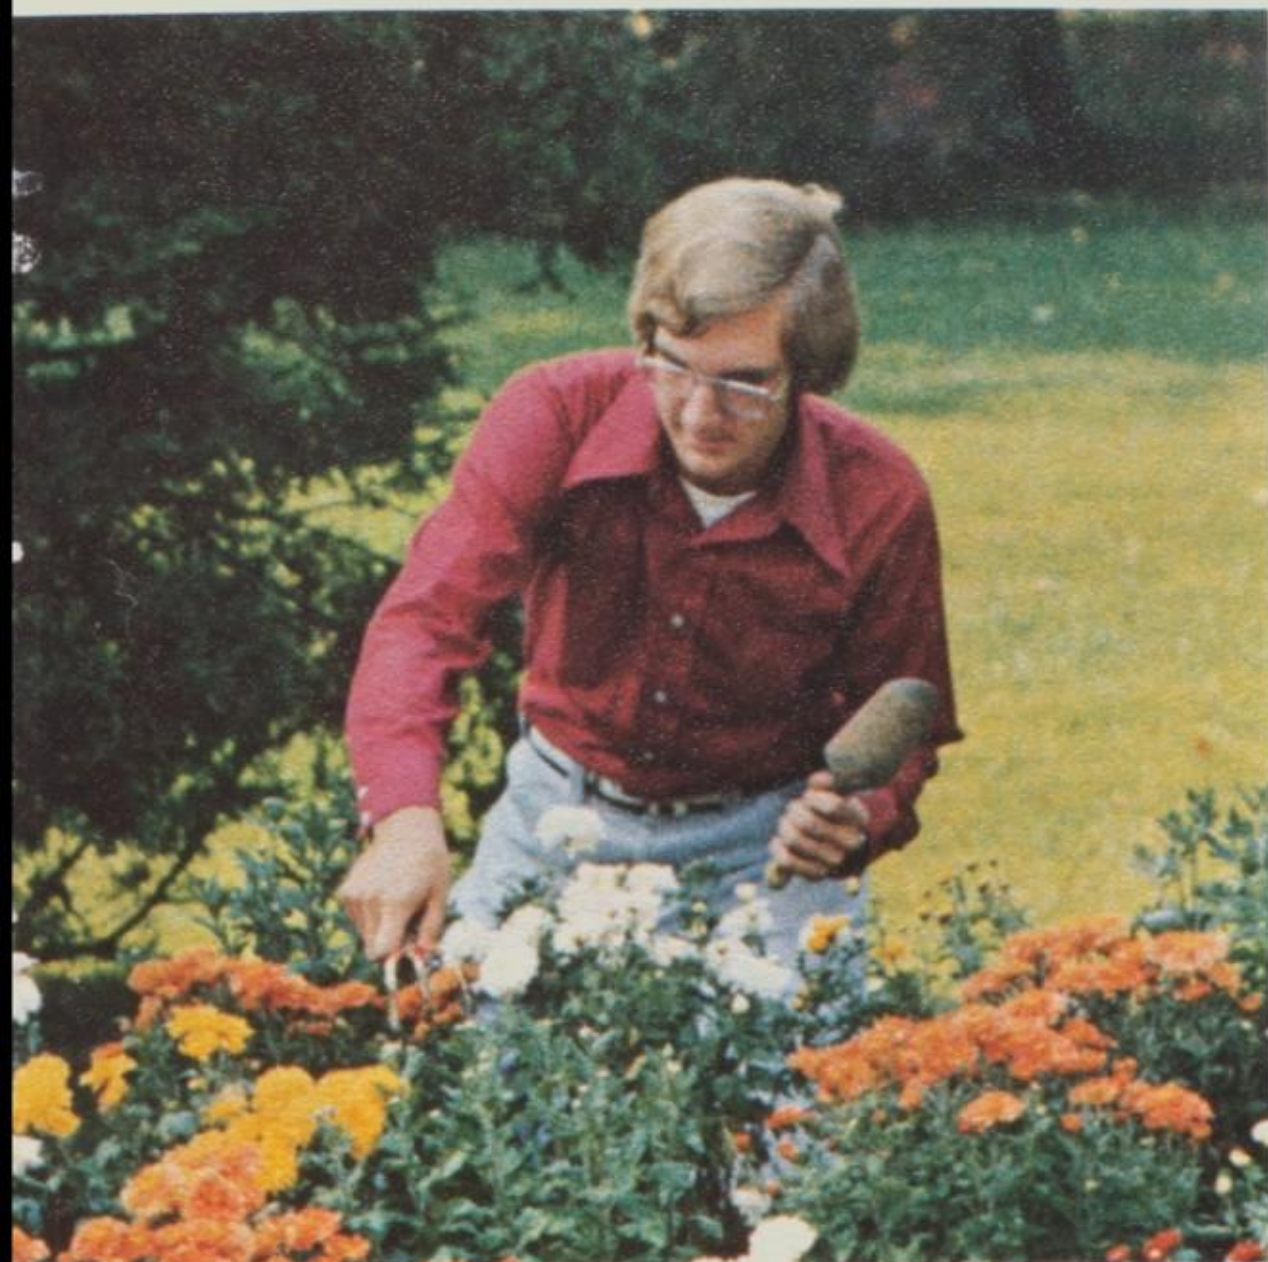

WHEN I LEARN
I MAY BECOME A

Leader . . .

*To be a leader one must have
strong will.*

Future generations will rely on us
for guidance. Now is the time to
learn to lead.

Seeder

*Sowing the seeds of care, hope, and
friendship
Are the self-acts of humanity.*

There is a seed inside us all—the seed of learning that grows and develops with a little care. Showers of experience and days filled with the sunshine of love will help us to broaden both our knowledge of ourselves and the world around us.

WHEN I LEARN
I MAY BECOME A

Tester . . .

*One of humanity's greatest tests
is the test of happiness.
You must live life to its fullest
extent
And love to the greatest capacity.*

Just as we test the water of a fountain, so too do we measure our personal integrity and ability. We are constantly observing ourselves and others, testing our skill and solving the most difficult of problems. Students are faced with scholastic tests while the brain teasers of life await them at their doorsteps. One must subject himself to testing if he wishes to learn. The experience of testing brings knowledge to the inner self.

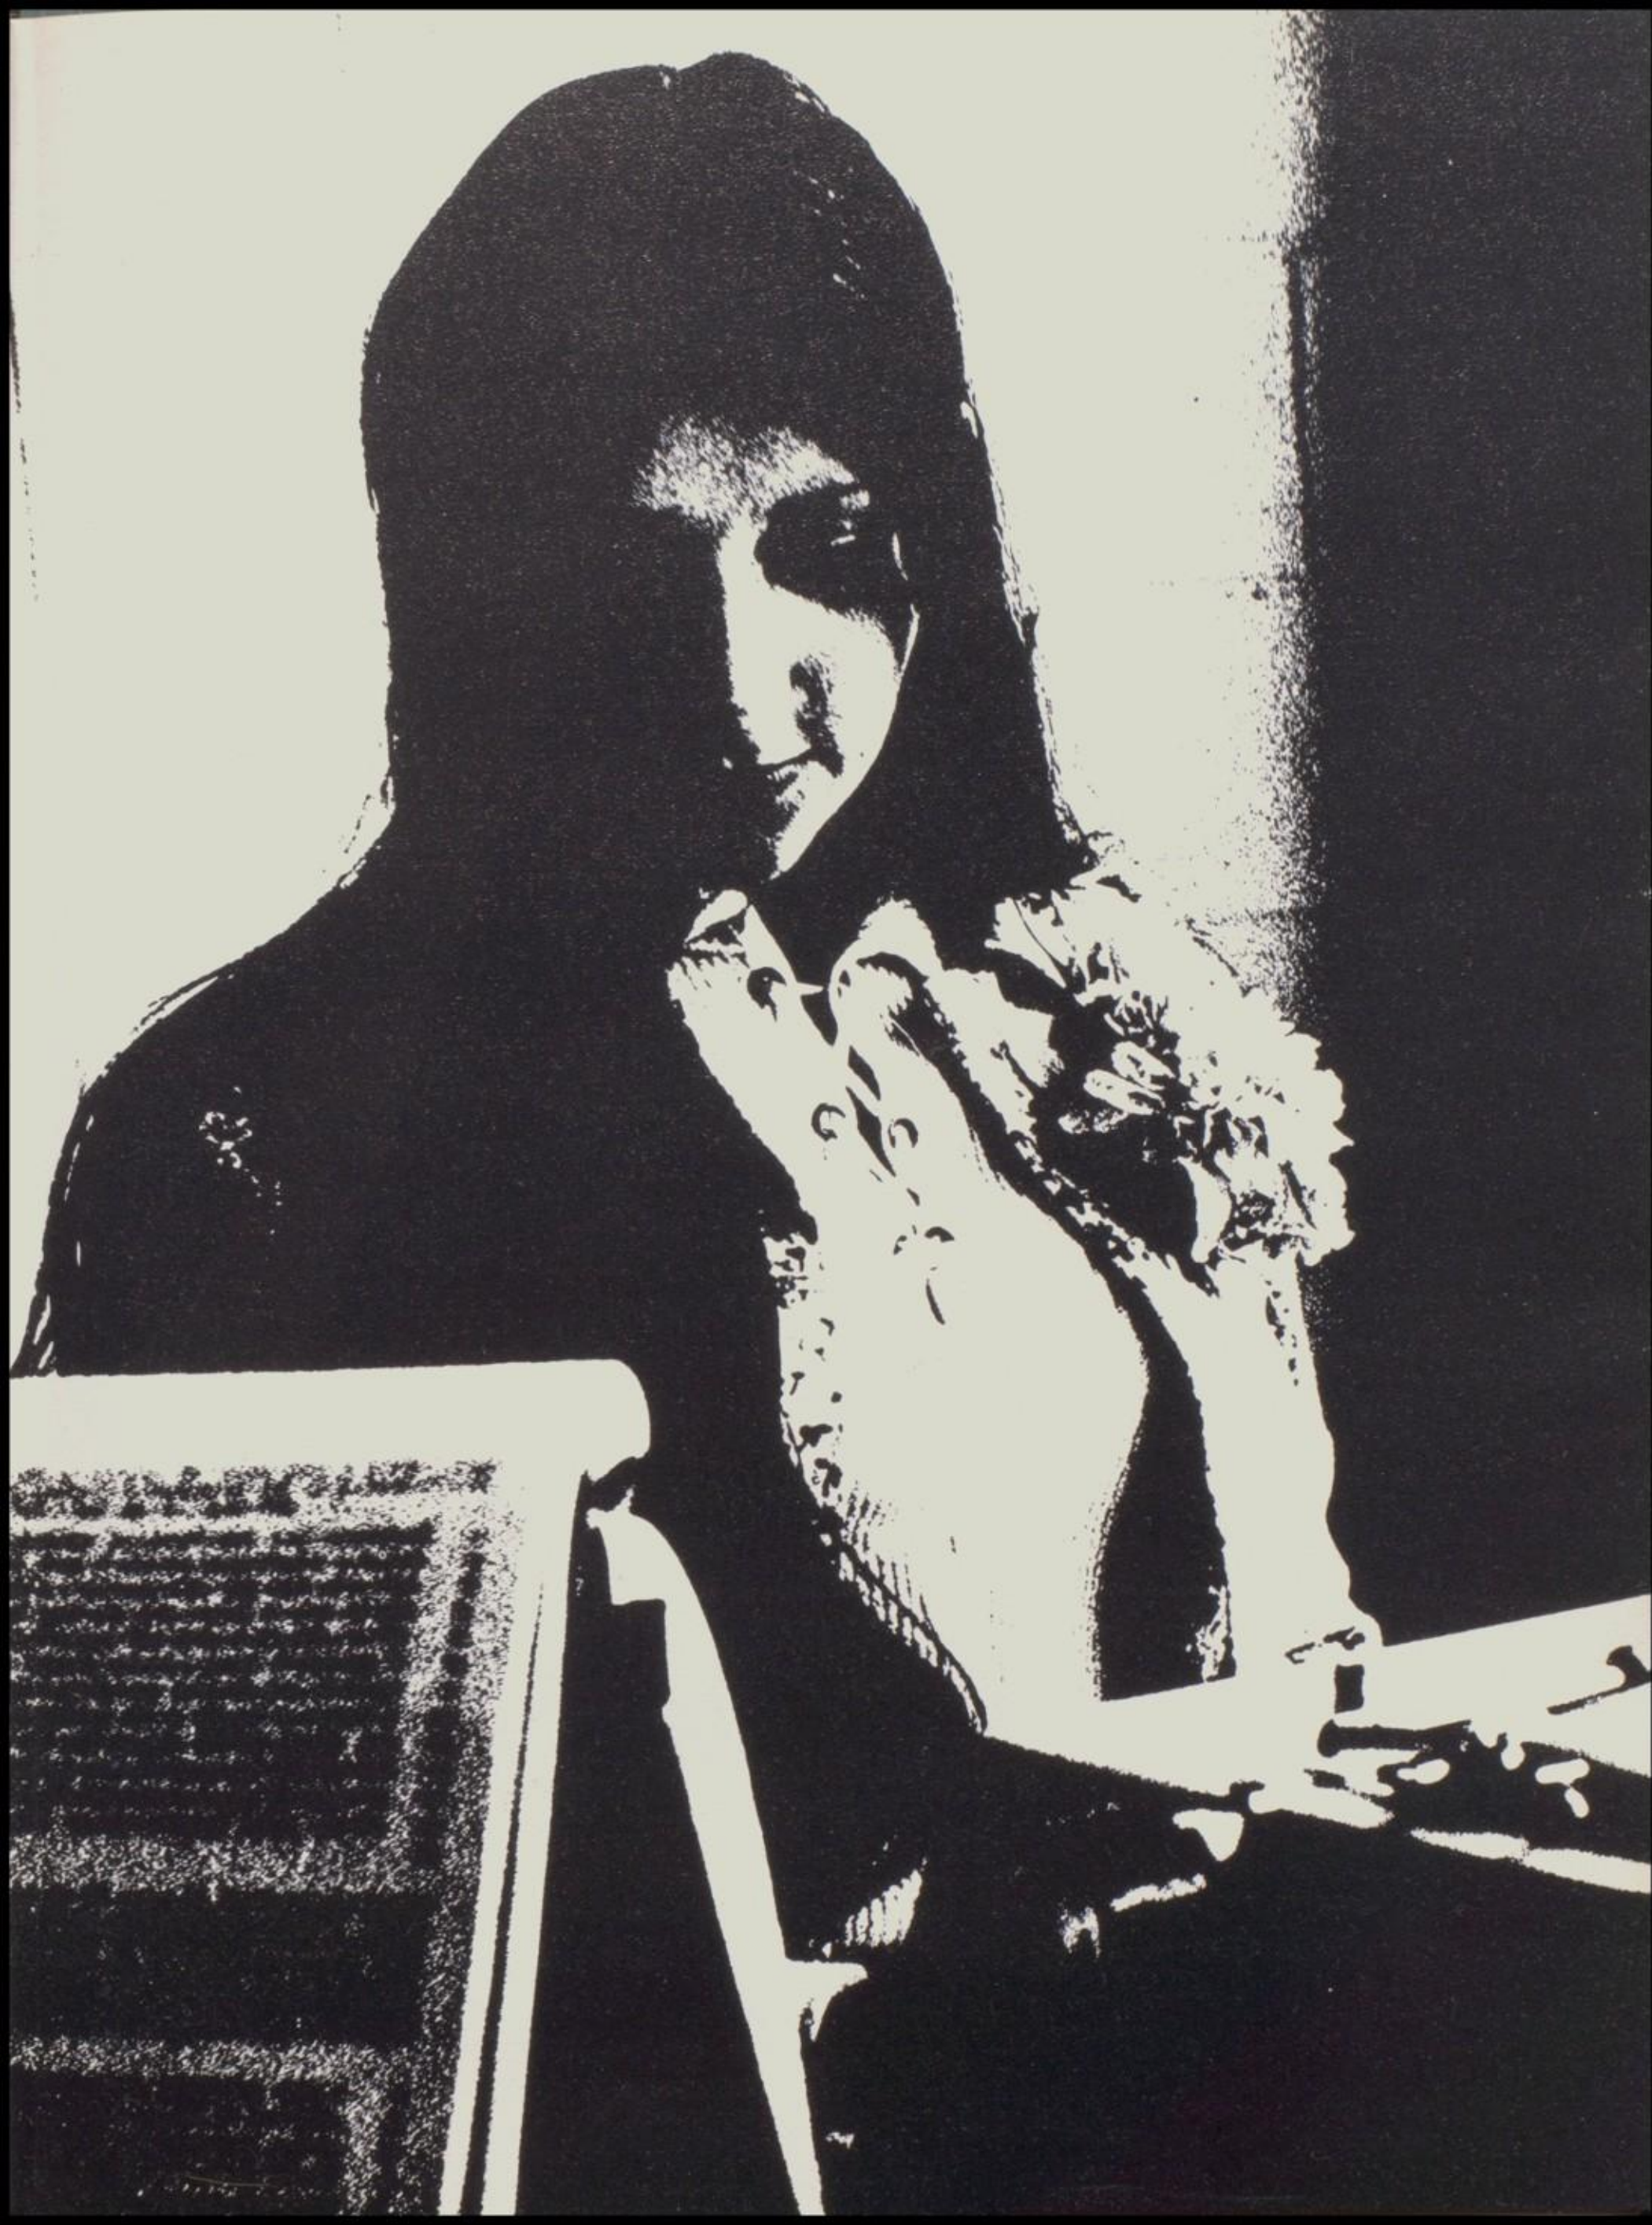

Dissector

*Dissection of things past and
long gone,
Are only the reflections of memo-
ries.*

Rivers wind through canyons, dis-
secting land upon their banks. We,
at the same time, vary our interests
and take things apart in order to ac-
quire more knowledge to benefit
him through practical ways. Why
does something function as it does?
We question; we learn; we apply.

ACADEMICS

New Additions Improve Music

The additions of thirty-one new uniforms, a stereo system, and three multiple-percussion sets have been highlights in the Music Department. Two of the percussion sets are timtoms, composed of two drums, and the third is a timbale, consisting of three drums.

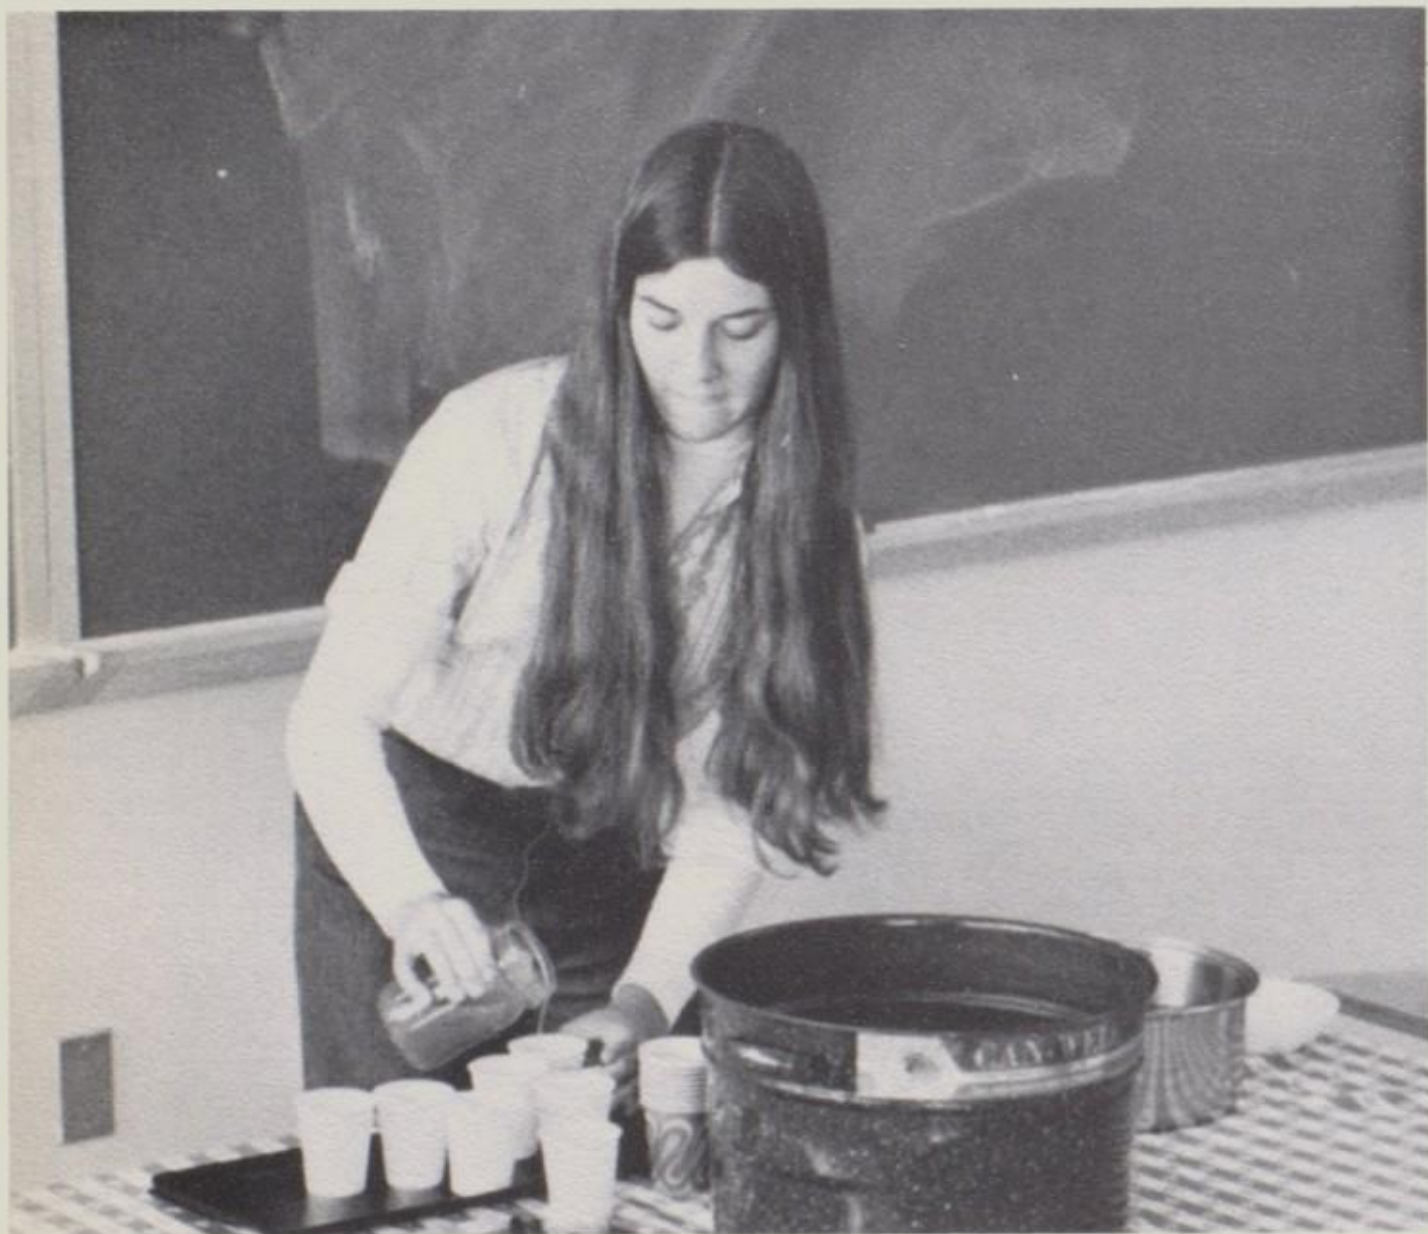

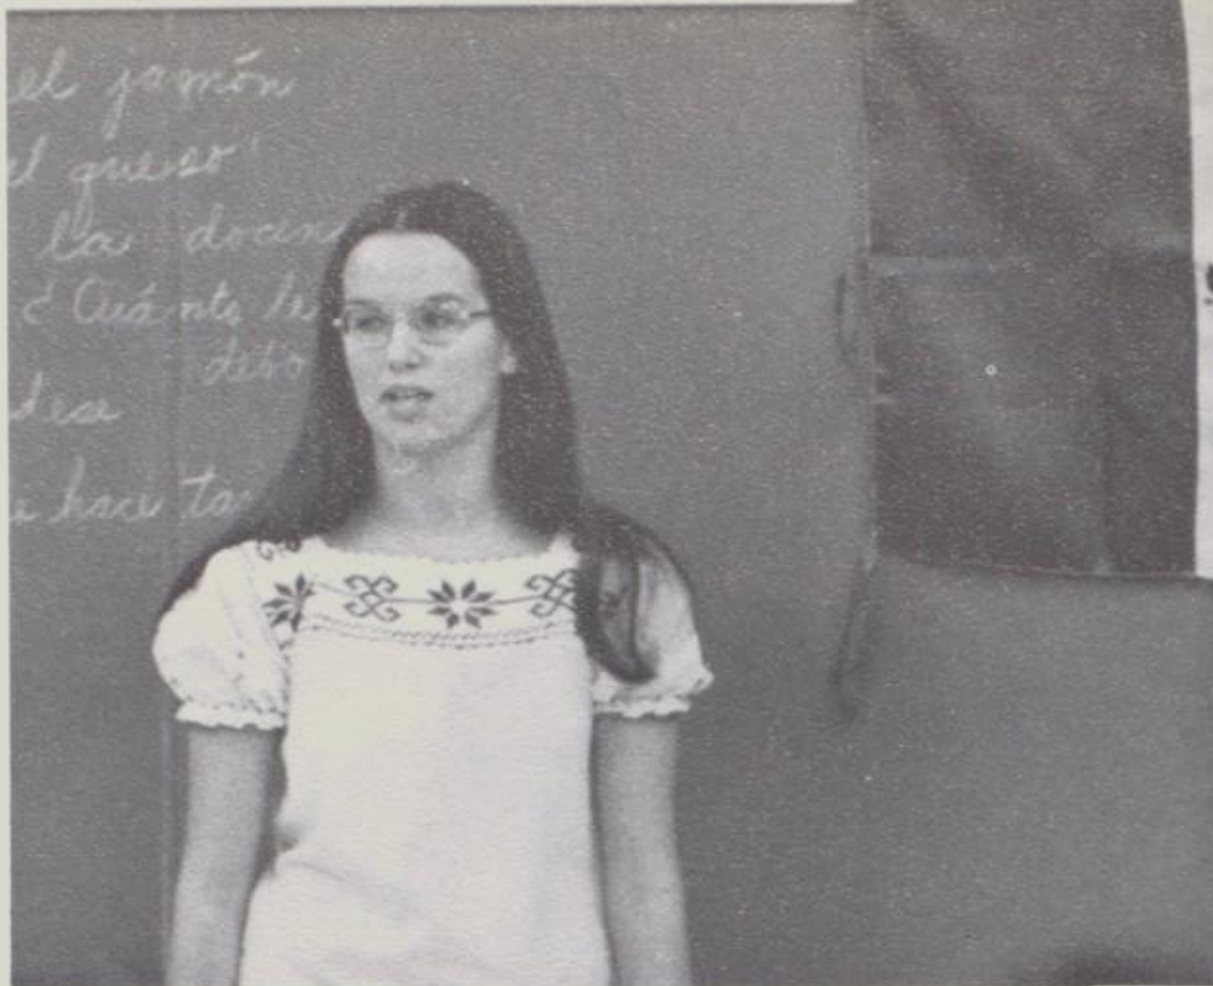

The choirs had their first performance in November, entitled "A Touch of Autumn", which featured the singing of the Sophomore Mixed Chorus, A Cappella choir, and the Hi-Lows. The orchestra, under the direction of Miss Durato, also participated in musical shows.

Right: Joan Pujazon, home from a year's stay in Mexico, talks about the origin of that country's flag. *Far Right:* German students look on while Mrs. Ream familiarizes them with the words of a German folk song. *Below:* A demonstration on the preparation of tomato juice is done by Denise Hopper for fellow speech students. *Center:* Dr. Robert Canzoneri discusses poetry with English students.

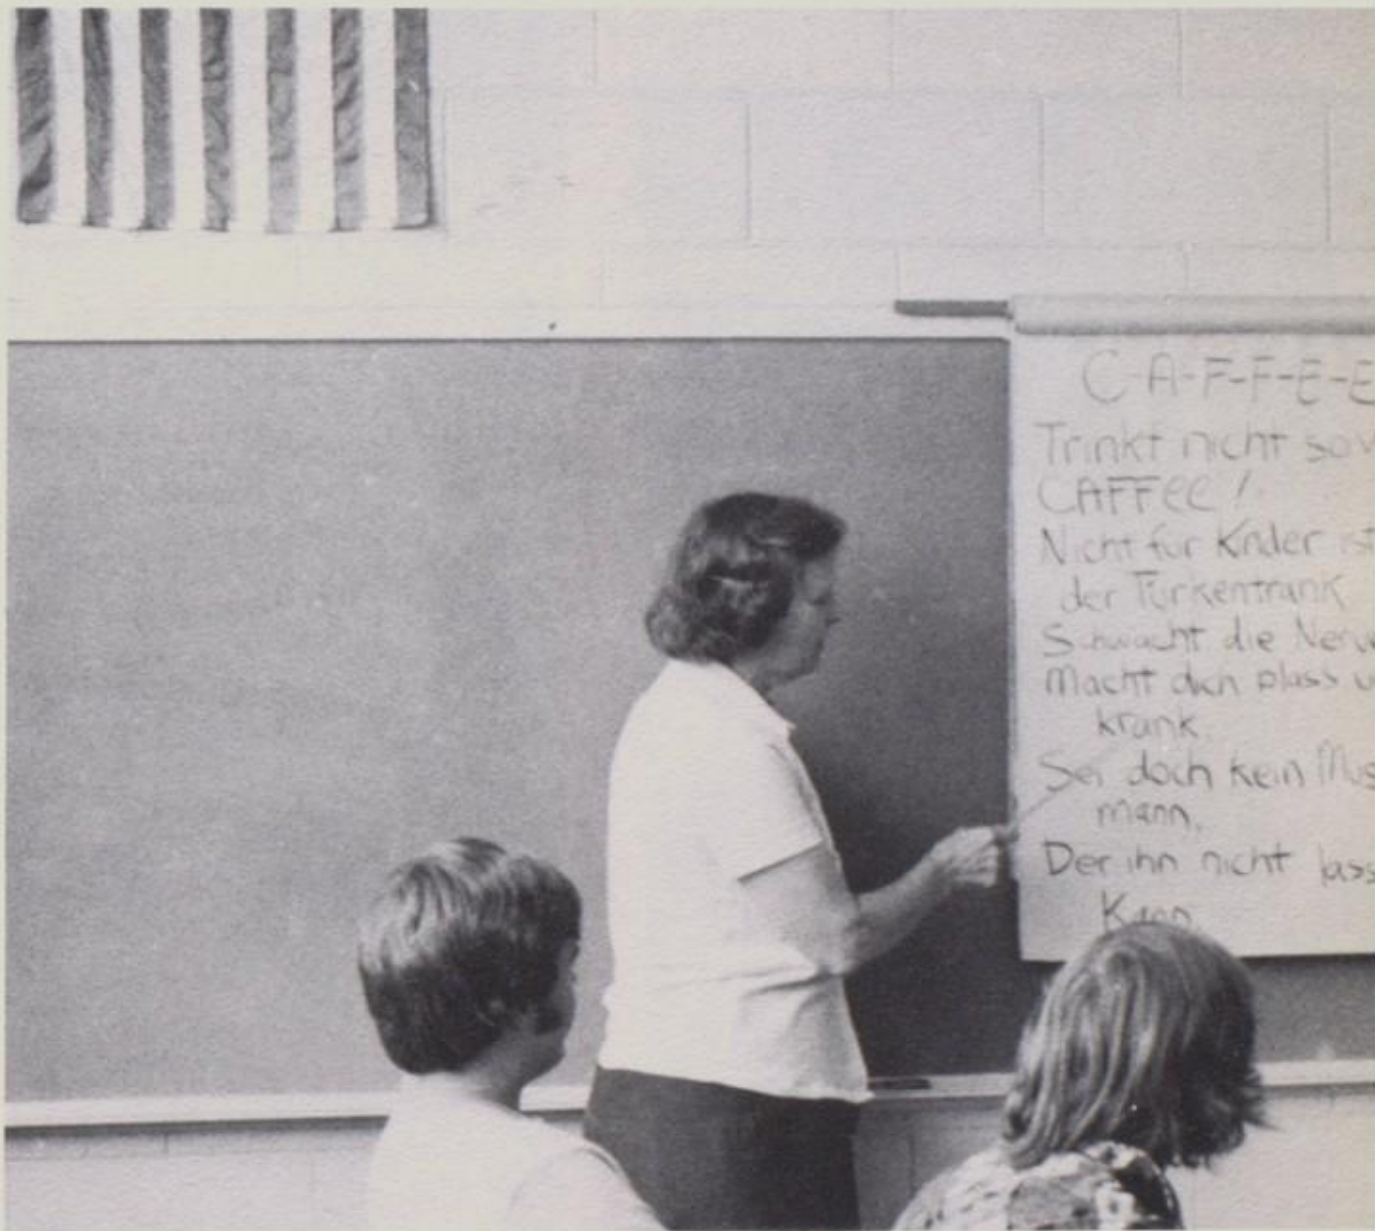

Changes Make Classes Interesting

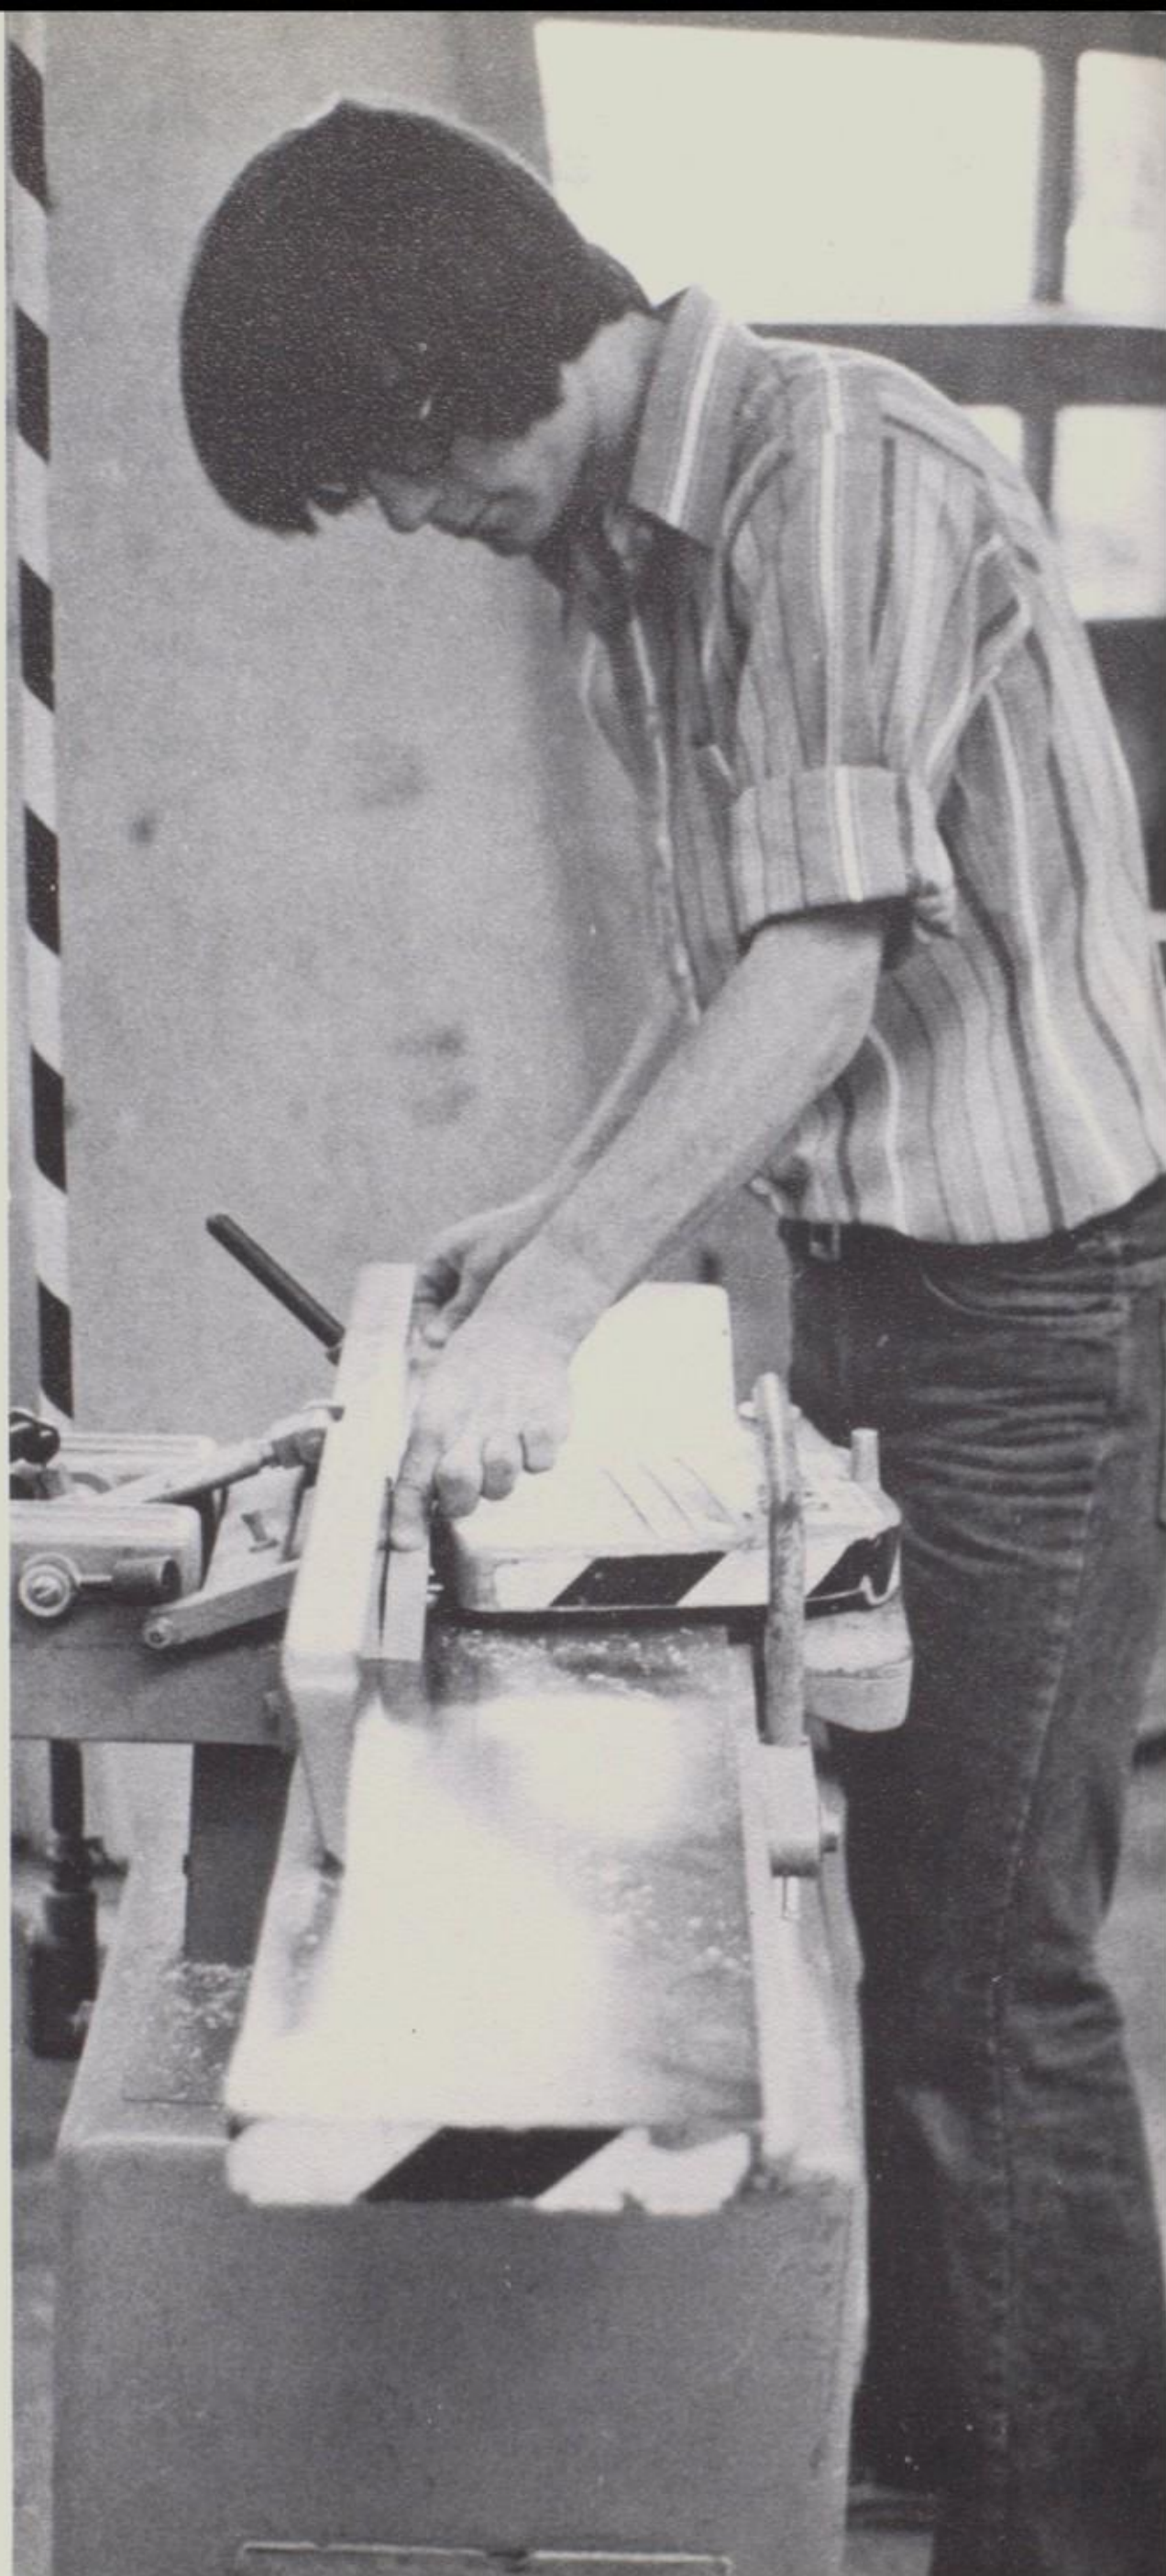

Dr. Robert Canzoneri was the first visiting poet to speak at Hoover High. Senior Poetry students selected him from a list submitted by the Ohio Poet's Association. By studying the poems and hearing the speaker, students arrived at a better understanding of poetry.

Another innovative project was the production of "The Unfinished Breakfast," a film-making experi-

ence for Mr. Airhart's English class. The entire production was written, produced, and directed by students.

Mrs. Ream is pleased that the German III and IV classes are separate for the first time. She feels that this is to the benefit of the students. Mrs. Ream also said, "All the language teachers are pleased by the increased enrollment in higher levels."

Vo Ed Classes Build Street Car

The Industrial Arts classes combined efforts this fall to design and build a car in class. The designing was done by the vocational drafting classes, and the metal and machine shops did the actual building. In mid November, the work was begun to combine the better parts of a Volkswagen and a Corvair. The car was to be built to make it legal for street use. Under the supervision of Mr. Schoulty and Mr. McCauley, the classes learned to achieve a goal by working together.

Cartoons, Computers Add Variety

Mr. Palmer expressed enthusiasm for a new assignment he has introduced to his Art IV classes. This new feature requires each of the students to develop an original animated cartoon, which involves creating unique characters, composing a script, and producing and directing the film. The assignment is designed to provide the students with a better understanding of, and experience in working with film-making

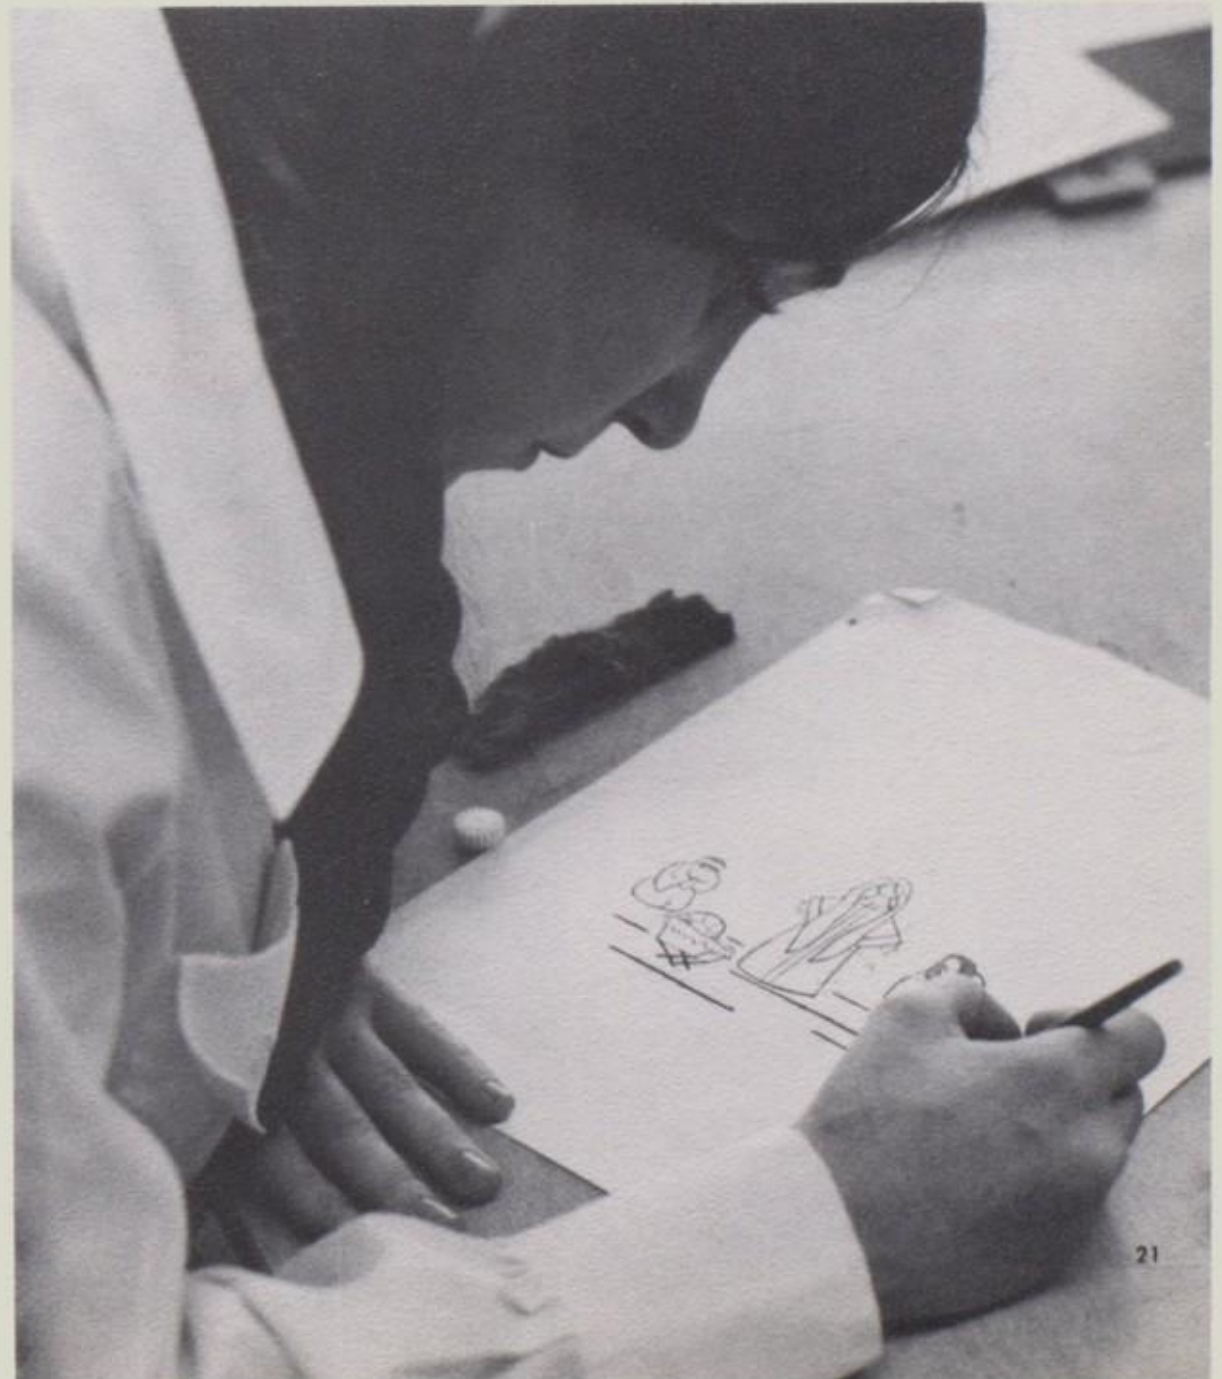

techniques.

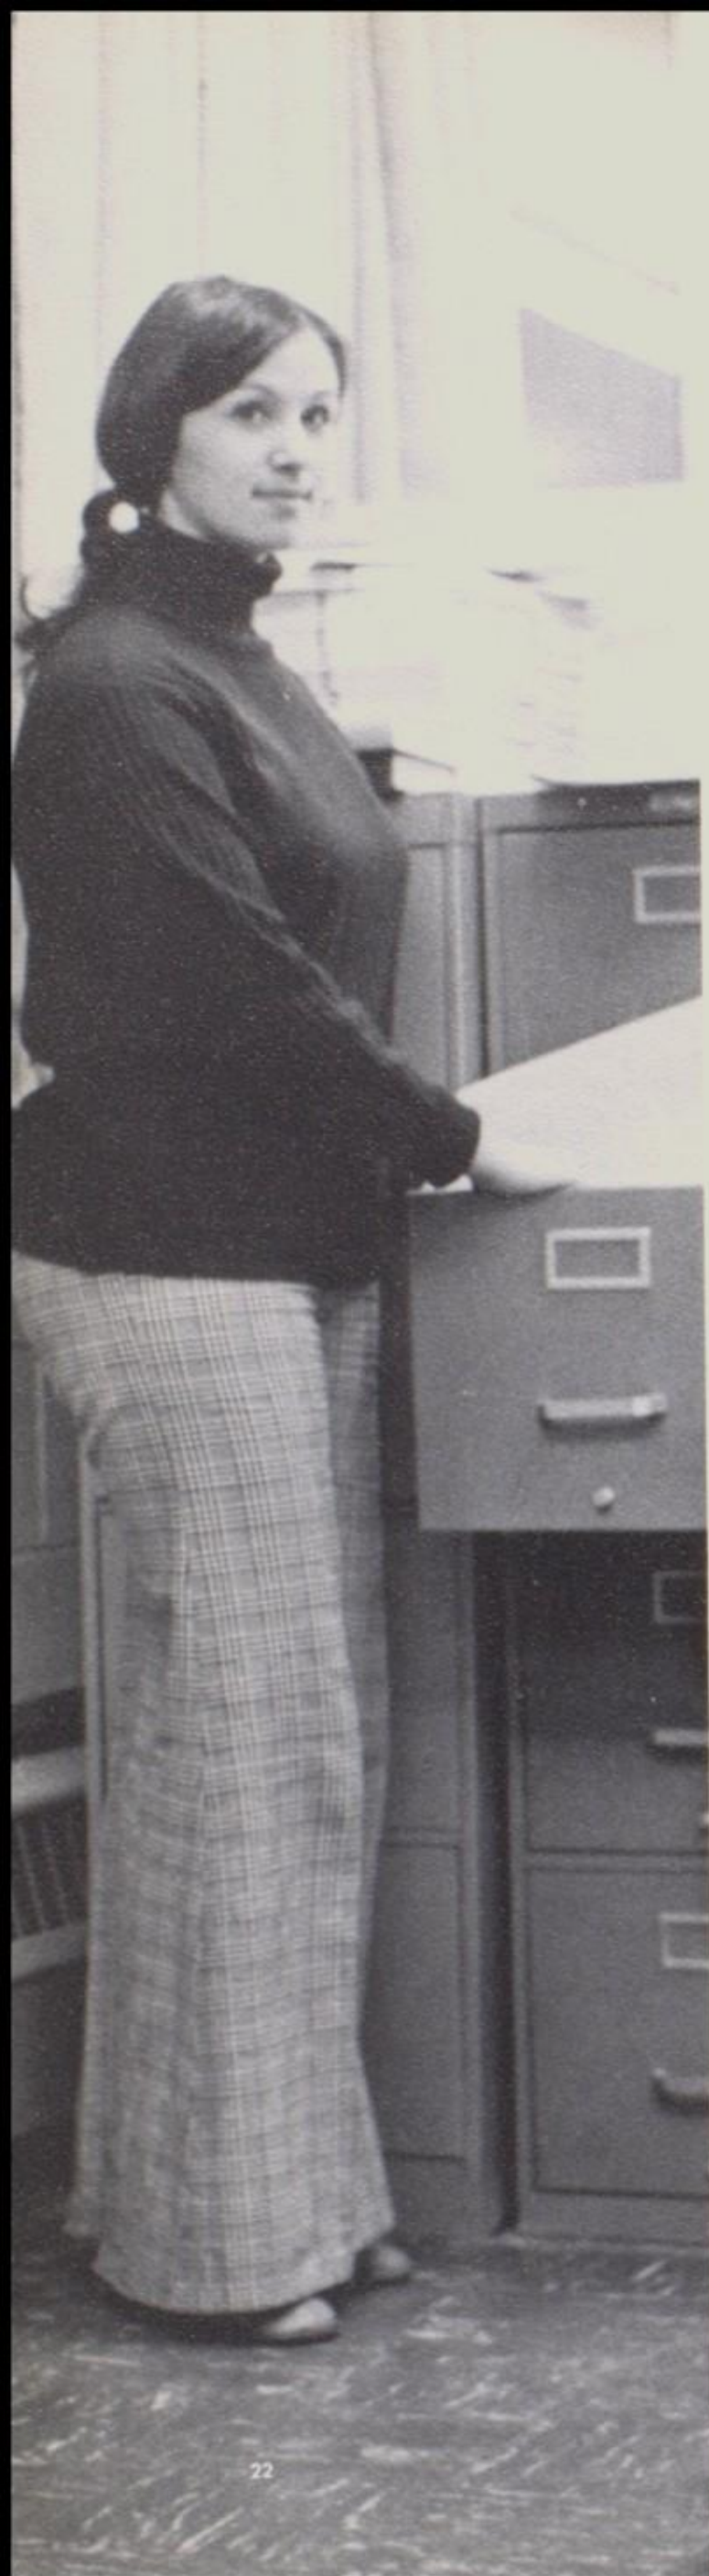

Several new additions have been made to the Math program, including two electronic calculators, a new computer, and a Math Seminar Course. The calculators and computer are being used to perform tedious computations formerly done by students. The Math Seminar Course was introduced to provide students with topics not covered in Senior Math.

Left: Scott Stricker finds the computer a great convenience in his work. *Far left:* Lisa Mylett and Kathy Miller seem to enjoy using the silk screen technique. *Center:* Mr. Parks demonstrates a new form of geometry to Kevin Walsh. *Below:* Lori Yost finds that precision and patience are necessary for a good project.

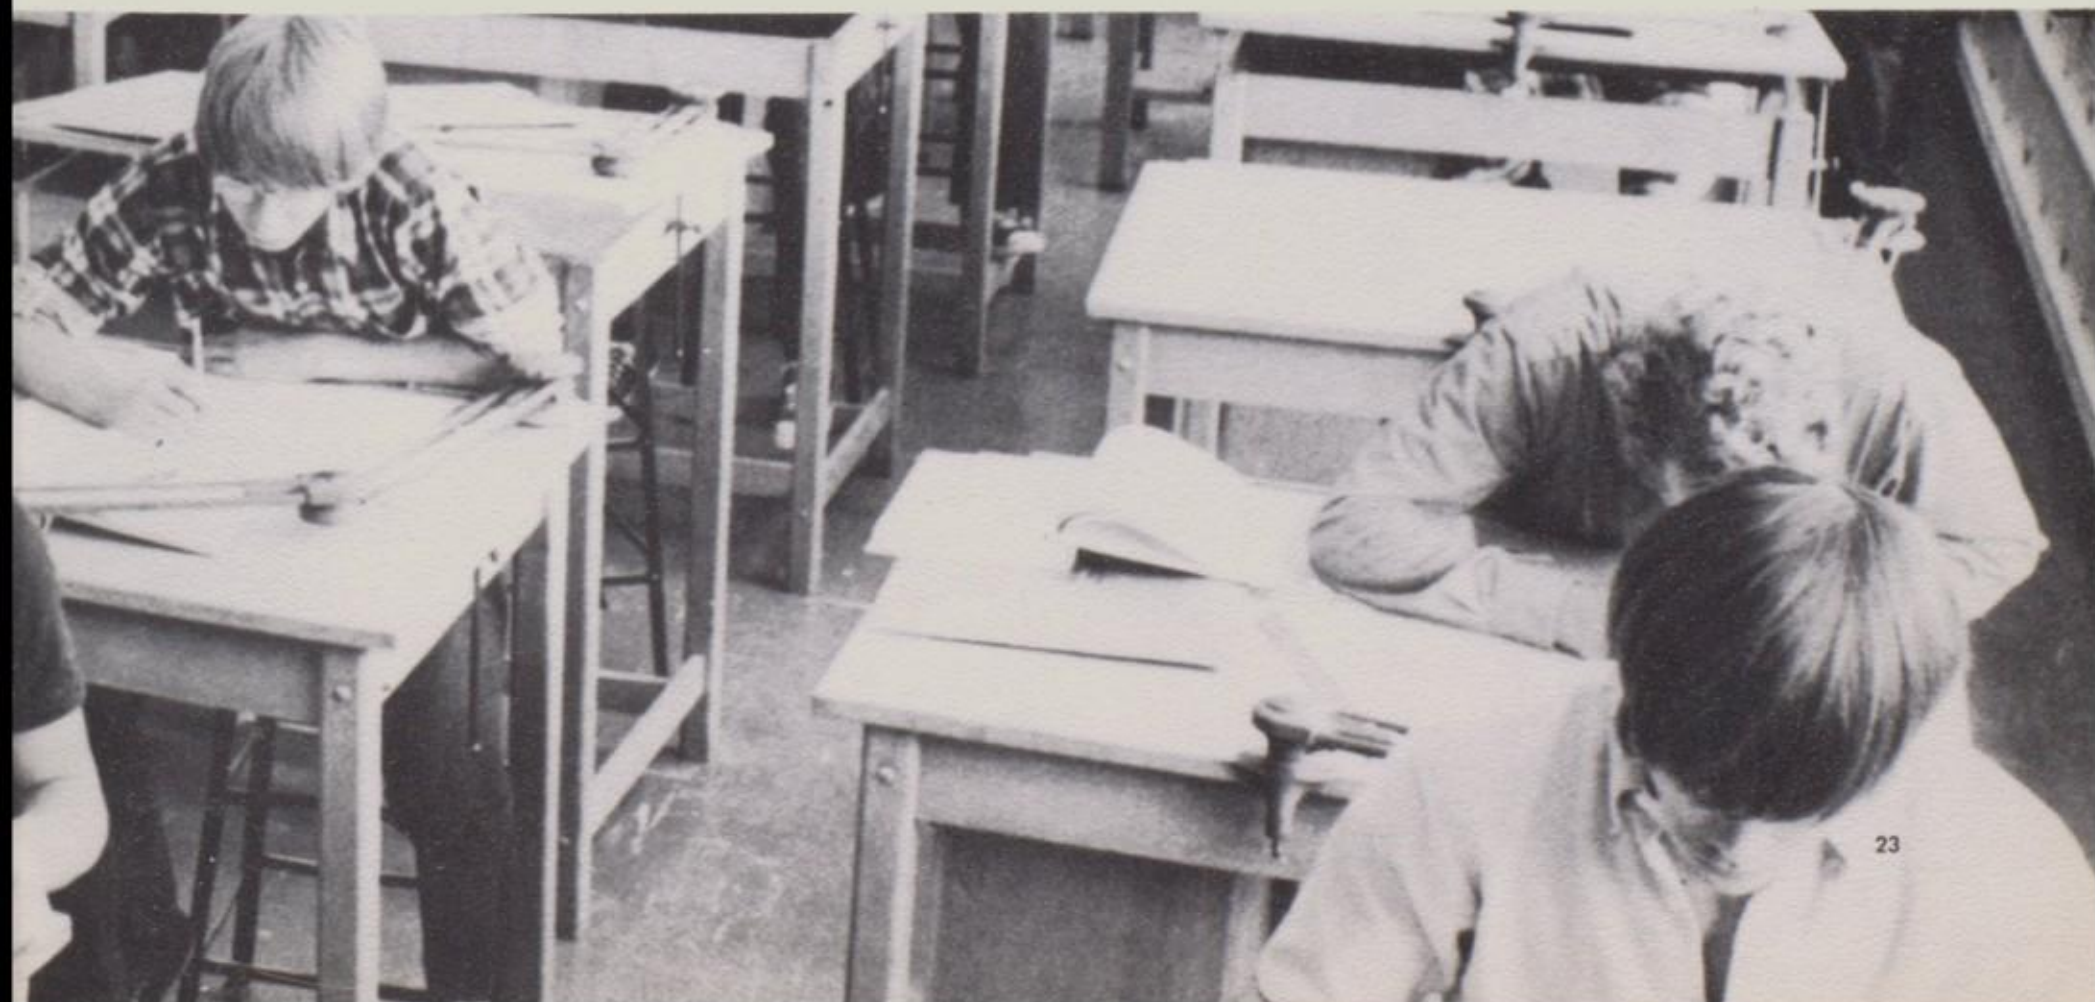

Students Received New Aids In Learning This Year

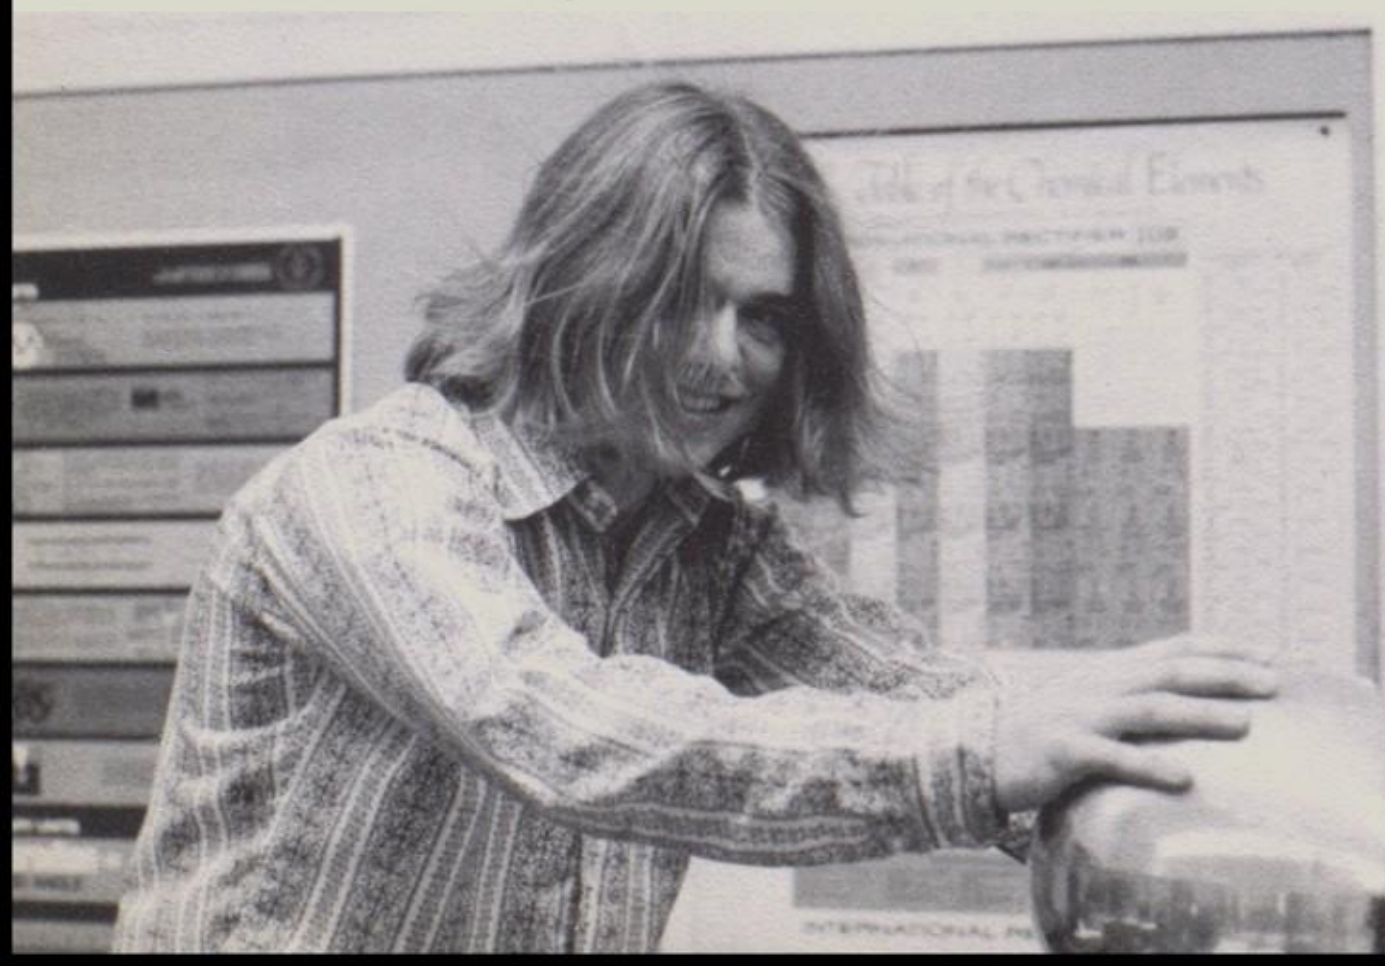

The secretarial and clerical classes received a better understanding of business machines and skills with the help of several new additions. The business department obtained a mimeograph machine, three electronic printing calculators, and three electric adding machines. Typing I classes used a new text, *Century 21 Typewriting*, to expand their knowledge. The junior secretarial classes

have a club within their time block to help build the girls' characters.

Twenty-five students were enrolled in this year's Diversified Cooperative Training program. In addition to studying about and receiving on-the-job training in industrial or health occupations, psychology was also taught in the classroom.

Far left: Senior Debbie DeMatteis learns that being highly organized is one of the necessary requirements in disciplining oneself toward the goal of successful clerical occupations. *Left:* Candy Duplain, the female novice in the vocational drafting class, demonstrates that a woman is as capable of learning the methods of running the printing press as any man. *Below:* Seniors Pam Cugliari and Robin Brady, future business women, work at strengthening their secretarial techniques with the help of the shorthand lab. *Bottom:* Mr. Shoulty's students concentrate on learning the fundamental skills of the modern draftsman.

Ecology, Equipment Aid Science

With ecology becoming an increasingly important factor in society, biology teachers are beginning to devote more time to this subject in their teaching. A speaker from the East Ohio Gas Company was invited to discuss pollution and environmental protection. Certain classes also held debates on related topics.

Mr. Hobe welcomed the addition of a top-loading balance to the chemistry department because of its

many benefits. Its most important asset is that it can weigh a chemical in a container and the weight of the container can be erased, registering only the chemical weight.

The Van de Graff generator provides an excellent opportunity for physics students to observe the effects of electrons. As electrons move from the generator to one's body, they move to the hairs, which then repel each other as a result of like charges.

Far top left: Phyllis Preston uses the new top-loading balance. *Far bottom left:* Brian Harrison proves that static electricity is produced by the Van Graff generator. *Center left:* In chemistry lab, Cindy Hoeh works to find the volume of water. *Below:* Mr. Dobson and Denny Coughlin demonstrate angular momentum and inertia and their effects on a rotating object. *Bottom:* The Himalayan doe and her litter became the center of attention in the biology classes.

"Course of Study Depends on U.S."

The government classes change a little every year. The 1973-74 school year found these classes discussing the government's position in the energy crisis and foreign affairs with Russia and China. Mr. Clarke stated, "A large part of the course of study depends on the changing scene in America."

In addition to a new text for some of the government classes, *Structure and Functions of Ohio Government*, the social studies classes used numerous new video tapes from related television programs.

Far left: Officer Lupe explains the narcotics display to an interested Terry Dollard. *Left:* Ann Lauritzen appears puzzled by a problem in world history. *Below:* After studying *The Constitution* in American history; Bob Haughtrip and Ann Griesinger visited City Hall, where Mayor Johnson shows them a card from President Nixon.

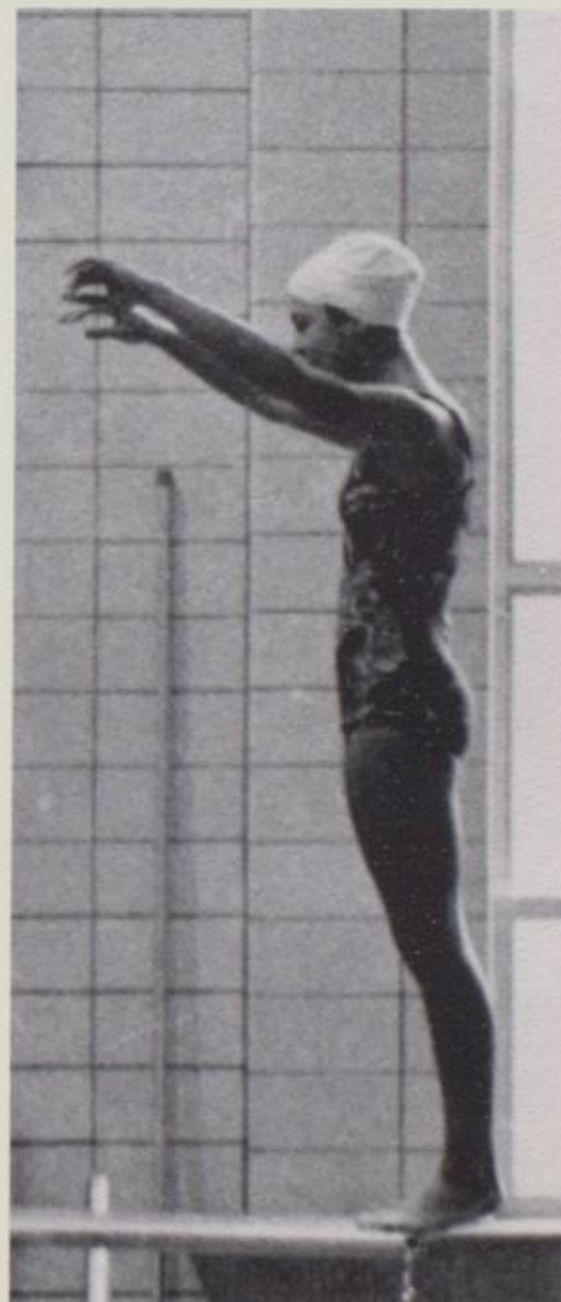

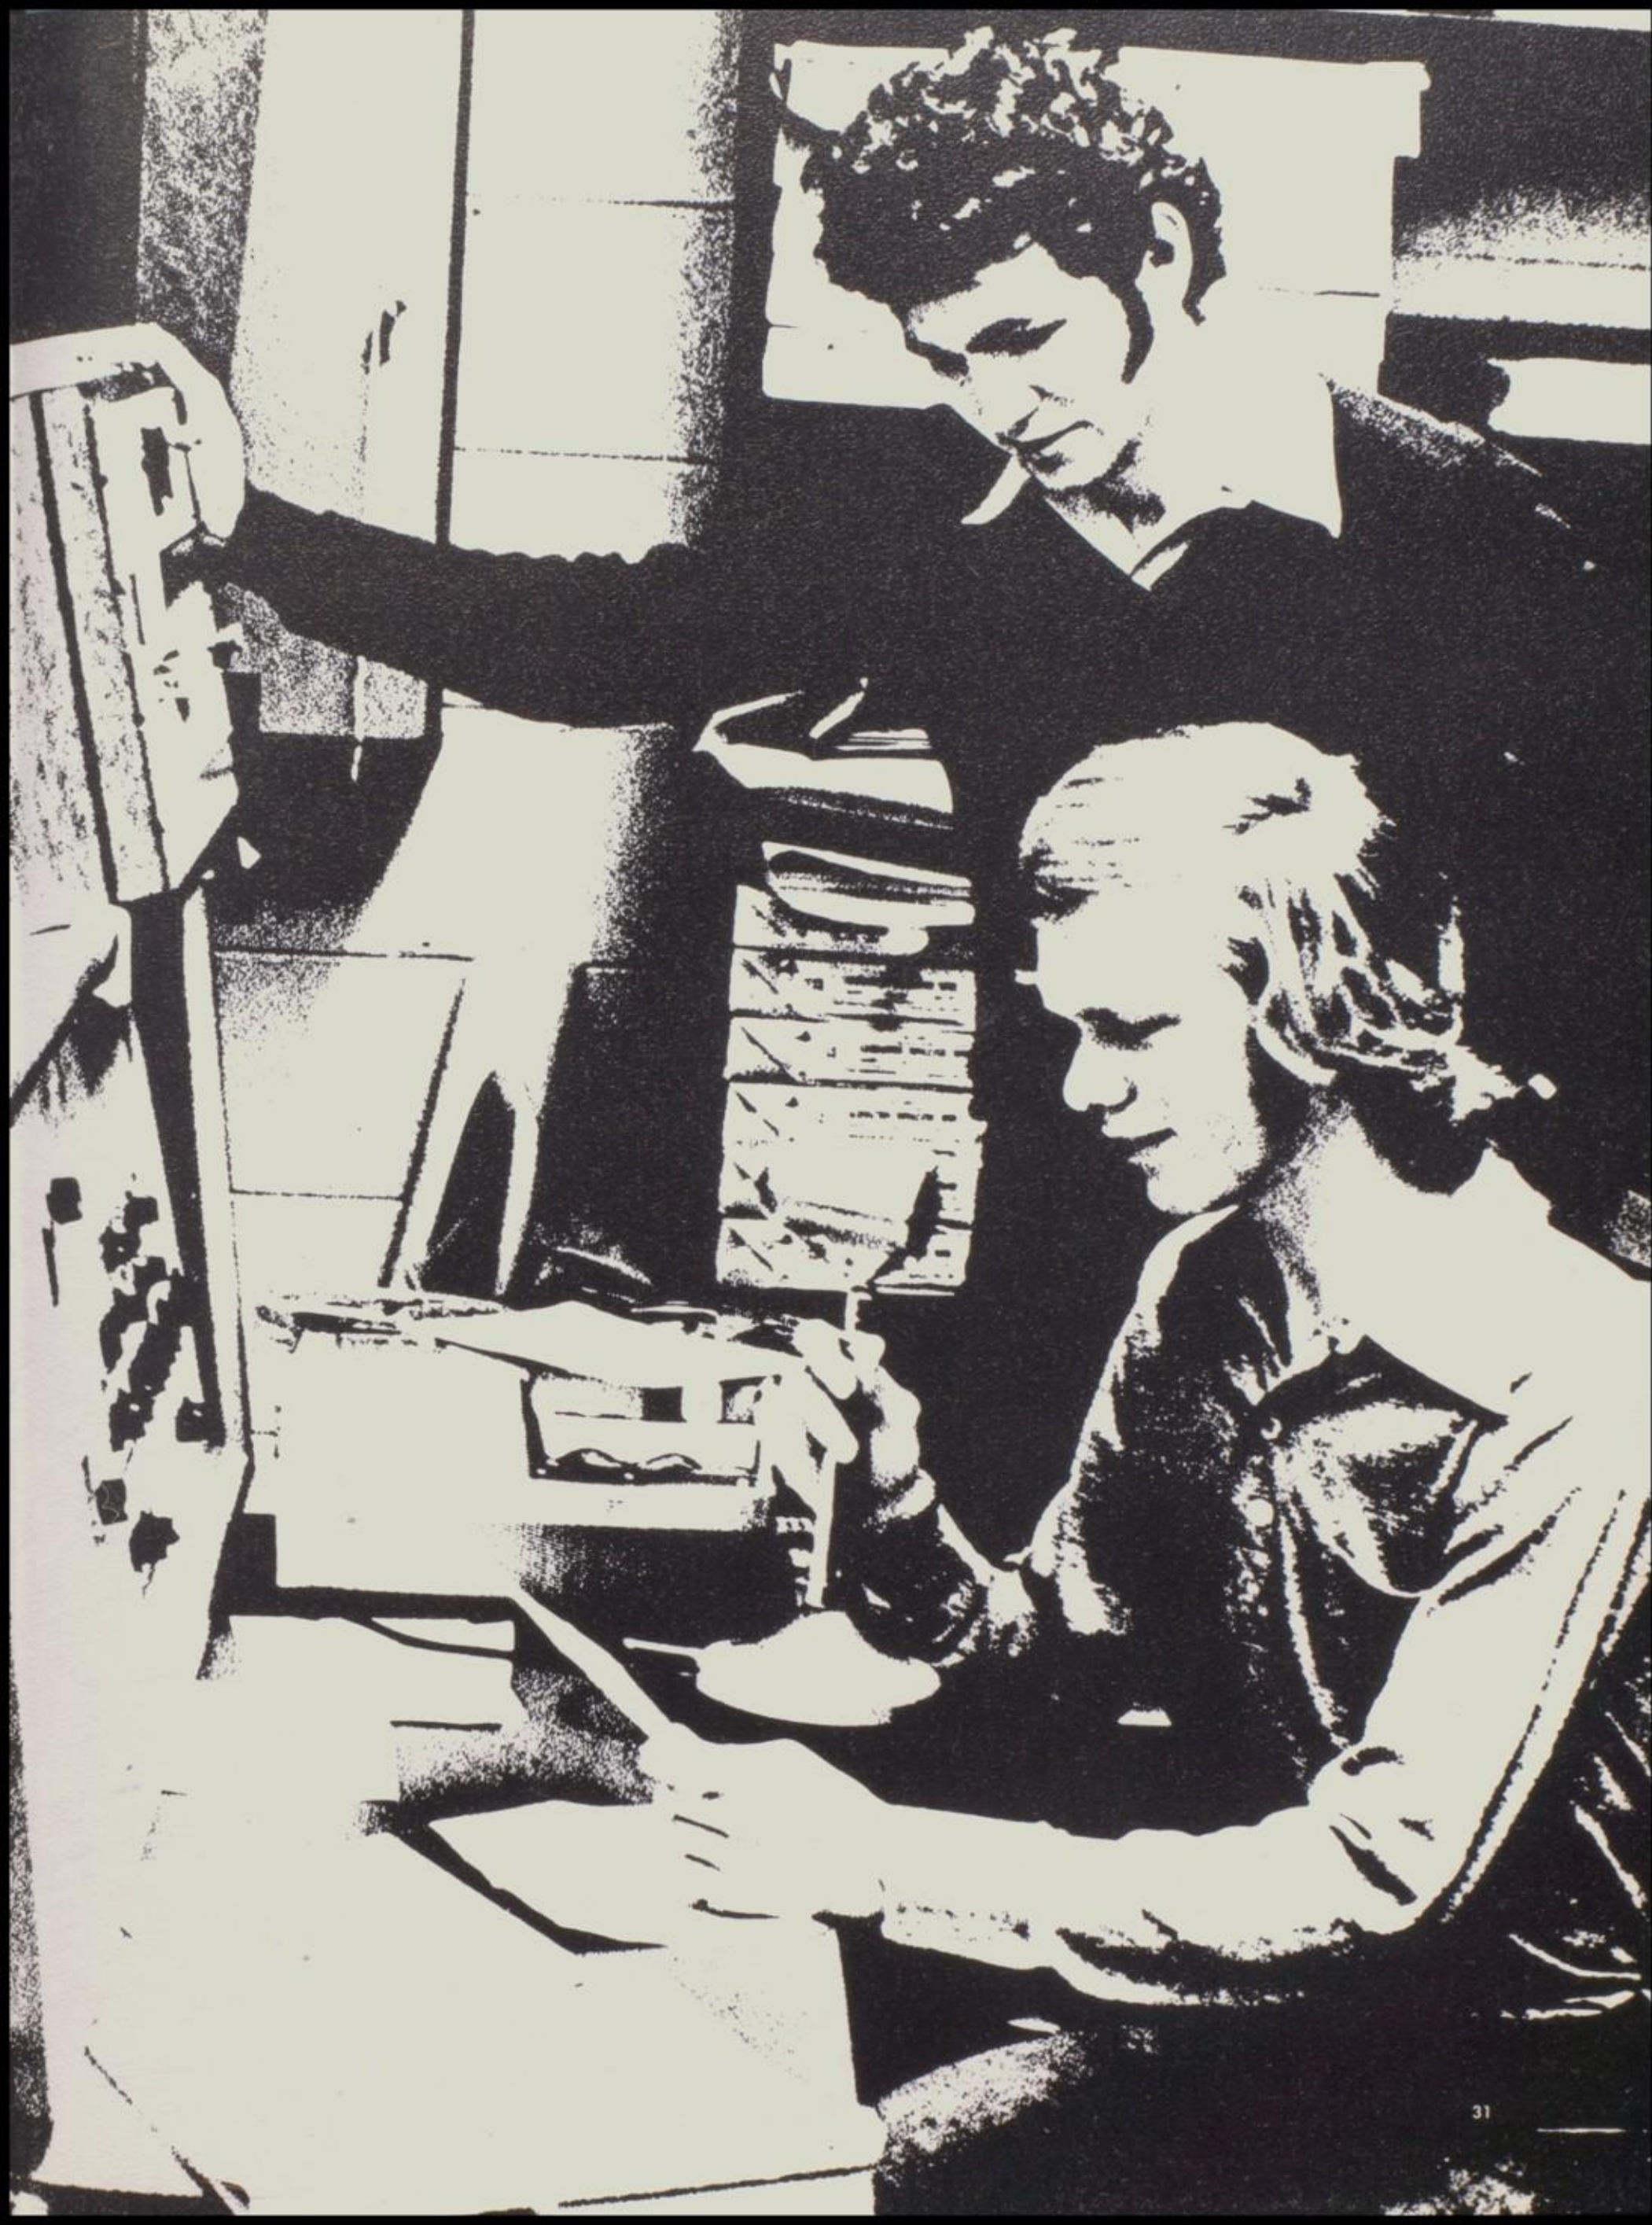

Individuality Is Stressed

The physical education program is keyed to developing the totality of the individual through promotion of physical fitness, social skills, and a sense of identity. In the girls' program, bowling has been added to the regular curriculum, which has made necessary the addition of new regulation equipment. No additions have been made to the boys' program, as Mr. Hertler feels his is a well-rounded program. His primary concern is that the boys enjoy physical activity.

Far left: Mike Maurer anxiously attempts a pass against a stiff defense. *Left:* Jeff Matthews seems to enjoy obtaining driver's skills in the simulator. *Below:* Stephanie Demos perfects her backdive in Mr. Morrison's swimming class.

STUDENT LIFE

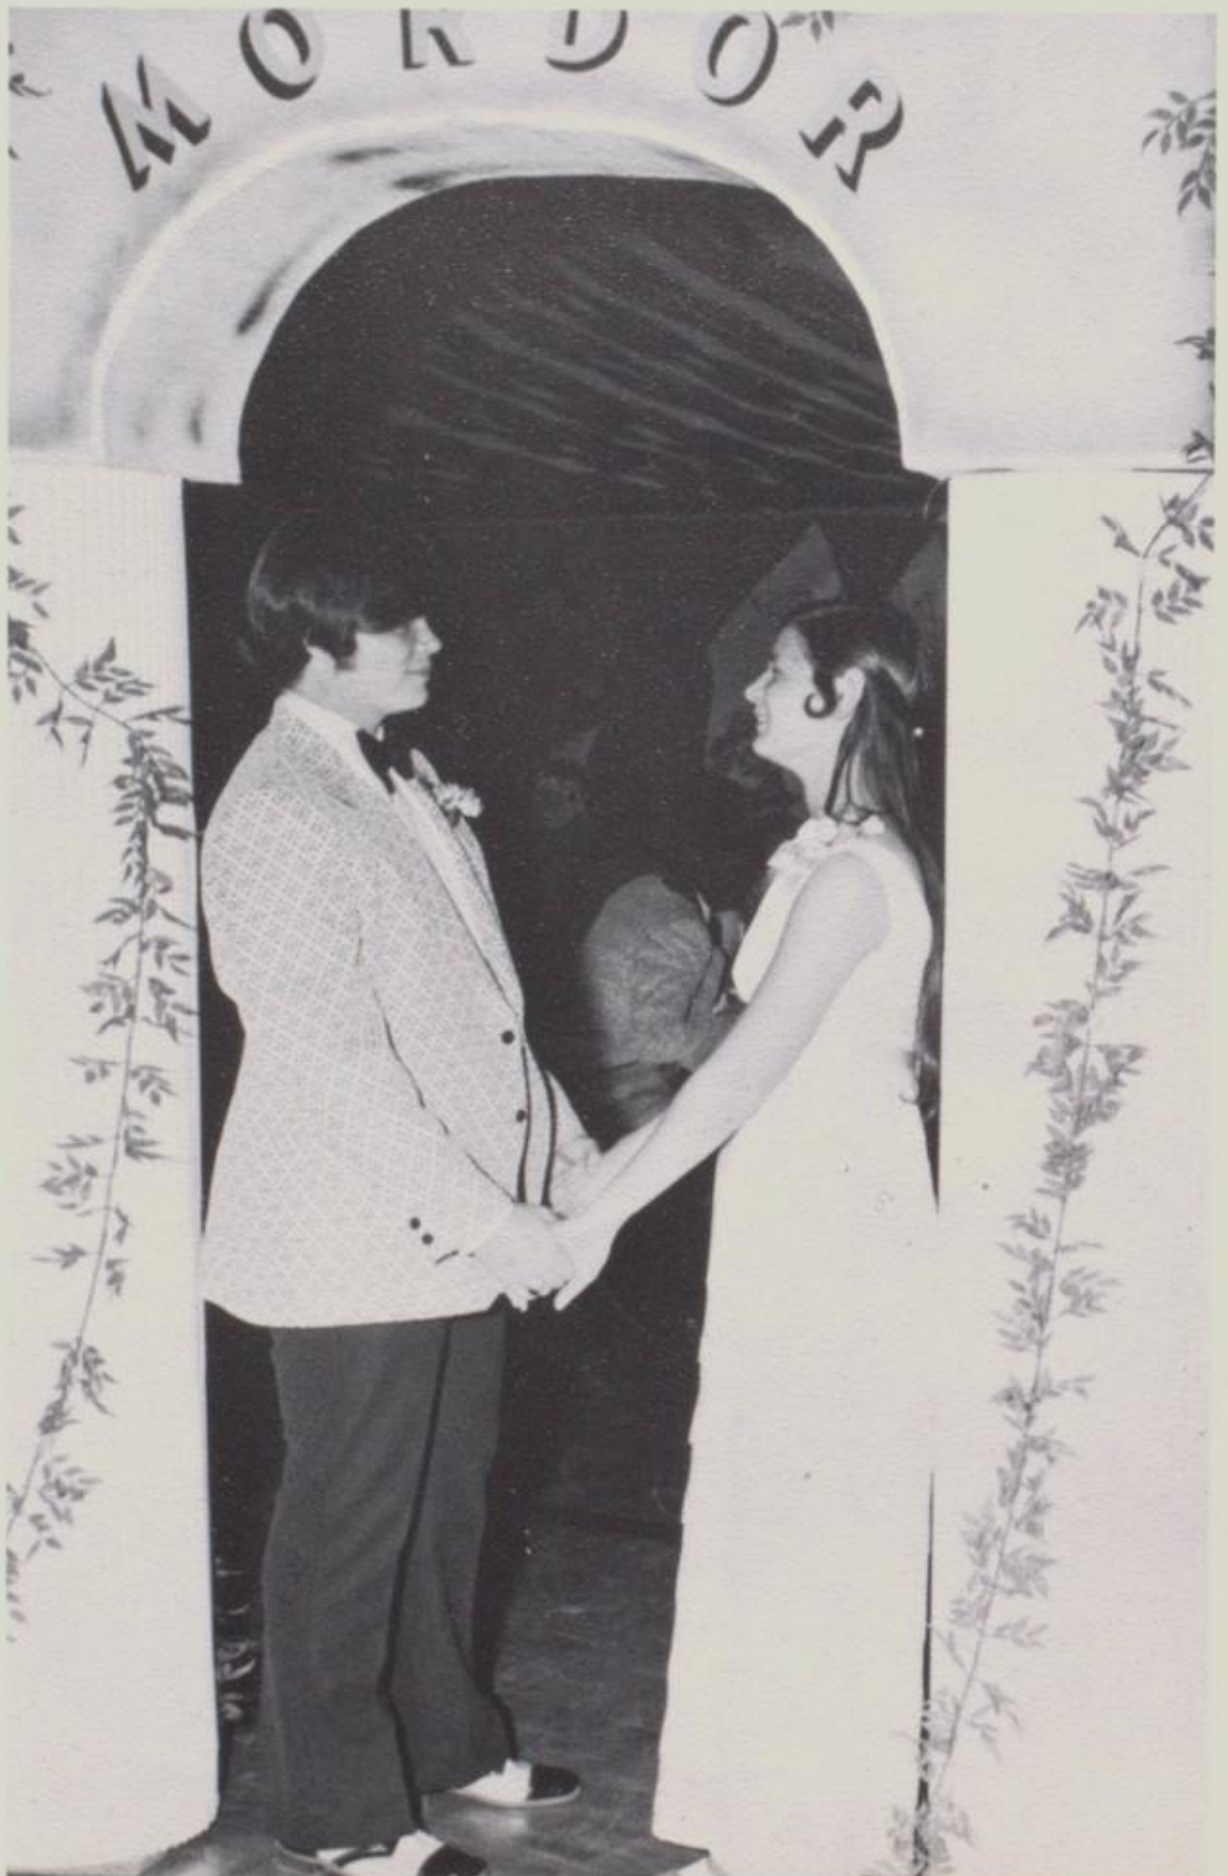

'73 Prom Hits in Hobbit Land

1973 Prom activities had the theme of "Hobbit Land" and was titled "Once Upon a Time." On April fourteenth, 144 couples attended the prom and danced to the music of "The Continental Four." The formality of the prom was de-emphasized to make it possible for more students to attend.

A live band, swimming, movies, and refreshments were a few of the attractions at the After-Prom. 543 students were on hand for the party held at the Canton Jewish Center.

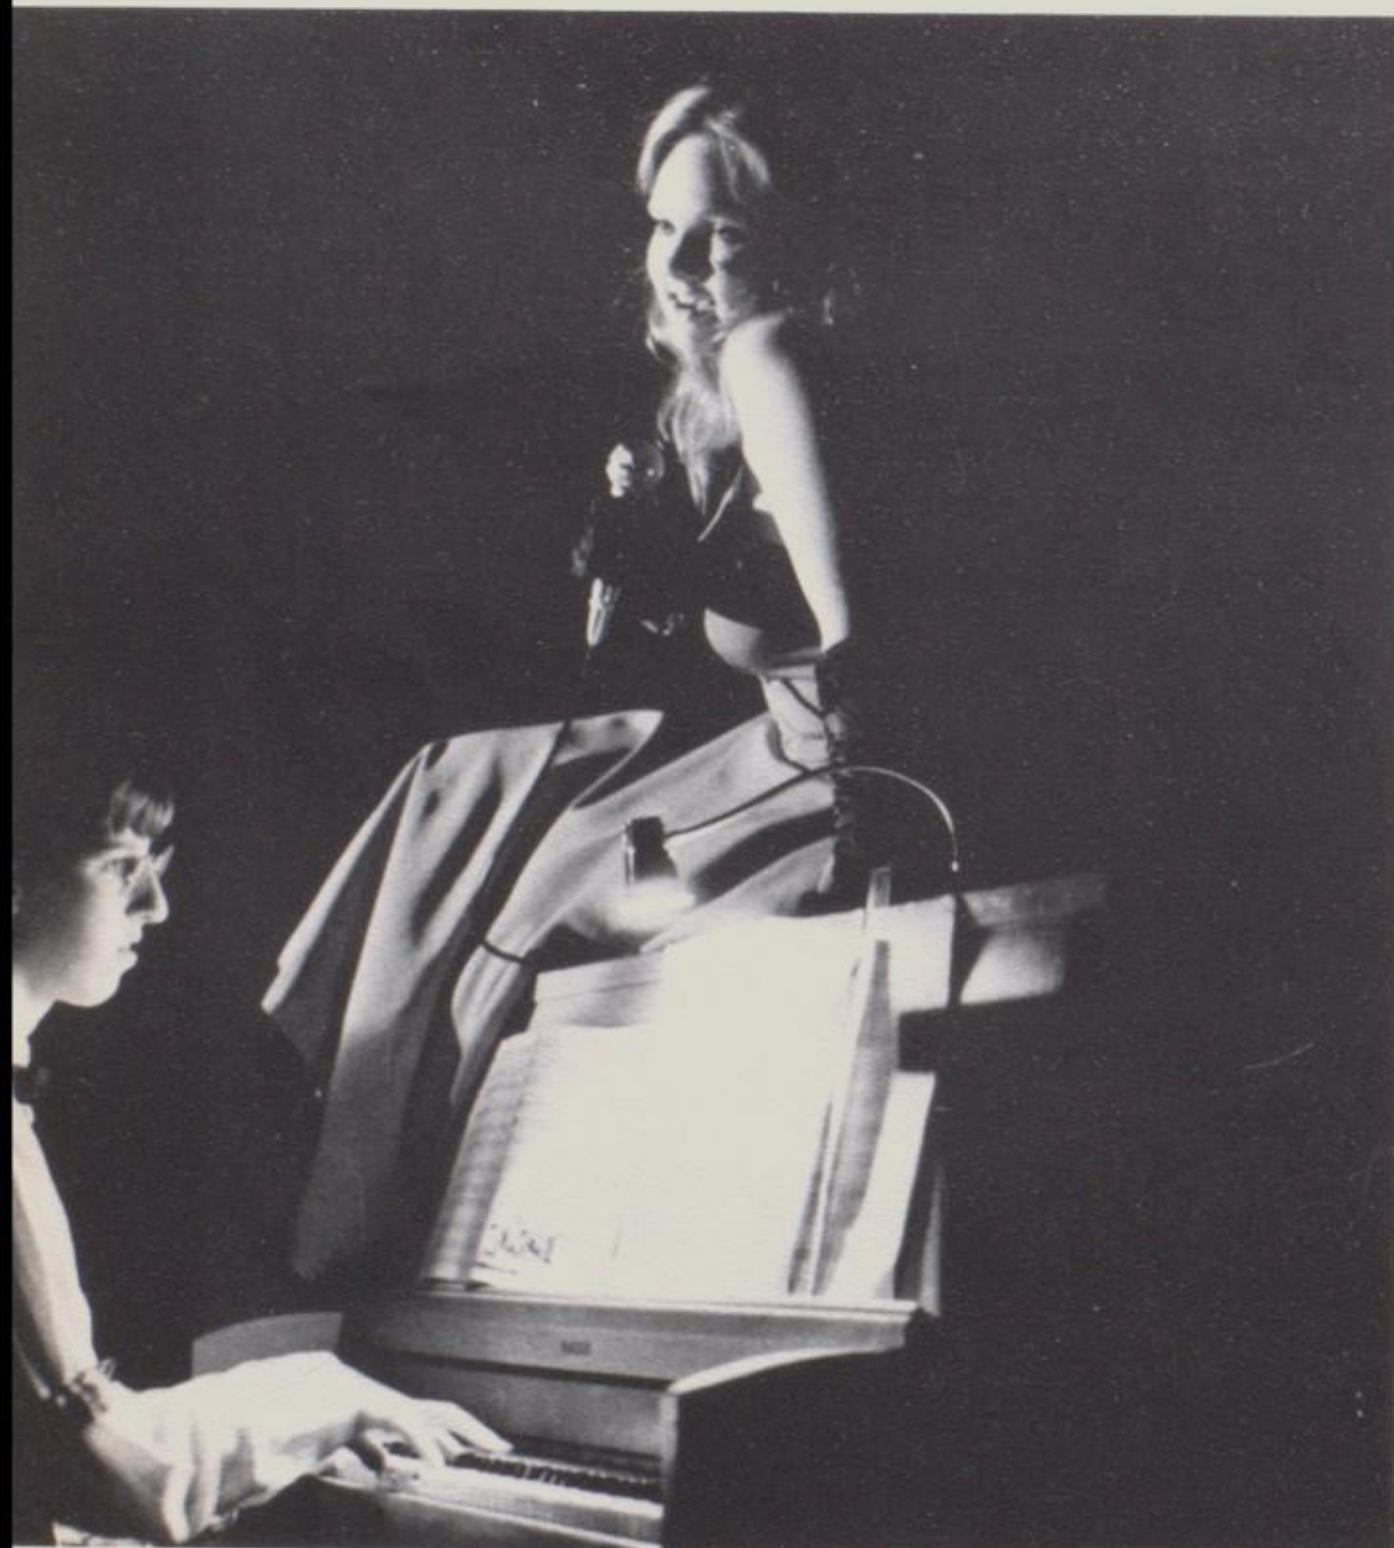

Far top left: Paula Roush and Gail Guenther take time out from decorating the gym for the prom to pose behind "hobbit" bodies. *Far bottom left:* Lesa Mylett and her escort Jim Wilkins stand under the bridge of love hoping that the memories of the prom will last forever. *Left:* Dena Berry and Jeff Logan and Debbie Haley and Mike Heidy enjoy the atmosphere of "Hobbit Land" at the 1973 Prom. *Below:* Reigning over the evening's activities were junior attendants Sally Wern and Chris Angel, Queen Jody Campbell, and senior attendants Cindy Roush and Diane Haley.

Hoover High went Country Western for this year's Homecoming Dance. There was a barnyard sounds contest in which Jim Wrigley walked away with the prize (a rubber chicken) for his impersonations of a chicken, pigs after dinner, pigs kissing, and a Canton South Wildcat.

Formal entertainment was provided by the group "One Way Up", and Florie Dorie Girls, Joan Gulling, Paula Sogan, Joan Taylor, Pam Nioura, Heidi Davis, Linda Lockler, and Laurie Yost. Also entertaining were Ruby Mae (Nancy) Anderson, who sang "Embrace Me" and "Delta Dawn", and Bobby Harmelink, who sang "You Done Stomped on My Heart."

Three hundred students attended the Student Council sponsored dance. Art students, under the direction of Mr. Palmer, transformed the gym into a saloon.

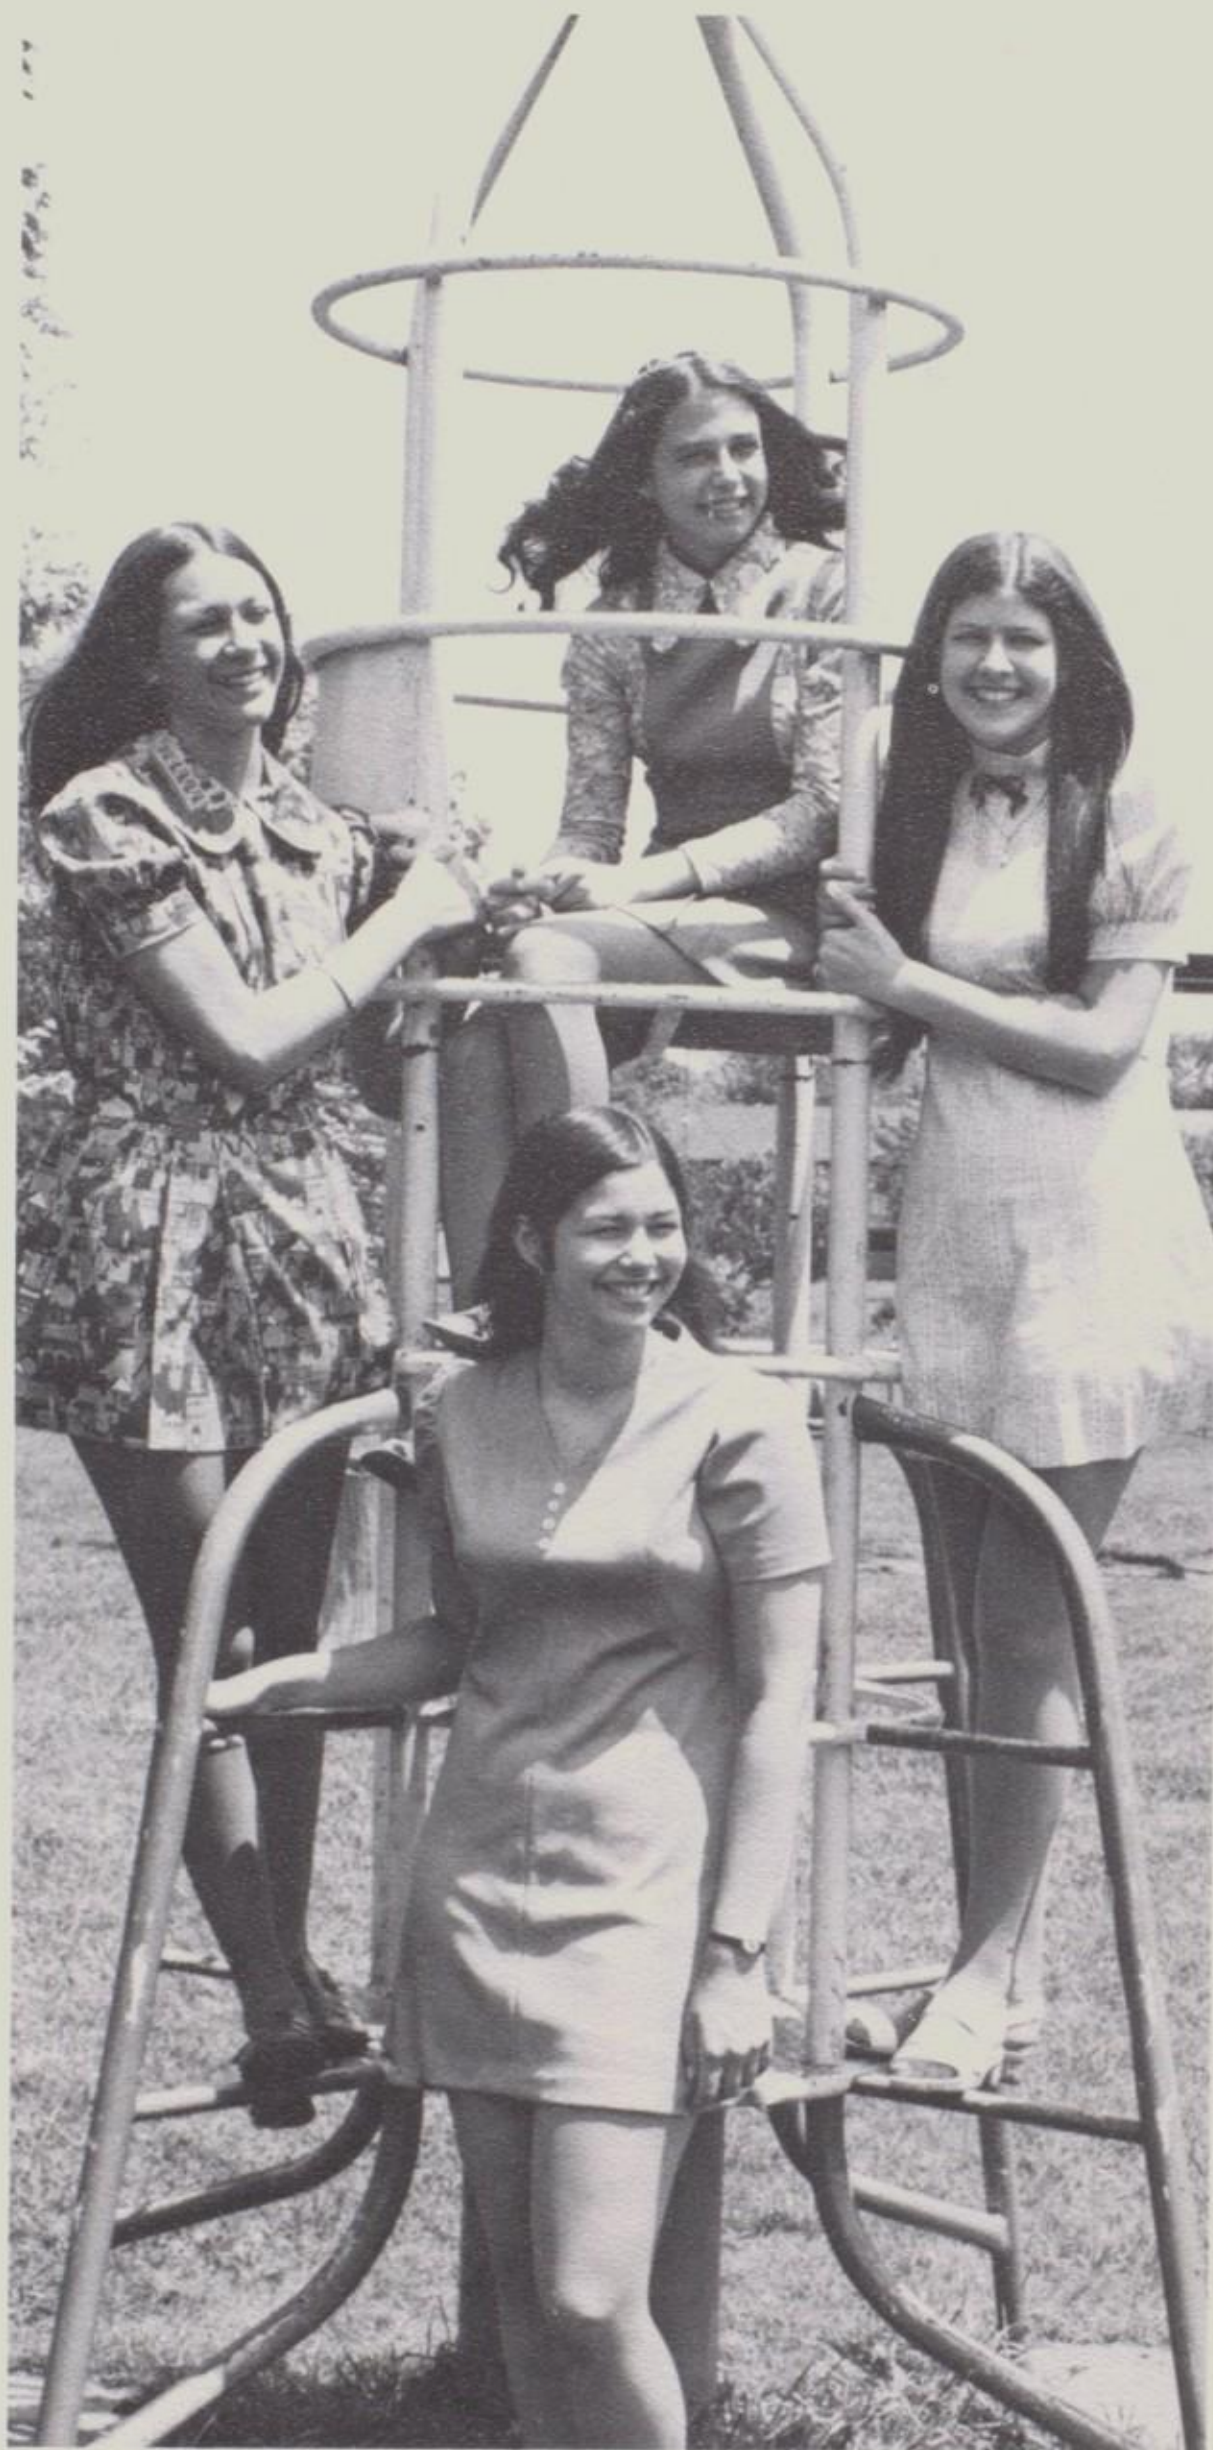

Enchantment Felt By Spring Royalty

"The Old West," theme of the '73 Band prom, had saloon decorations and mock gambling with paper money.

A novel feature of this year's Spring Sing was the addition of speciality acts by members of the choirs. Dave Bridenstine provided the music for the dance which followed.

The 1973 Track Queen and Court presented awards at the North Canton Invitational Track Meet.

Right: Reigning over the Band Prom were Karla Schmucker, senior attendant; Debbie Davidson, Queen; Marcia Ray, junior attendant; and Sharie Hirt, sophomore attendant. *Far right top:* Crowning ceremony for the 1973 Track Queen and court took place at the North Canton Invitational Track Meet. Choirs Sing Out

Irving Berlin's musical, *Annie Get Your Gun*, was brought to Hoover March 29 and 30, 1973 by the A'Capella Choir. Under the production and direction of Mr. Howes, the choir recaptured the old west with Brian Walters and Debbie Davidson in the leading roles. Mr. Howes was thoroughly pleased with the production and added that the enthusiasm had been carried over into more recent productions. The highlight of the fall season, *A Touch of Autumn*, featured all the choirs. Sophomores Tina Zirps and Dave Mullins sang solo parts for the first time and Mr. Howes commented that they handled it very well, regardless of Tina's "shaking legs." When asked his opinion of the choir, Mr. Howes said, "They have been excited all year; the kids really are anxious to work."

Students Learn About Government And Australia

Hoover had 5 delegates to Boys' and Girls' State this year. States delegates get a chance to participate in mock government for 8 days by running for state and local offices. The delegates campaign in hopes of winning the position they wish. Girls' State was held at Capital University and Boys' State was held at Ashland College.

In Australia there are only two seasons, summer and autumn, so George Barnes was surprised to see snow on his arrival to North Canton in January 1973. George comments, "This is a nice place to visit, but I wouldn't want to live here."

Right: Hoover's 1973 representatives to Boys' and Girls' State are Cathy Peden, Mark Gissner, Sherry Geib, Tom Folts, and Lori Hartong. *Far right:* Our lone foreign exchange student is George Barnes from Australia.

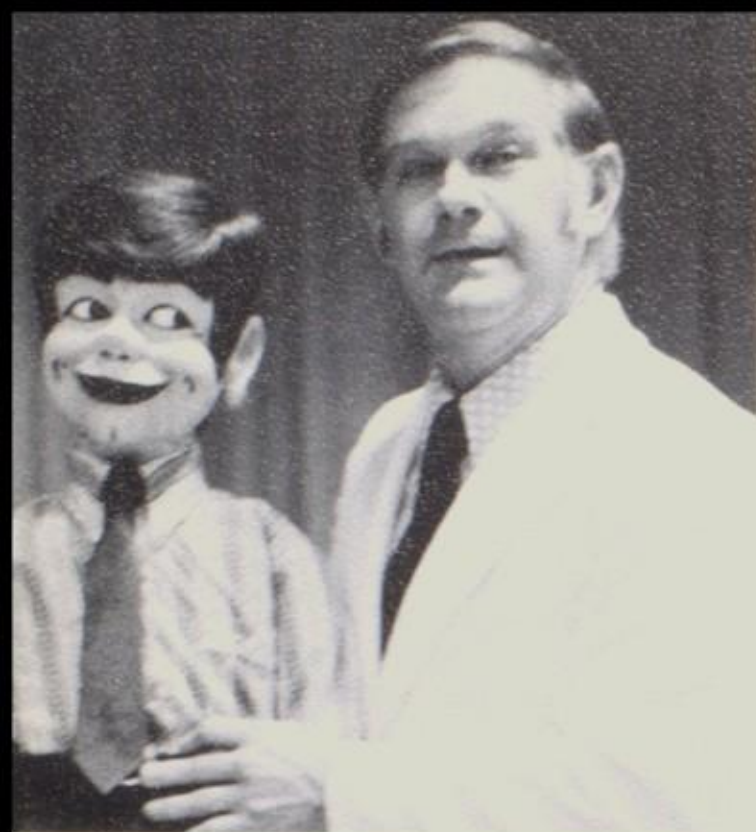

Thespians Enact Exaggerated Play

Pure as the Driven Snow, an old fashion melodrama, was presented by the thespians on November 3. Nancy Anderson was the young heroine rescued from the black-hearted villain by the hero, Chris Cox, in the nick of time! The entire play took place in the lobby of an inn located in a small town in Vermont.

300 people attended the performance. Tom Cox provided Gay Nineties music between acts.

Left: The cast of *Pure as the Driven Snow* included: Dave Cain as Jonathan Logan, Phyllis Preston as Zamah Logan, Ester Wakeman as Nellie Morris, Barb Folts as Imogene Pickens, Tom Nimen as Mortimer Frothingham, Jeff Bilkert as Jed Lunn, Jane Yonally as Letty Barber, Nancy Anderson as Purity Dean, Chris Cox as Leander Longfellow, Julie Myers as Mrs. Faith Hogue, Kris Lundstrom as Mrs. Ethelinda Hewlitt, Sally Wern as Allison Hewlitt, and Tom Folts as E.Z. Pickens. *Far left:* Nancy Anderson, trying to escape from the villain, says "Heaven will protect the working girl". *Far bottom left:* Chris Cox, Dave Cain, and Phyllis Preston assemble in the lobby just after Chris had discovered a baby in the barn. *Far center left:* Sally Wern exclaims to Tom Folts, "E.Z., You're so funny". *Center left:* Tom Nimen has just guessed Barb Folt's secret of her love for Leander Longfellow. *Below:* Tom Nimen is in the process of blackmailing the ex-convict, Jeff Bilkert.

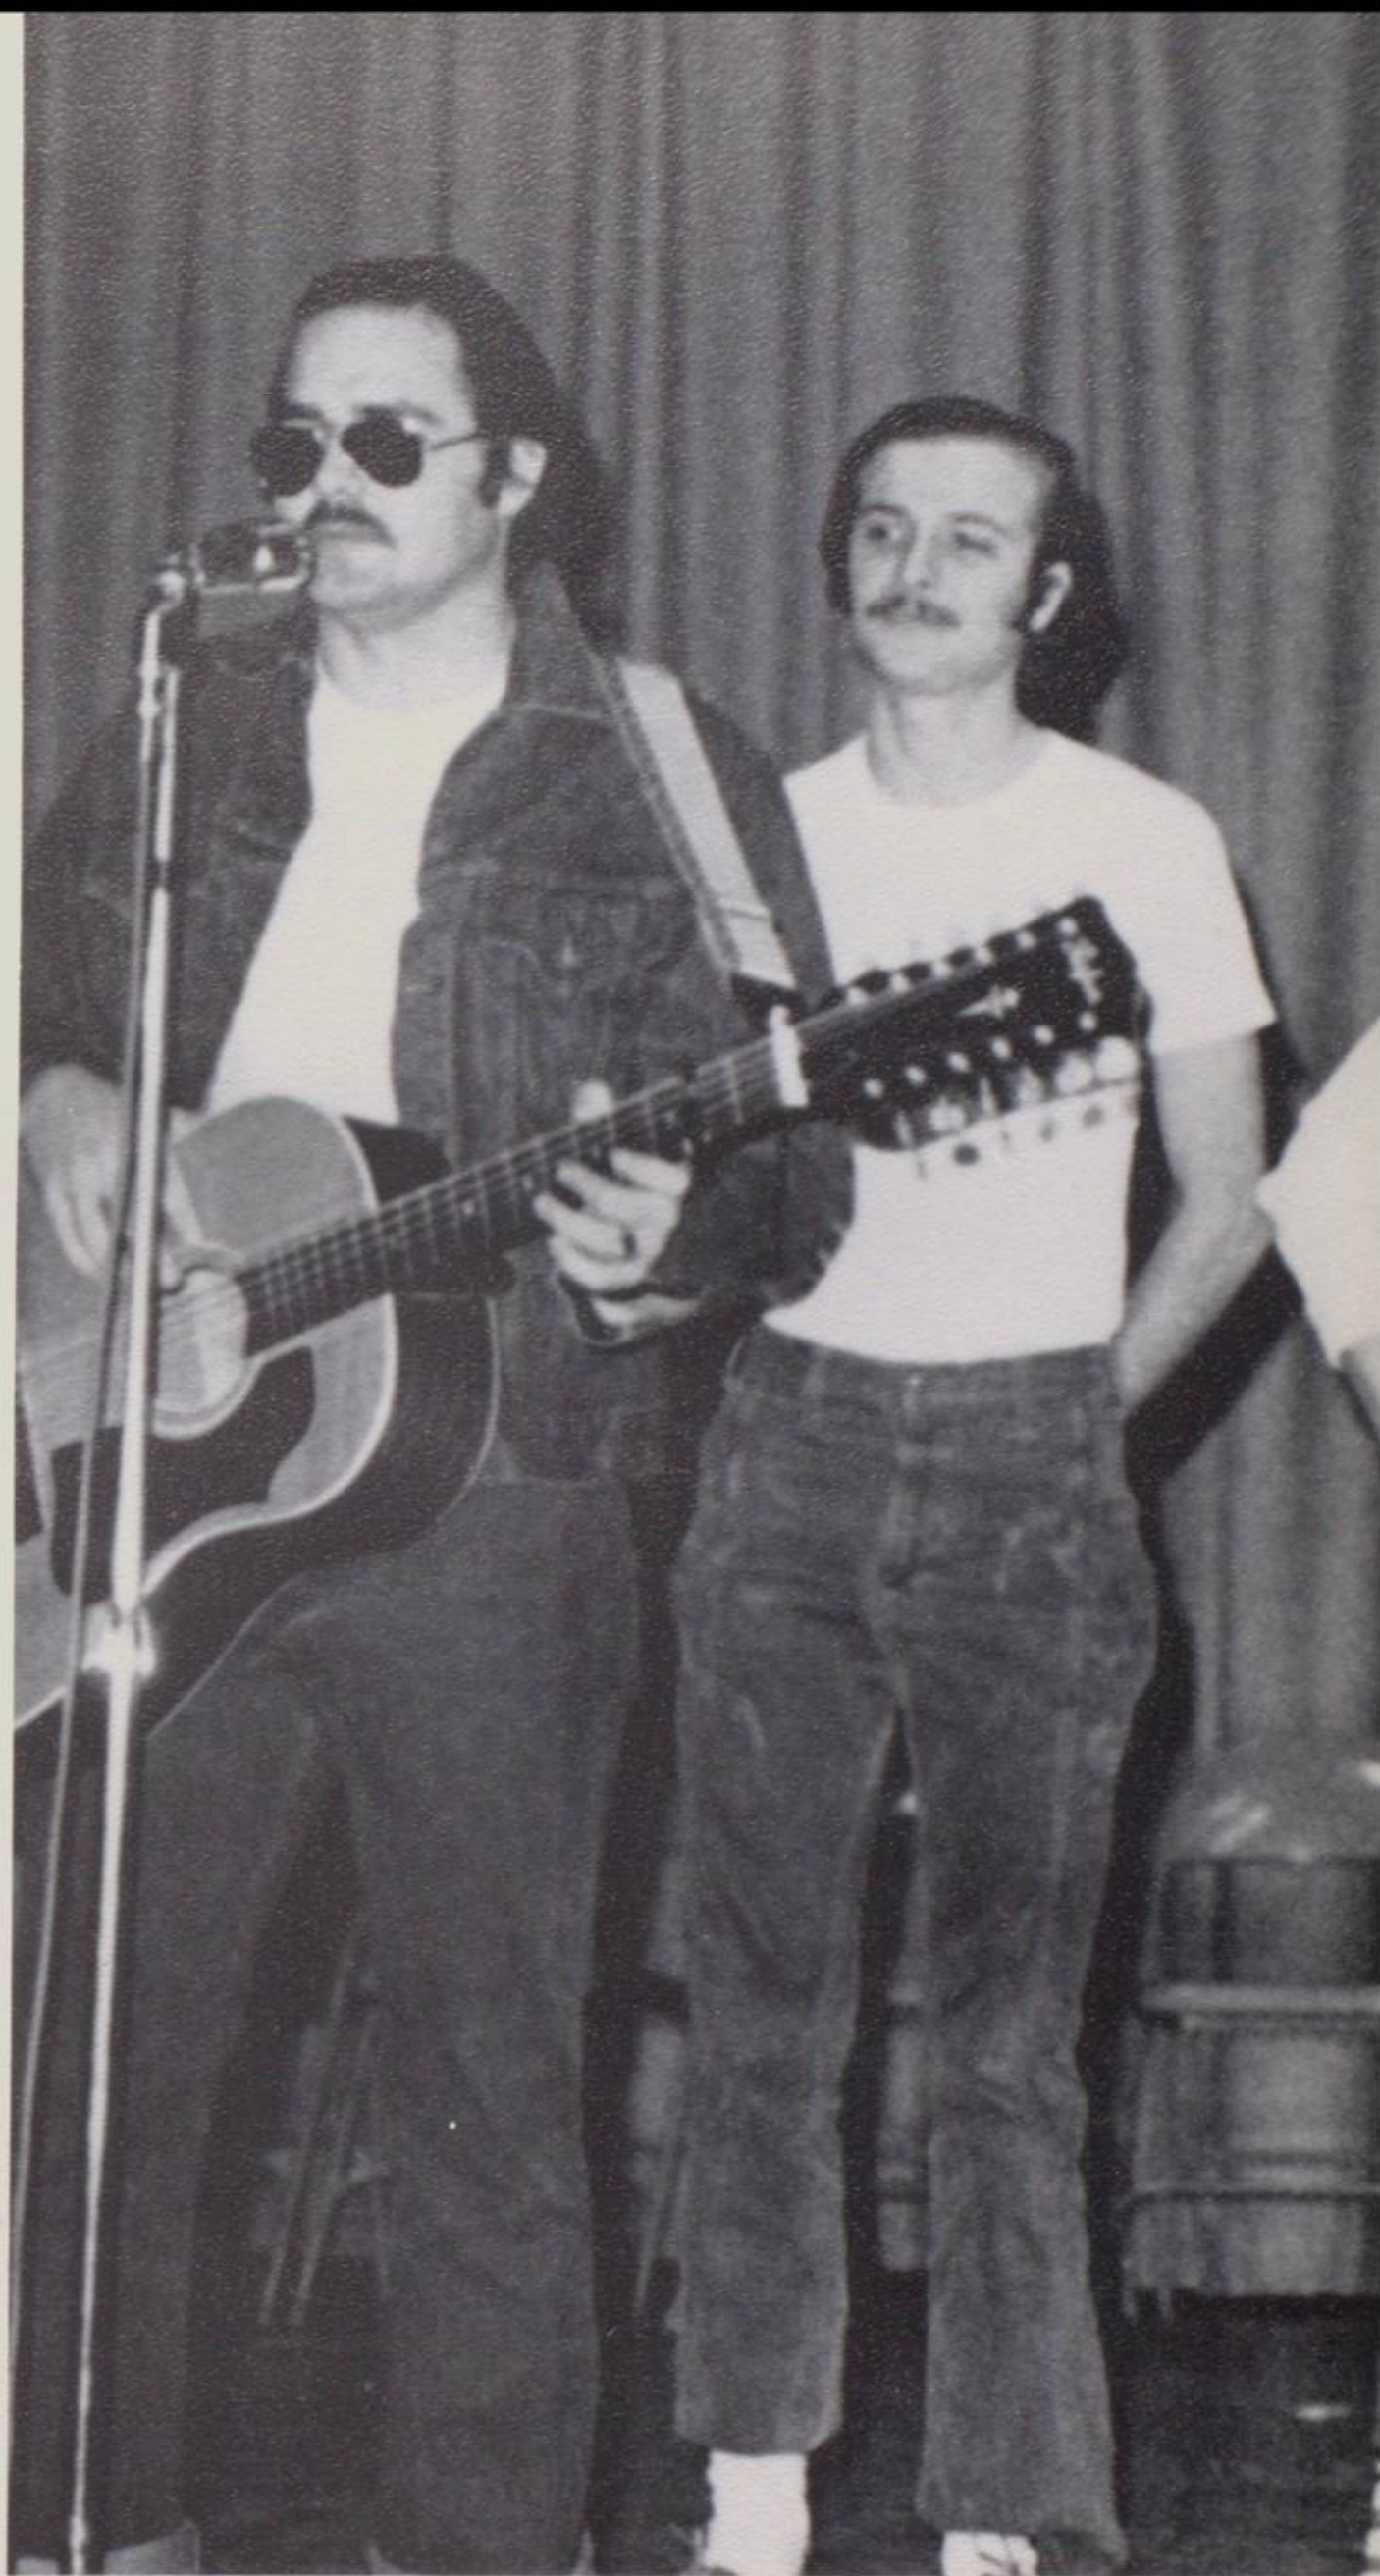

Students Become Actively Involved

Through increased Student Council activity and individual student involvement shown this year's program of assemblies has gained favorable reaction around the school. While most assemblies were presented by the students, Mr. Shultz provided an interesting speech on teen-age sex relationships. This particular presentation provoked various reactions, but the majority of students' sentiments were favorable.

Both the Reserve and Varsity cheerleaders seemed inspired by the school spirit, as reflected by the reaction to the pep rallies and their skits. Some of the more memorable assemblies were the Homecoming Pep Rally, in which the cheerleaders went "Hillbilly" and the Canton South Rally, in which they sang their own version of "One Tin Soldier."

Above: Mr. Shultz and his dummy capture the students' attention before he begins his speech for the assembly. *Top right:* Mark Korosi accepts the Wilfart Award as Cronies Rick Chambers, Gary McVann and Brian Walters cheer their fella on. *Bottom right:* Jeff Bilkert attempts to frighten Bob Draper, the Hoover High School Thanksgiving turkey. *Far right:* Mr. Brockett woefully hums the background music for Miss Haden's ballad about the Jackson Quarterback as Mr. Airhart looks on.

Left: Joan Pujazon's brother, Jorge takes a siesta under a tree in his back yard in Torreon, Mexico. He is wearing a sombrero covering his head, and the traditional Spanish vest. *Above:* While on a six weeks tour of Europe, Stephanie Skemp visited her Grandfather's cousin, a Professor of Greek Philosophy at the University of Durham, in Durham, England. *Below:* Sandy Shonsky visited a bullfight in Madrid, Spain, while on a six country tour of Europe. *Right:* What kind of animal is this? It has the head of George Barnes, who was our exchange student from Australia, and the body of a kangaroo.

Pupils See Sight

Stephanie Skemp visited Europe with a group called People to People. She toured nine countries in six weeks. Stephanie liked Germany the best because its standard of living was similar to ours.

Mexico was the host country for Joan Pujazon, an exchange student from Hoover. After a year in Mexico, Joan described the driving as "unbelievable". She managed to enroll in a coed school after first being assigned to an all-girls school.

Sandy Shonsky took part in a European tour sponsored by the student Study League. Her six week tour took her to five countries. She enjoyed this experience greatly, especially the bullfight in Spain.

Australian Rotary Exchange Student George Barnes saw his first snow in the U.S. The weather in Australia is like our summer, only year-round. With this kind of weather, swimming is a popular sport of which George showed his talent on Hoover's swim team. His father was a free style swimmer on Australia's Olympic team in 1956, winning a gold medal.

Hoover Gridders Maintain Federal League Title for Second Consecutive Viking Football Season

A 9-1 record climaxed the Vikings' season with its second consecutive Federal League title.

Jeff Chufar, Kim Cooksey, Craig Foughty, John Fry, Mike Lintner, Jeff Logan, and Bill Sumser were selected to this year's All-Federal League Team. Fry and Logan were also named to the Northeastern Ohio All-Star Team, and Logan was honored by being named to the All-Ohio Team.

Jeff Logan set a Stark County scoring record by scoring a total of 426 points in his two-and-a-half-year career. During this period, he gained

close to 4,500 yards rushing.

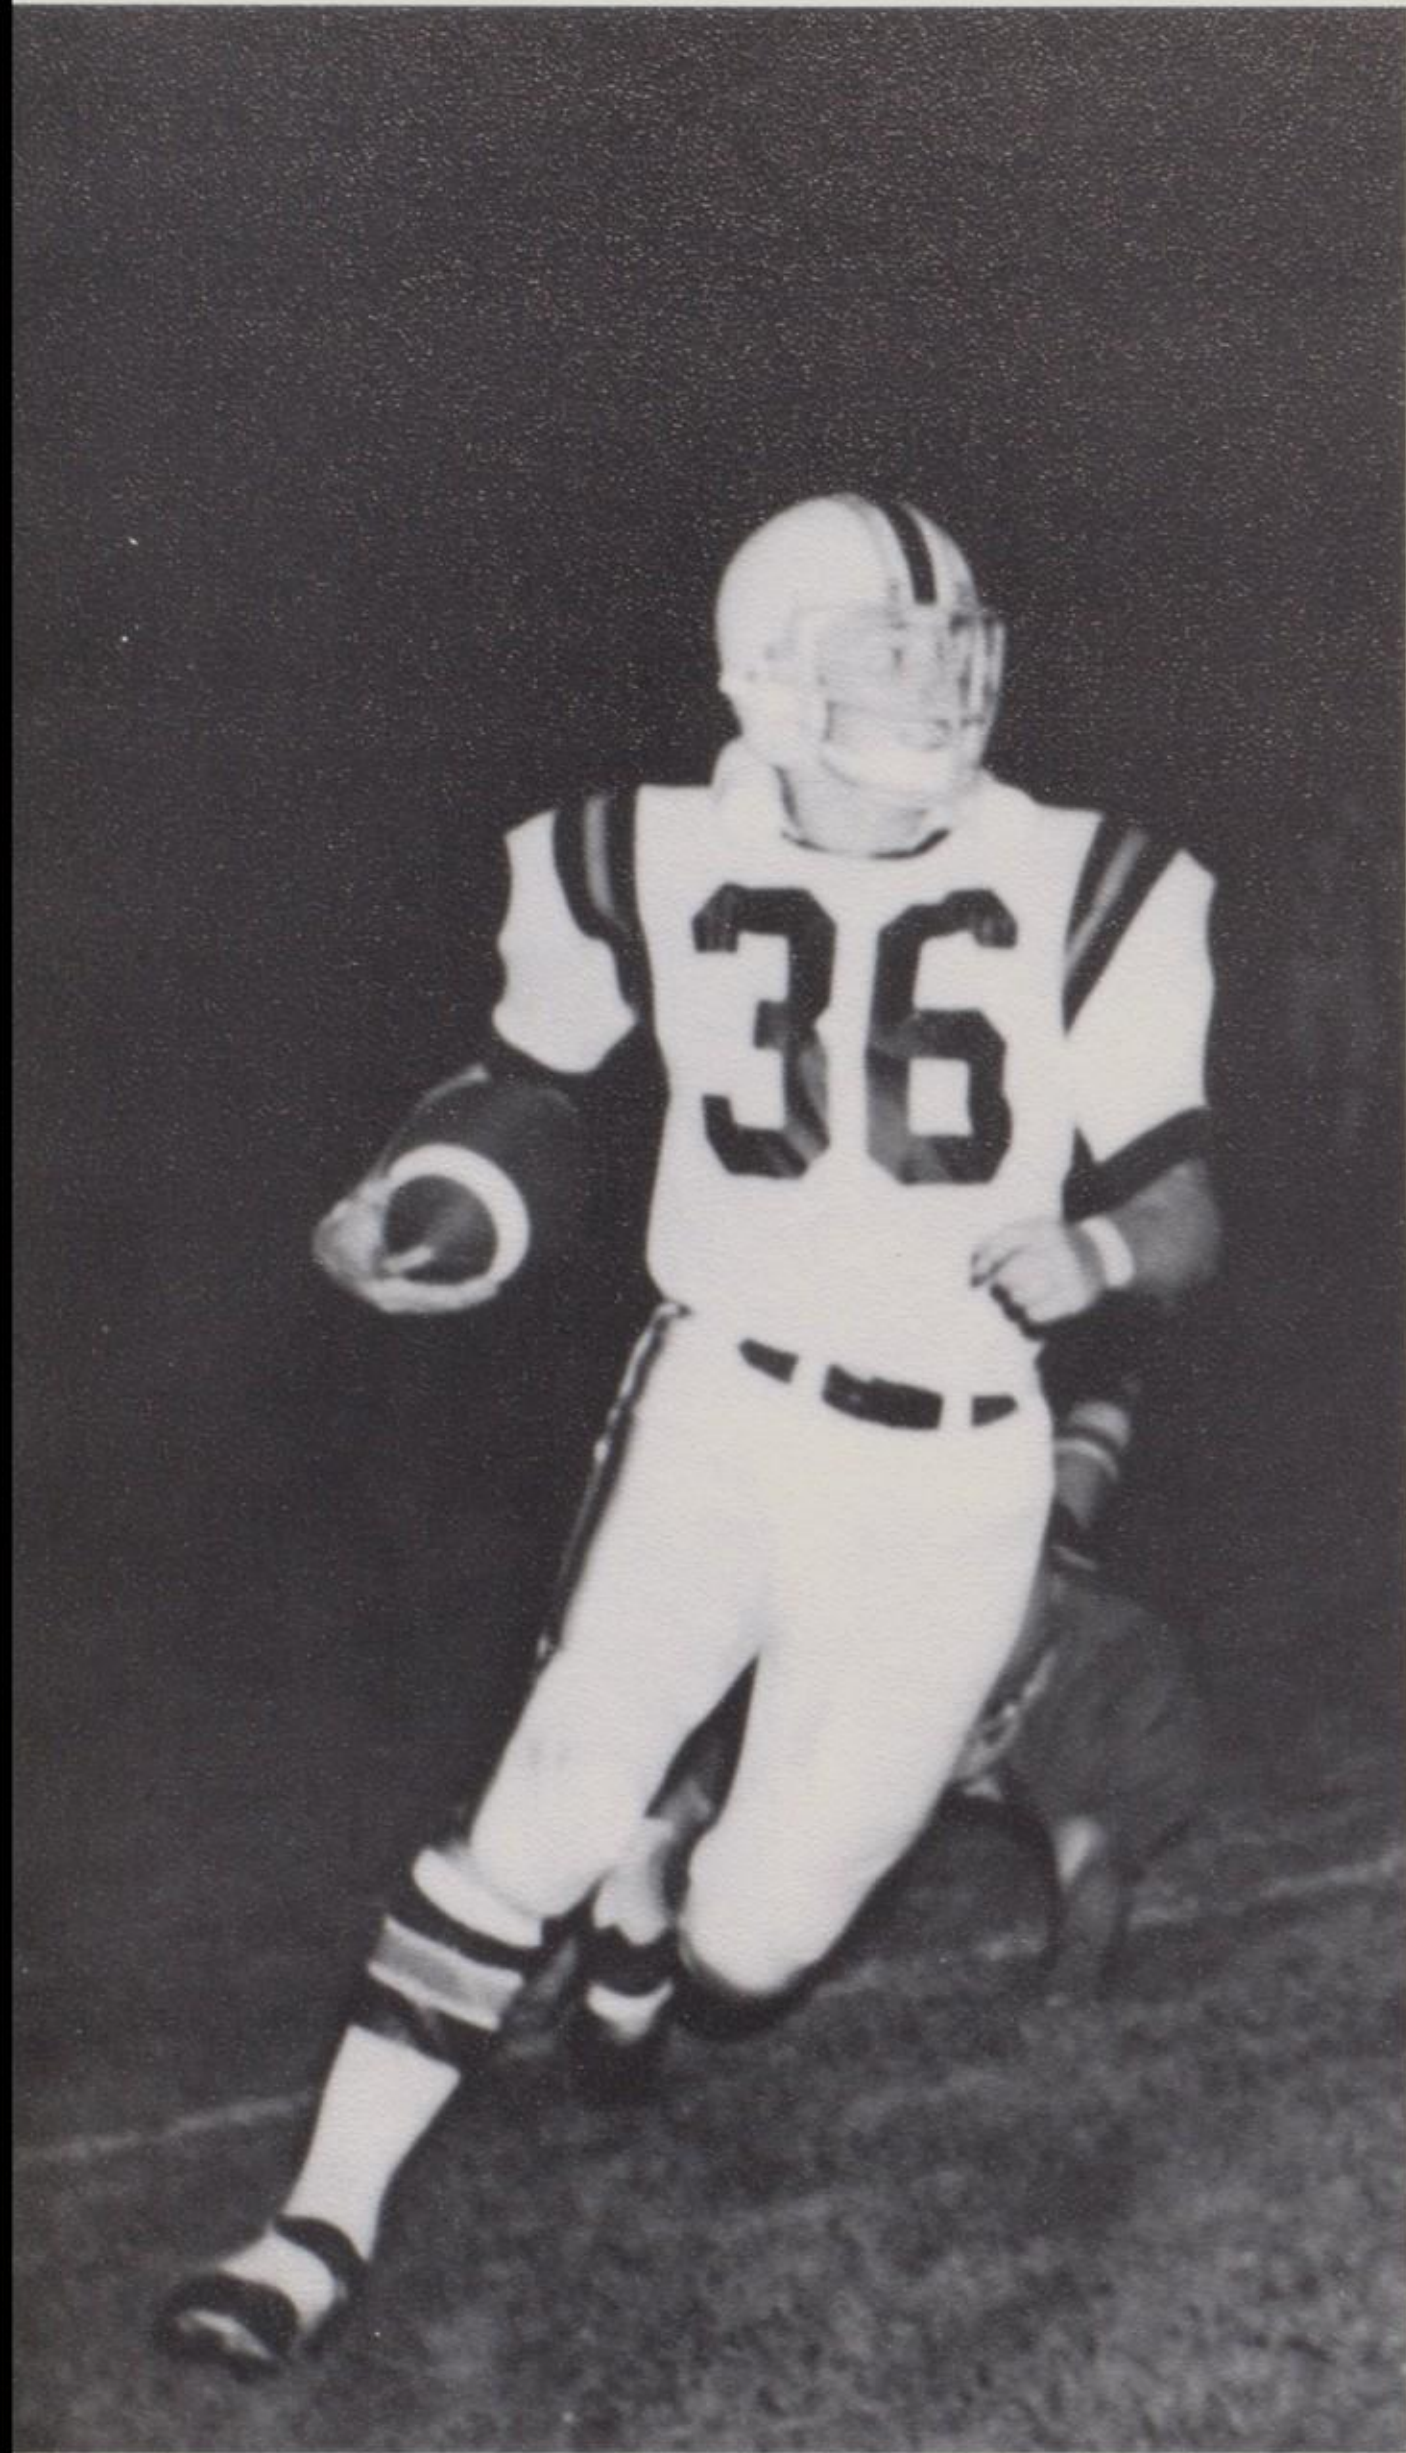

Coach Hertler stated, "This had to be one of the finest football teams in the history of the school." He said that the seniors accepted the juniors and sophomores as they should, and the co-captains John Fry and Jeff Logan provided excellent leadership." He also felt the secret to the team's success was "the respect for each other and a matter of getting along as a unit. He concluded by saying, "This will be one season that I personally will remember for a long time."

Close Calls Slip by as Victories

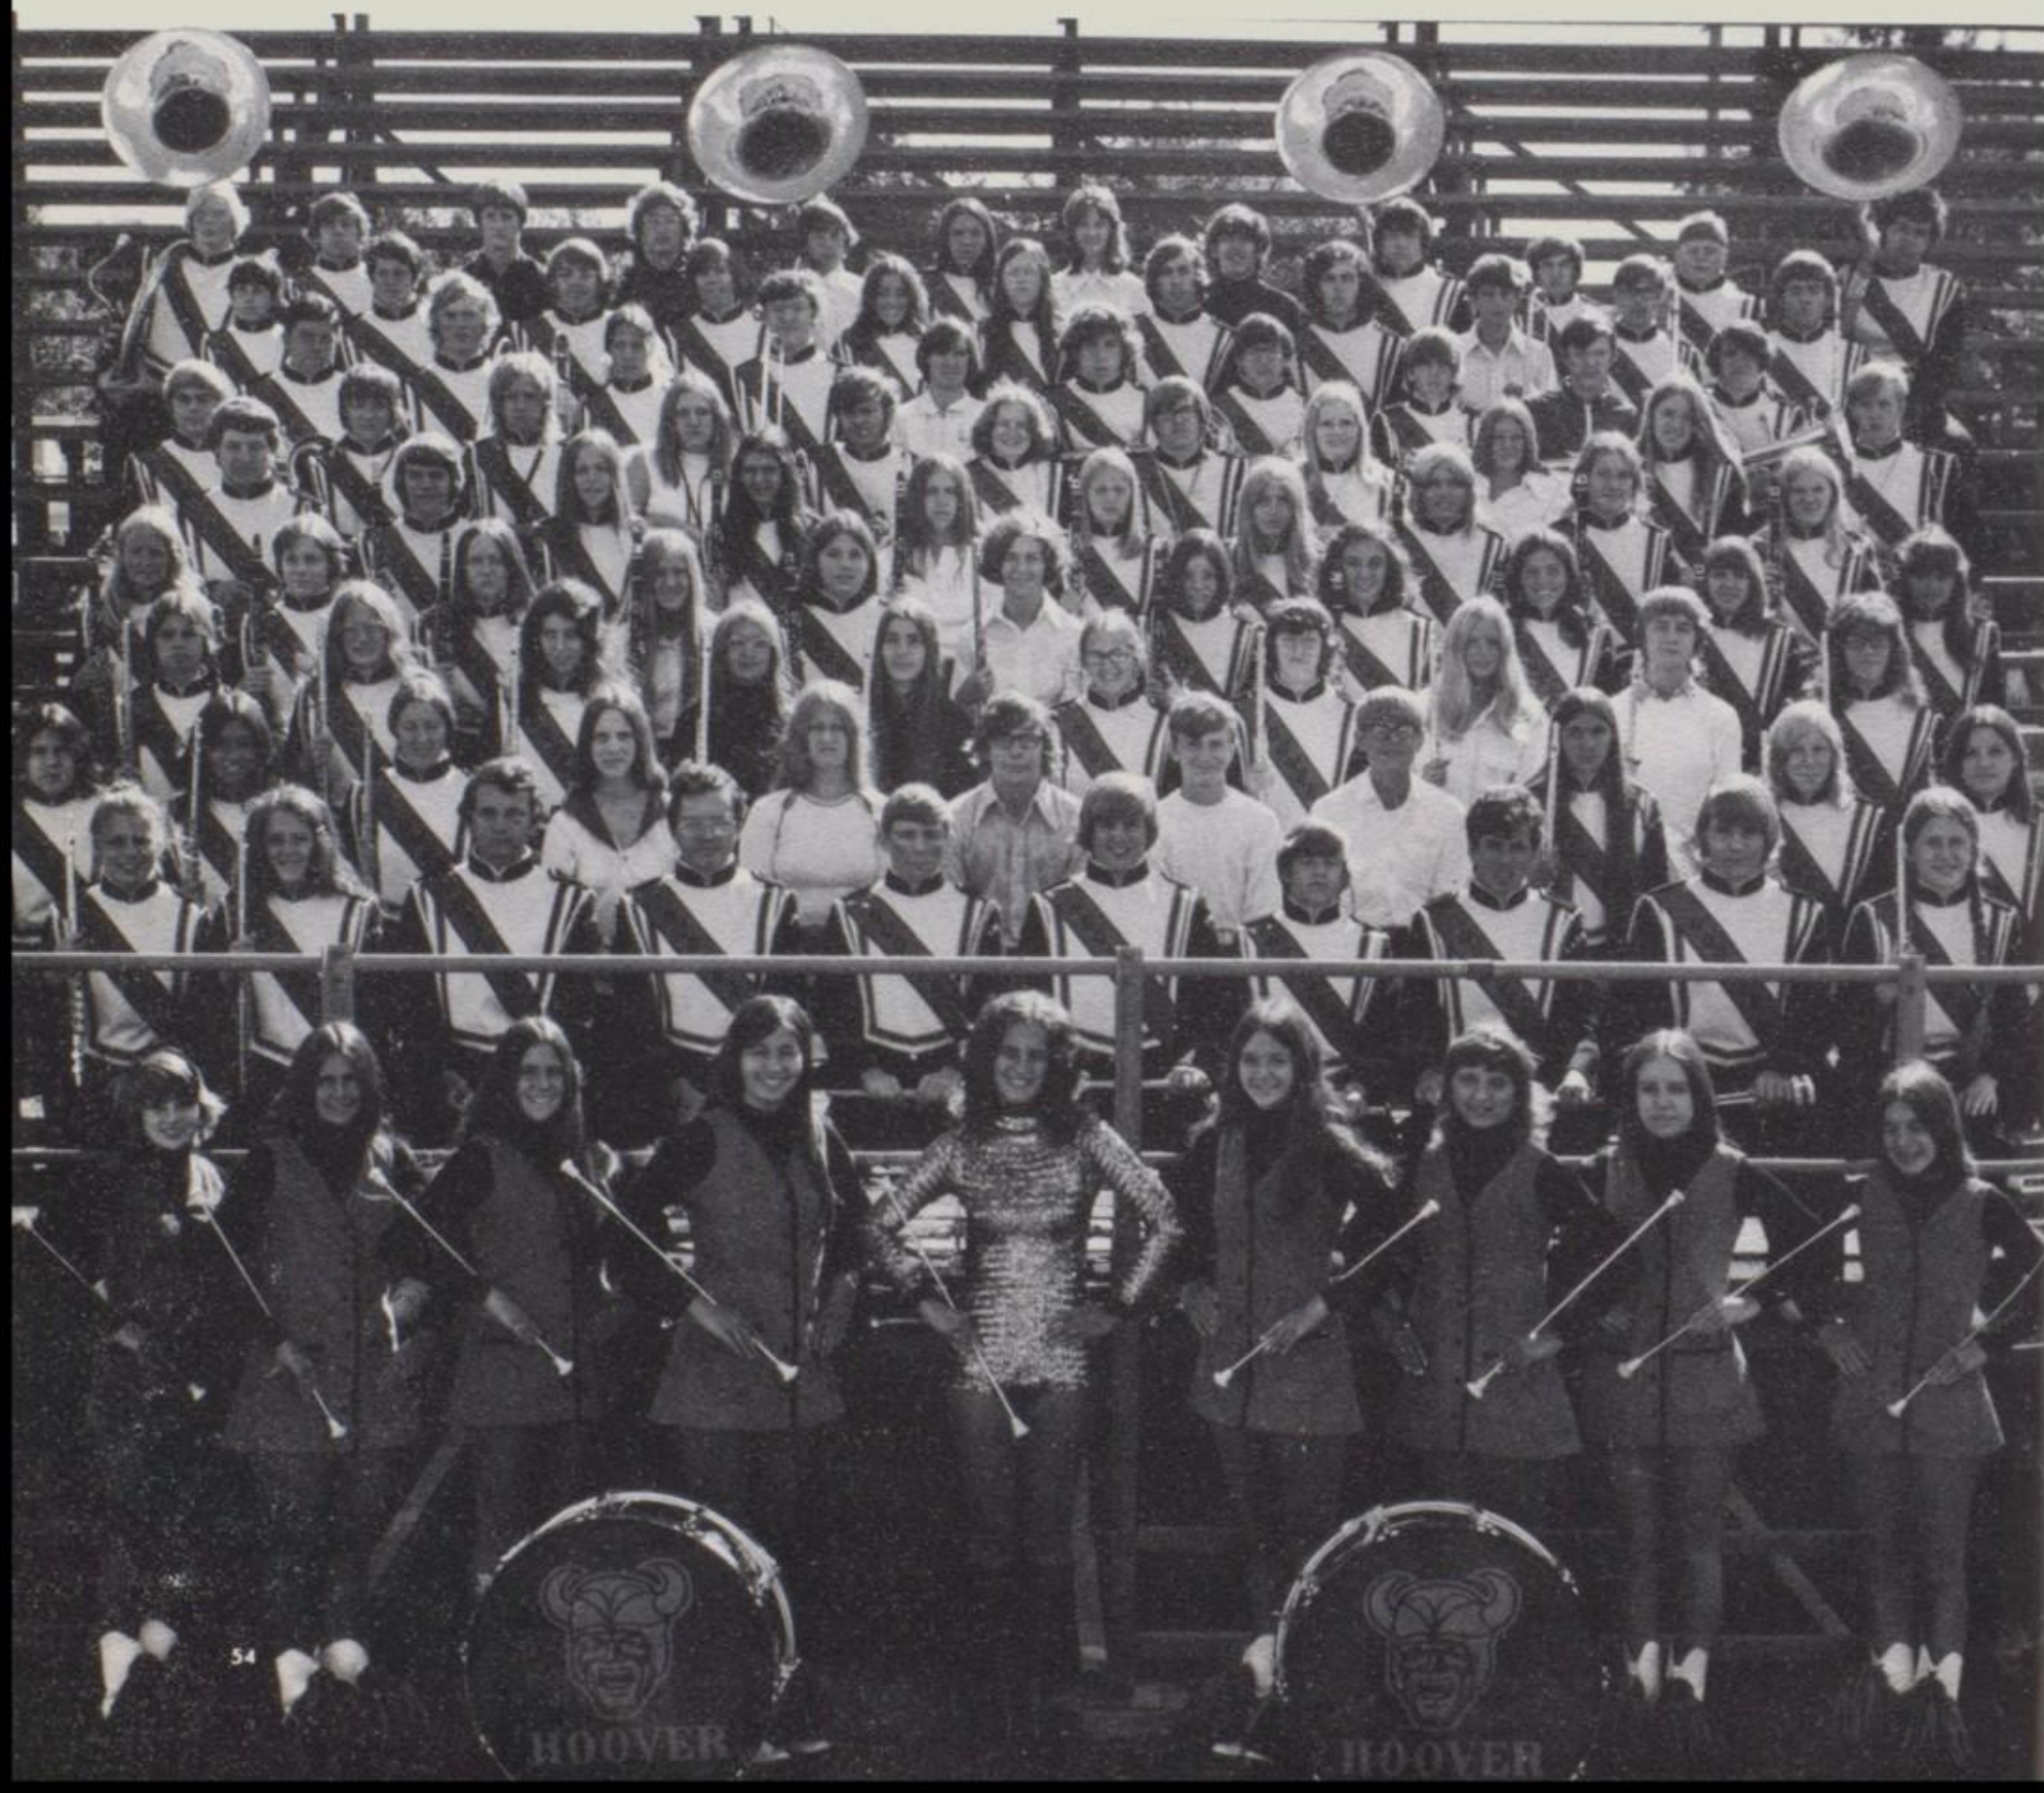

The Vikings' closest win of the season was their victory over Perry. After battling to a 21-20 lead, the Vikings turned over a costly fumble to Perry with a few minutes remaining in the game. Perry drove down to the 3-yard line, and with only a few seconds remaining, they lined up to try a 20-yard field goal. But the snap was low, and Hoover squeaked by to give Coach Hertler

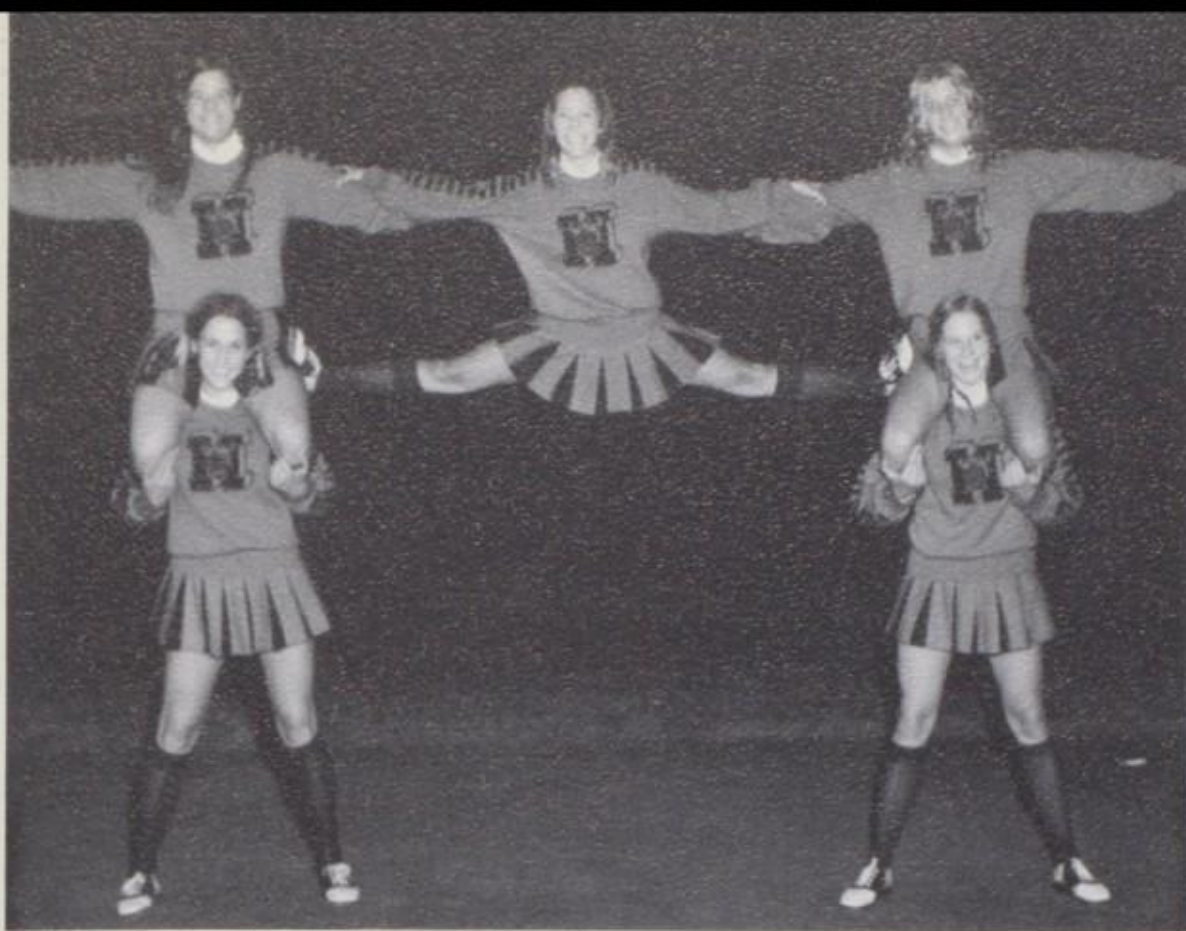

his one hundredth victory as Viking head coach.

Hoover gave up its only defeat of the season to Oakwood in a 21-20 reversal of the Perry game. Oakwood went ahead 18-14 in the fourth quarter, but Hoover regained a 20-18 lead on the ensuing drive. However, Oakwood charged right back and with six seconds remaining booted a 25-yard field goal to break Hoover's 21-game winning streak.

Best of Season Brings Victories

Hoover's final two games were their best of the season. Amid a freezing downpour Hoover dominated Louisville in a 16-8 victory. Jeff Logan carried for 174 yards and one touchdown, and Mike Lintner made a spectacular leaping grab for the second six points. The following week Hoover trounced first-place Jackson 44-14 to give Hoover their second consecutive Federal League title. Hoover got several early breaks and by halftime Hoover had a 36-0 lead.

Reserves Climax With 9-0 Record

A 9-0 season and the Federal League title were achieved by the 1973 Reserve football team under Coach Gross's guidance.

The team's most exciting game, according to Coach Gross, was the Oakwood game where the reserves avenged the varsity team's loss to Oakwood the night before with a 60-6 massacre.

Mr. Gross commented, "The boys worked well together and team spirit was great. Each individual didn't play very much because there were so many boys on the team." He also said that next year will be just as promising if the hard work continues.

Dribblers Survive

The 1973-1974 varsity basketball team had a disappointing season with a 2-16 record. Jim Dragomire's 121 points made him the leading scorer, and Rick Anderson led in rebounds with a total of 70. Mr. Berrodin also called Mark Garber the team's best defensive player. He also attributed the team's poor season to the predominance of underclassmen, but also called this a strong point since next year's team will have so many returning lettermen.

Cheerleaders Take Top Honors at Numerous Contests

This year's varsity cheerleaders have won their share of awards. After capturing first place while attending *Camps All America* last summer, they placed first in the Kent Stark Cheerleading Competition. In national competition last summer, the team came away with third place and in individual competition Joan Gulling placed first and was named "Miss Teen-Age Cheerleader." In addition, Julie Taylor placed fourth, and Dean Berry received an honorable mention.

Reserves Achieve A Victorious Year

The reserve basketball team achieved a 12-6 record under their new coach, Mr. Parks. Tom Caniford was the leading scorer for the squad with a total of 185 points and Mike Maurer led in reboundings with 105 despite the fact that the two were promoted to the varsity squad during midseason along with Charlie Grandjean. Mr. Parks remarked that their most exciting game was their second game against Perry where they were behind by five points with less than a minute to play and came back to win by two.

Grapplers Finish with 6-4 Record

The 1974 varsity wrestling team battled to a 6-4 record under the coaching of Mr. Tolarchyk. Jim Dickerson was the team's high-point man and was also named most valuable player. He and Tim Smith also received each a hundred dollar scholarship. Steve Alguire was named the most improved wrestler. The reserve team also obtained a 6-4 record. Coach Tolarchyk called the whole squad "the best group of individuals we've ever coached."

Year with Rewarding Results

The 1973 cross country team grueled to a 4-4 Federal League record and a 4-7 overall record under Coach Sollie's direction. The top runners this season were junior Greg Sweitzer and sophomore Andy Mooock. Ron Savage broke his own school record with a 10:15 clocking in the first race of the season, but unfortunately missed the rest of the season due to illness.

Team Breaks Four Track Records

The 1973 Track Team has an overall record of 3-6 under the coaching of Mr. Richard Gross.

Rick White was honored as the most valuable player. In addition the team succeeded in breaking four school records. Dave Smith broke the existing high jump record with a jump of 6 feet, 1 $\frac{1}{4}$ inches. The new two-mile relay record of 8:28.2 was set by Rick Chambers, Ron Savage, Mark Tapley, and Mark Wabschall. Steve Alguire, Kim Cooksey, Barney Lowden, and Rick White set a new 480-yard shuttle hurdle relay record with a 1:02.5 timing. And the old pole vault record was broken by both Steve Alguire and Dan Shetler with identical 12 foot 3-inch vaults.

This year's team had a total of twenty-two letter winners. In addition to those people named above,

the following were also letter winners: Rick Anderson, Mike Ensminger, Geof Gratny, Scott Hill, Maurice Jackson, Andy Mohler, Mike Morath, Alan Orth, Larry Peden, Bill Sumser, Jeff Sweitzer, and Jim Wilkins.

Mr. Gross stated: "The team had a large number of underclassmen this year, so we expect better things as a team next year. We will miss the graduates very much because they won consistently."

One peculiarity in this year's team was the absence of any co-captains.

Racketeers Tie

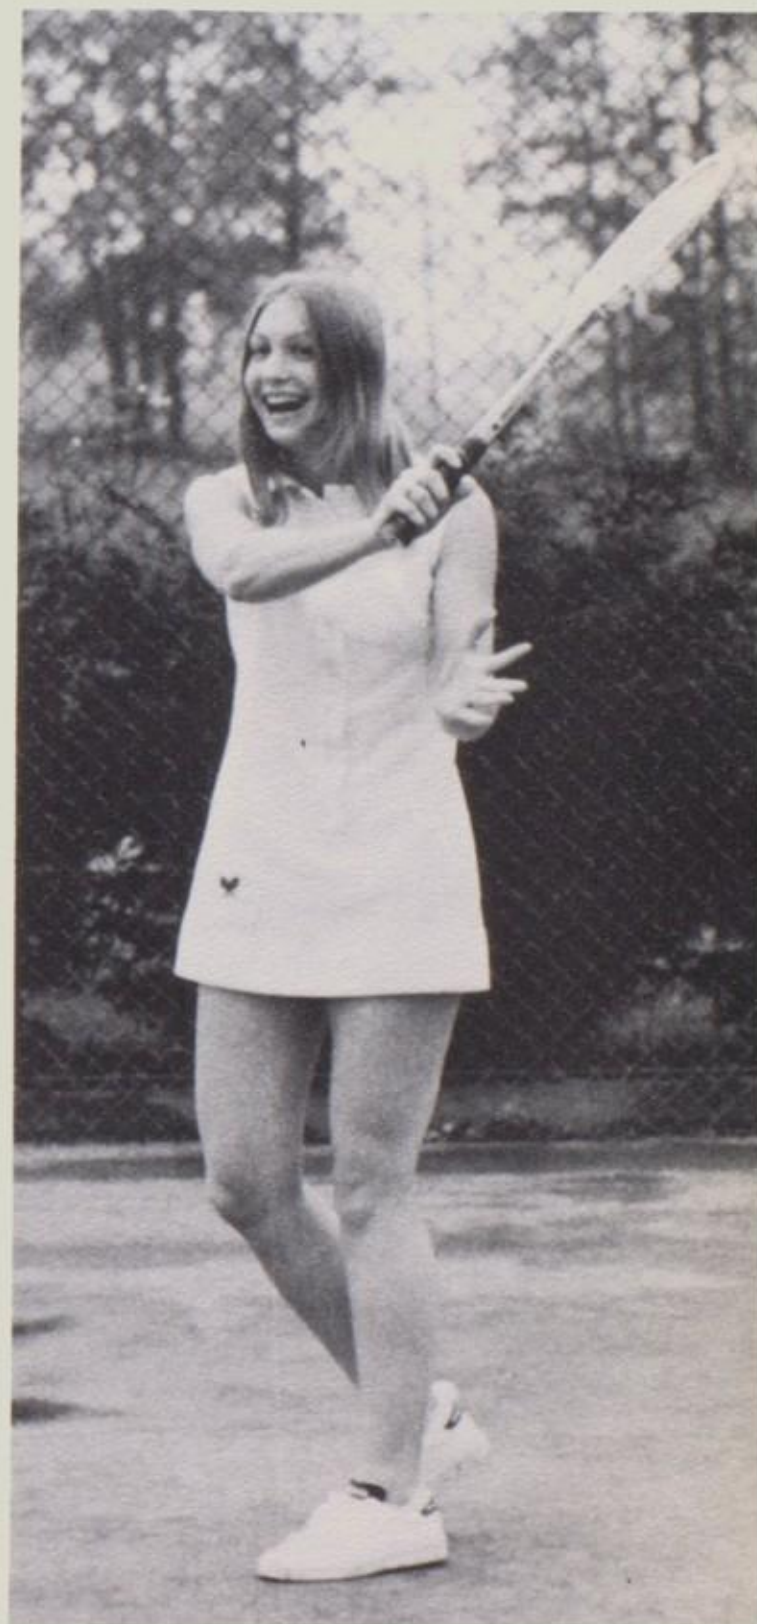

A 16-2 record and a tie for the Federal League Championship were achieved by the 1973 tennis team under Coach Don Miller. Sophomore Doug Bradshaw was the top singles player and most valuable player after he achieved a 17-0 record. Other first-year stars were Phil Powell and Jim Dehn. Bradshaw placed first in the district tournament which qualified him for the state tournament in Columbus. In addition, the doubles teams of Skibbens-Martinsen and McCreery-McClellan won matches in the sectionals.

According to Coach Miller, the team's most exciting match of the season was the last one, a 3-2 victory against Glenwood, which avenged an earlier loss to them.

Batters Swing to New Championship

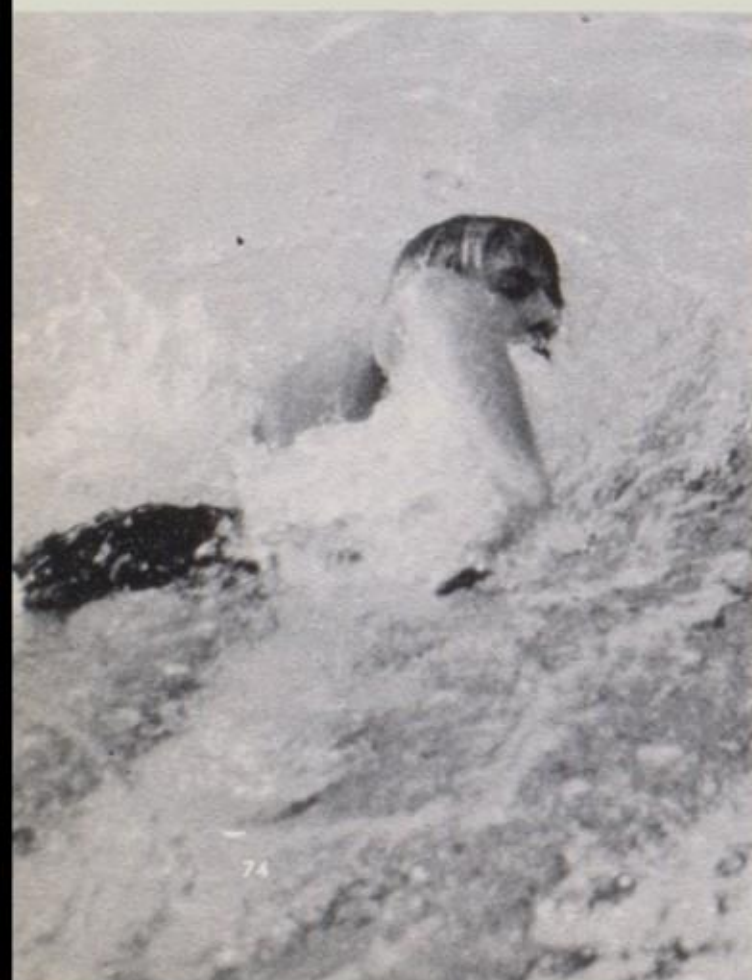

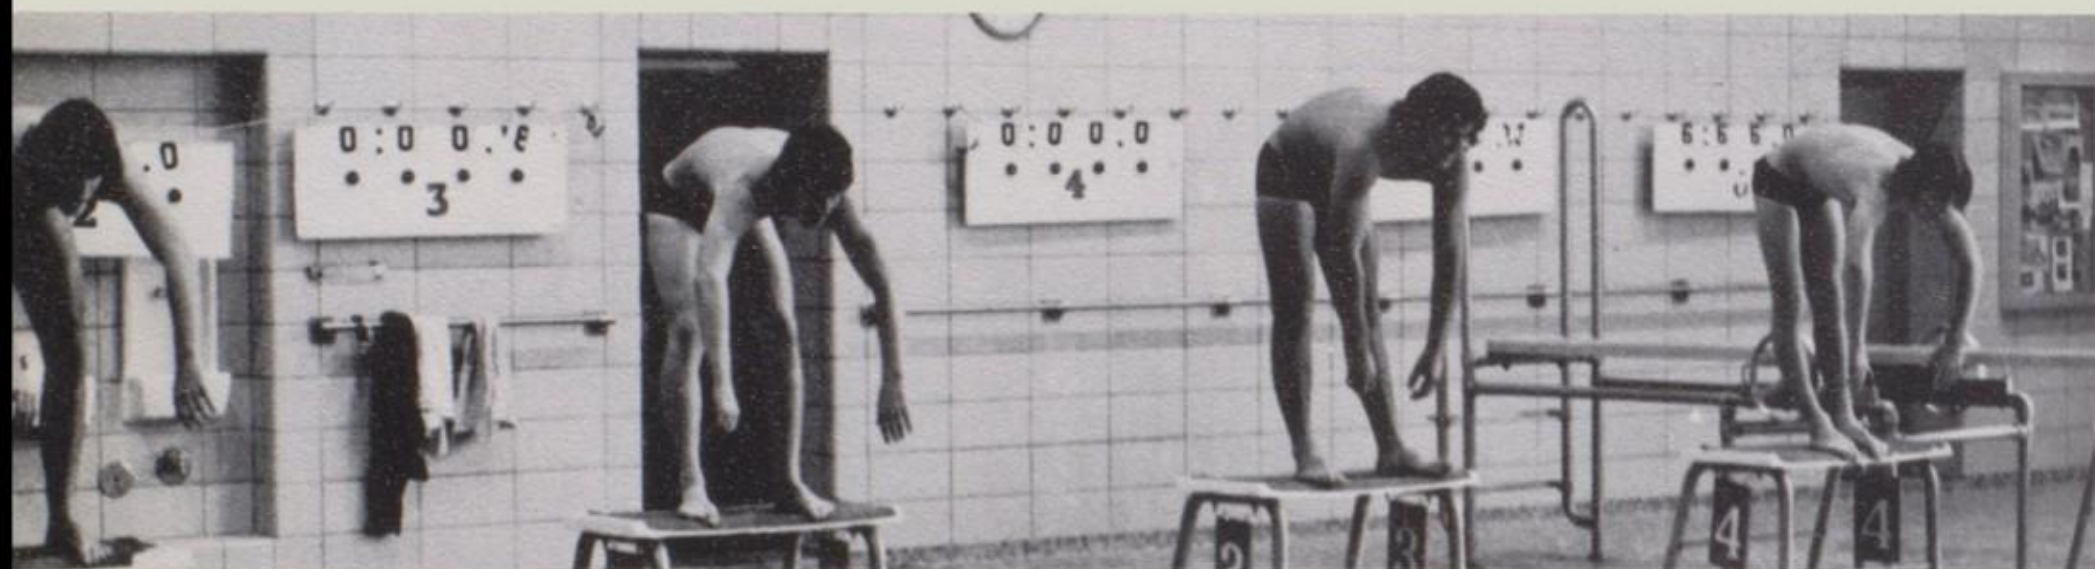

The 1973 baseball team captured the Federal League championship with a record of 18-6. Joel Jagger and Jeff Logan had the best pitching records with 8-0 and 5-1 seasons respectively. The highest batting averages were held by Tom Stock with .407, Jeff Winegard with .352, and Roy Mowls with .342. Tom Stock, Jeff Winegard, Roy Mowls, Mike Harvey, and Joel Jagger were named to the Federal League All Star Team. Coach Knisely predicts that if the pitching comes through there will be a lot to look forward to in 1974.

Viking Tankers Swim to A Record-Breaking Season With Many Wins

The 1973-1974 swim team captured a 6-3 record under Coach Morrison's able guidance. Russ Chambers set three individual school records with a time of 51.4 in the 100-yd. freestyle, 1:54.8 in the 200-yd. freestyle, and 2:13.8 in the IM

(individual medley). Ralph Hopple also set a school record in the 500-yd freestyle with a 5:20.2 mark. In addition, a record was set in the 400-yd freestyle relay by Rick and Russ Chambers, Gregg McCreery, and John Skirtech with a 3:34.1 clocking.

Golfers Putt to a Great Season

The 1973 golf team attained a 12-8 record and finished third in the Federal League under the able coaching of Mr. Gary Wechter.

Tim Starrett was the top golfer as he achieved a 13-7 record and ended up with a 36.9 average. Tim also was top medalist with a total of 16 medals. John Mallard had the second best combined record.

Staff Toils Hard For Great Book

Working with the theme "Learning and Becoming" the annual staff gave their time to produce the 1974 Annual. The forty-eight member staff was run by Editor-in-Chief Joan Pujazon, who helped the other staff members solve their many problems. As the annual's staff advisor, Mr. Walker contributed much time, advice, and numerous pounds of candy, although some staff members felt that his only purpose was to reject their copy. Eight pages were added this year including two in full color. Also added was a new telephoto lens to help the photographers in their shooting.

Guests Give Advice

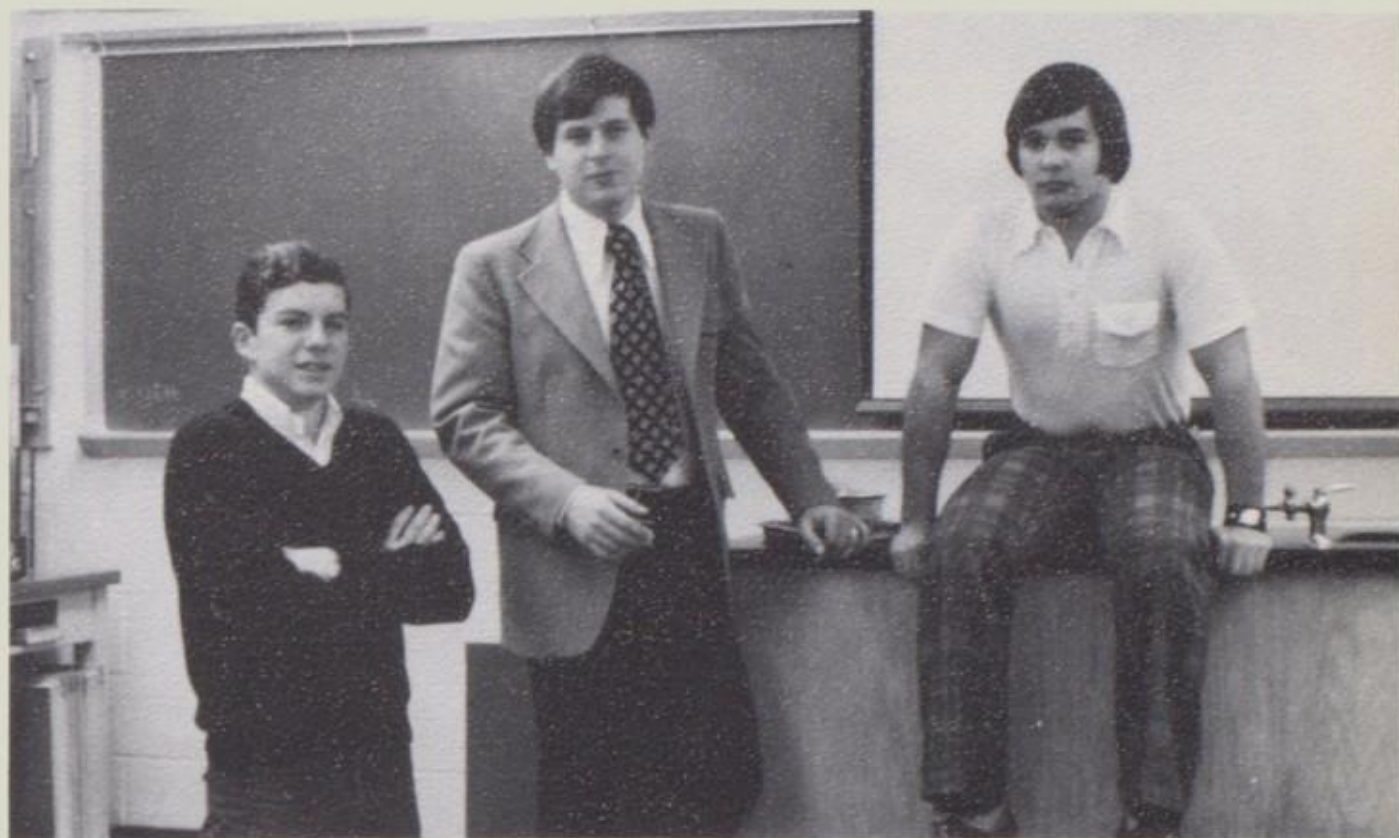

Math-Science Club delved into topics ranging from the stars in the sky to the fossils under their feet. Presenting the talk on the stars was Chuck Schuster, a Hoover graduate. This talk was of special interest since it stressed the neglected creationist point of view.

Medical Arts Club president, Tina Willaman, headed that club as it toured Aultman Hospital. The club also heard pathologist Dr. John Thomas speak on medical careers.

Home-Ec club heard speakers on topics covering current fashions and homemaking.

Language Clubs

Unite for a Fun and Entertaining International Night

The four language clubs got together for an "International Night." The evenings activities included a brief presentation by each club and talks by three area exchange students. Other activities for the year included the traditional German-Spanish Club soccer game. Spanish Club once again asserted its superiority over the German students in its second consecutive win. Highlights for the French club included going to see a play by Molière.

Far left: Laurie Rider, French Club president; Dana Merriman, Spanish Club president; Kevin Powell, Latin Club representative; and Dave Preston, German Club president, finalize plans for "International Night." *Far top left:* Brian Jones, Andy Moock, Laurie Rider, and Kathy Gilkison discuss the future plans for French Club as they snack on the evenings refreshments. *Top right:* Following Mrs. Ream's example, the German and Spanish Club members slack their thirst after the exhausting soccer game. *Bottom middle:* Duane Pyka, from Spanish Club, defends the soccer ball from German Club players Scott Stricker and Paul Crouser.

Talented Students Achieve Honors

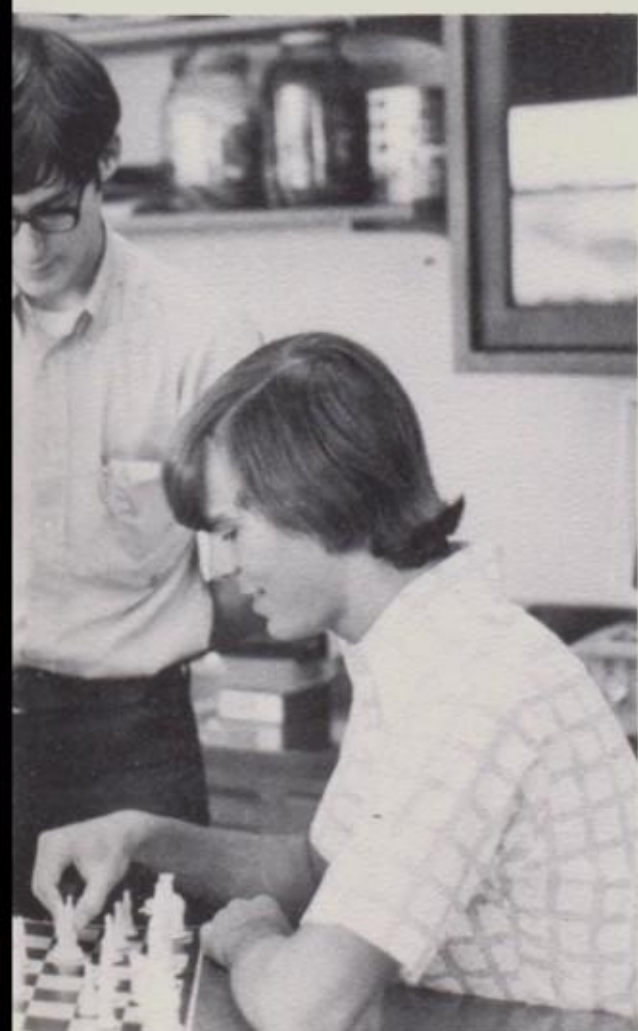

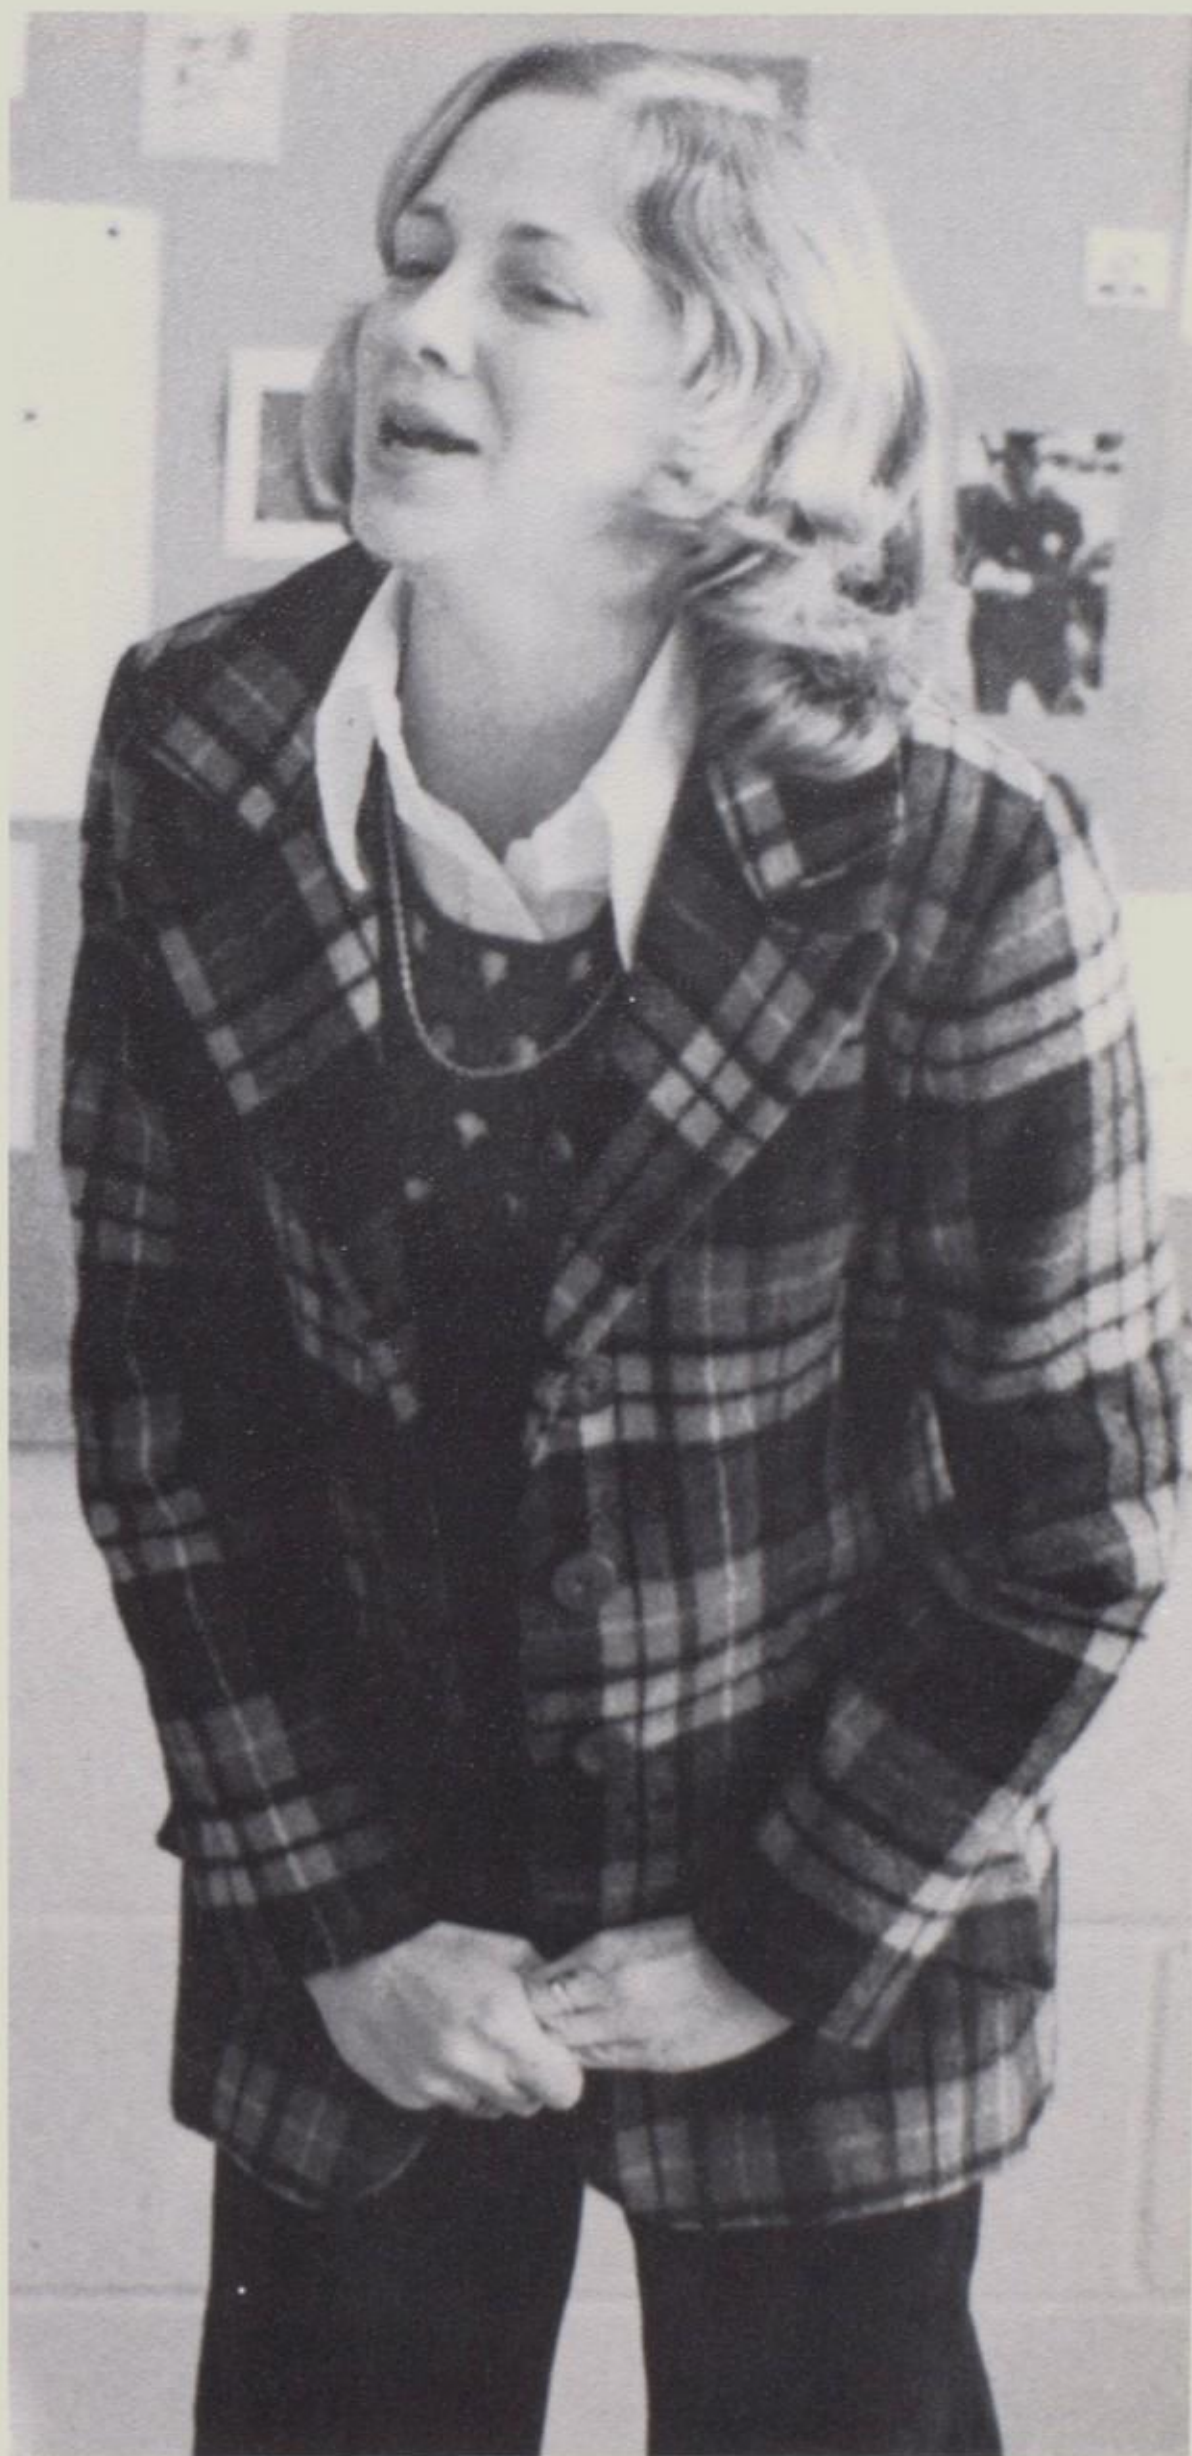

Hoping to better last year's record of second place in their league, the chess team swept the matches they were in as they prepared for the play-offs in spring. The team was under President Paul Miller.

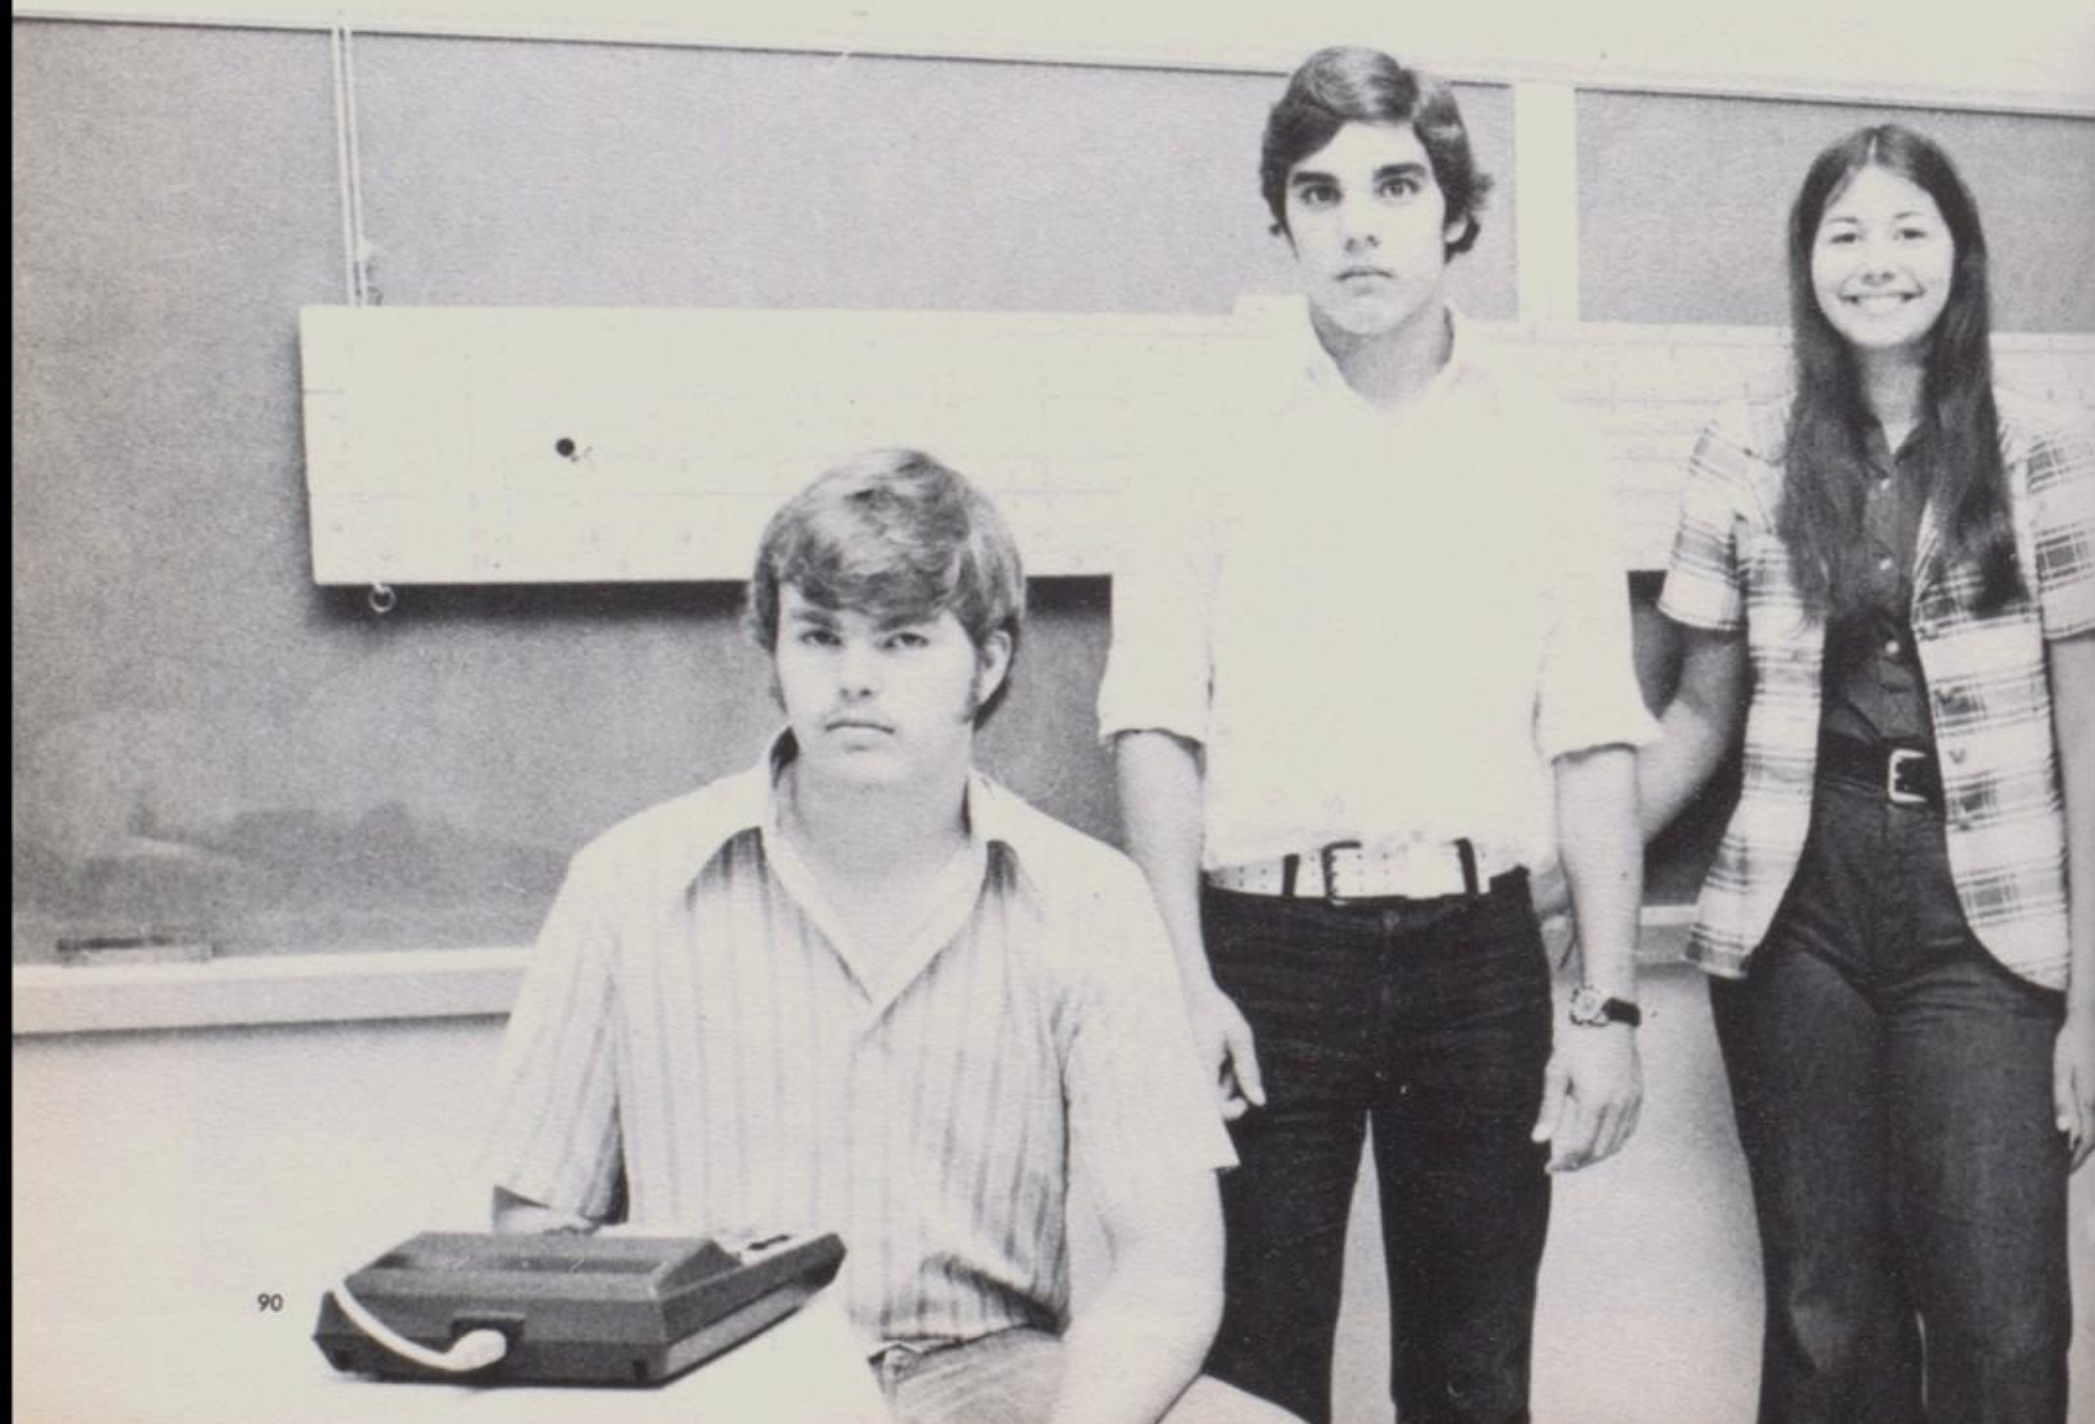

Assisting with the affairs of the speech team were National Forensic League officers Steven Harper and Nancy Kolaric. The Hoover chapter of the NFL ranked ninth in the nation for over-all victories.

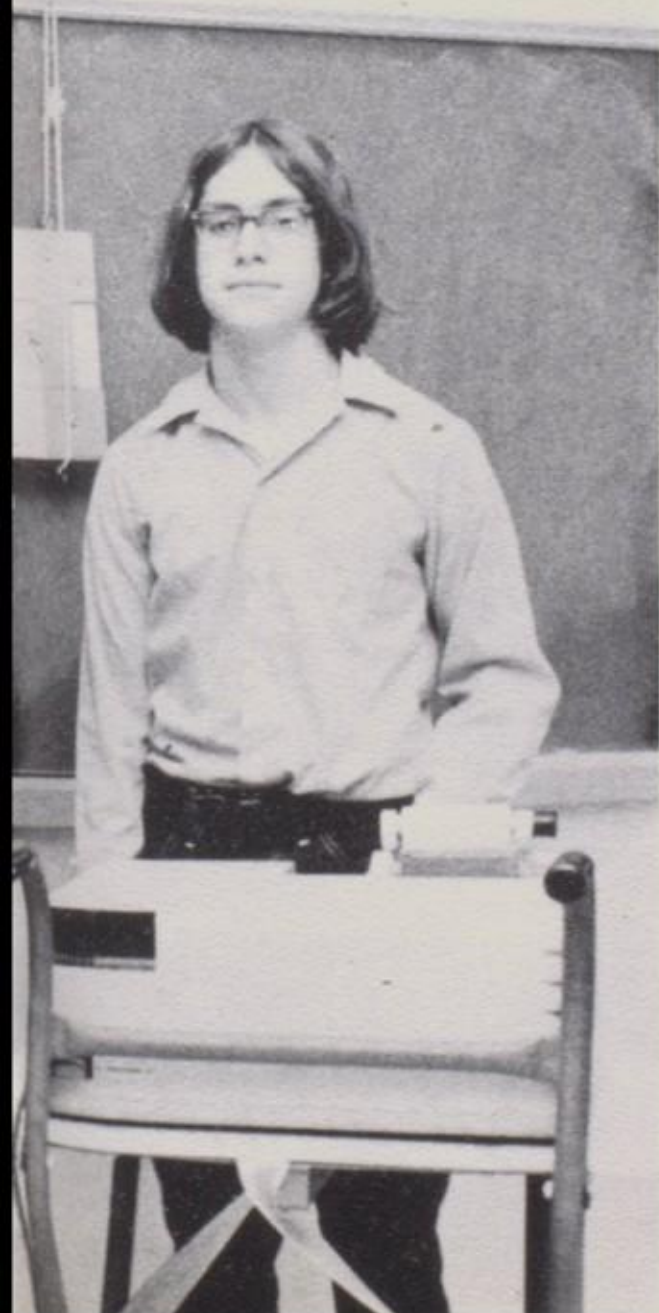

Quill and Scroll, the journalism honorary, inducted seven new members this year, bringing the number of current members to fourteen.

Scholarship Teams Place in State

Upholding Hoover's academic excellence last May, these scholarship teams represented Hoover in the Ohio Scholarship Tests given at Malone. The tests compared Hoover scholars with students from other schools in the state. Among Hoover's top achievers was Paul Crouser who placed eighteenth in the state in Math Division I. Ron Smith, Steve Harper, Carl Schaub, Nancy Kolarik, and Dave Preston were among those who were awarded Honorable Mention in the State Division I in their respective fields.

Intelligence Achieves Top Honors

Since Hoover changed to a three year high school, it has been Honor Society's policy to induct only seniors and juniors, since the constitution states that new members must have been at the school for a year. Members for the Honor Society are chosen by a faculty committee, based on recommendations by other faculty members. Up to 15 percent of a class is inducted.

Maintaining scholastic excellence as well as athletic, Hoover had five National Merit Semi-Finalists, which equalled or bettered every other school in Stark County. In addition, nine students were awarded a Letter of commendation by National Merit. These honors were determined by the students' scores on the PSAT-NMSQT Test, taken in the junior year.

Officers Make Clubs Enjoyable

Swimming, bowling, and going on a hayride were just a few of the things GAA did this year. The club's head officers were Debbie Gorley and Jenny Janson, who contributed much effort to ensure that club activities were interesting. The thirty member club also held its annual Father-Daughter Gym Night, where the girls challenged their fathers in a rousing game of volleyball.

The FCA was the group that the Faculty Basketball Team played this year. FCA members dazzled the faculty with their playing skill and won the game. Jeff Logan served as president and organized the club's activities which included open-gym nights and Bible study sessions.

Clubs Aid Others

Booster Club, under the leadership of co-presidents Bill Sumser and Sue Hertler, sponsored Hoover's first Winter Homecoming. It featured three queens, one from each winter sport. The 250 member club also held a pizza party at Hoover Park and sponsored the first Teacher's Singing Contest.

Student Council, with forty-one representatives, showed its concern for fellow student Paul Brown by selling Links for Life and holding a benefit dance. Together the projects raised \$440 for Paul's hospital costs. Student Council also instituted a suggestion box so students could voice their opinions.

Above: Student Council representatives listen attentively to the business at hand during a meeting. *Top right:* The Pep Band performs at the Booster Club picnic at Hoover Park. *Left:* Tom Nimen, Student Council president, conducts a meeting. *Right:* Sue Hertler and Julie Taylor decorate the Homecoming float.

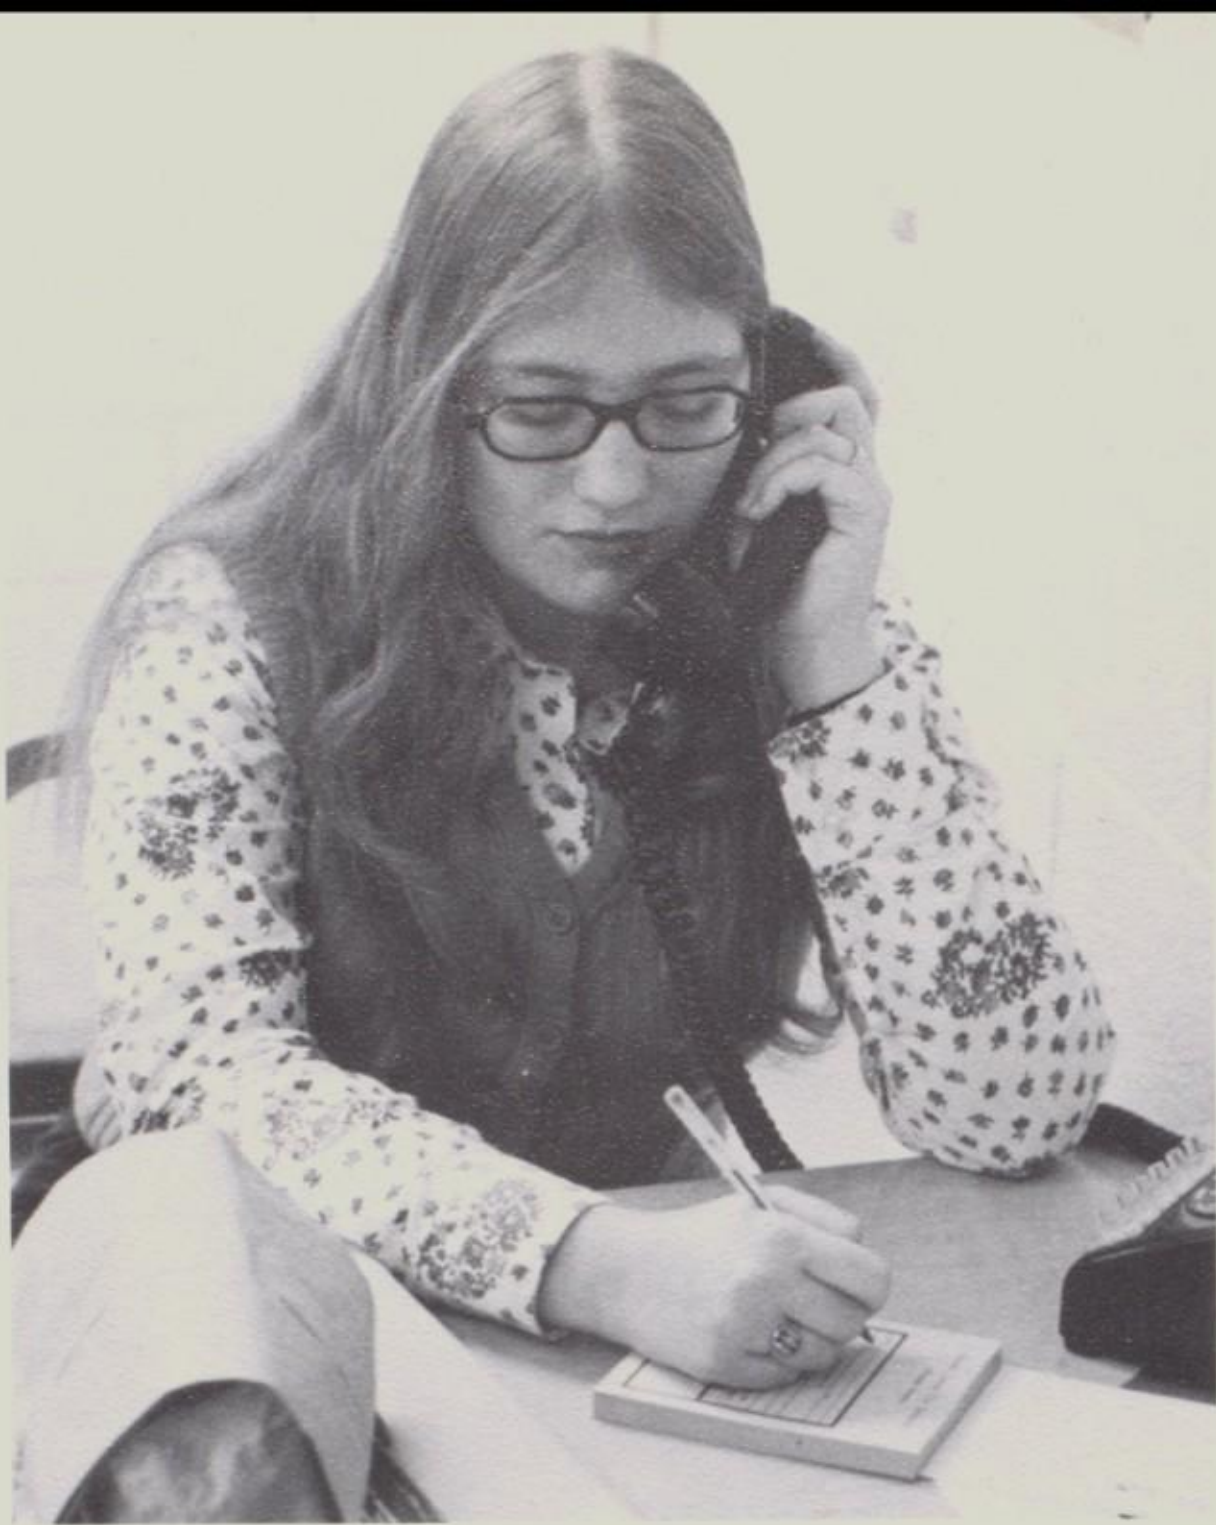

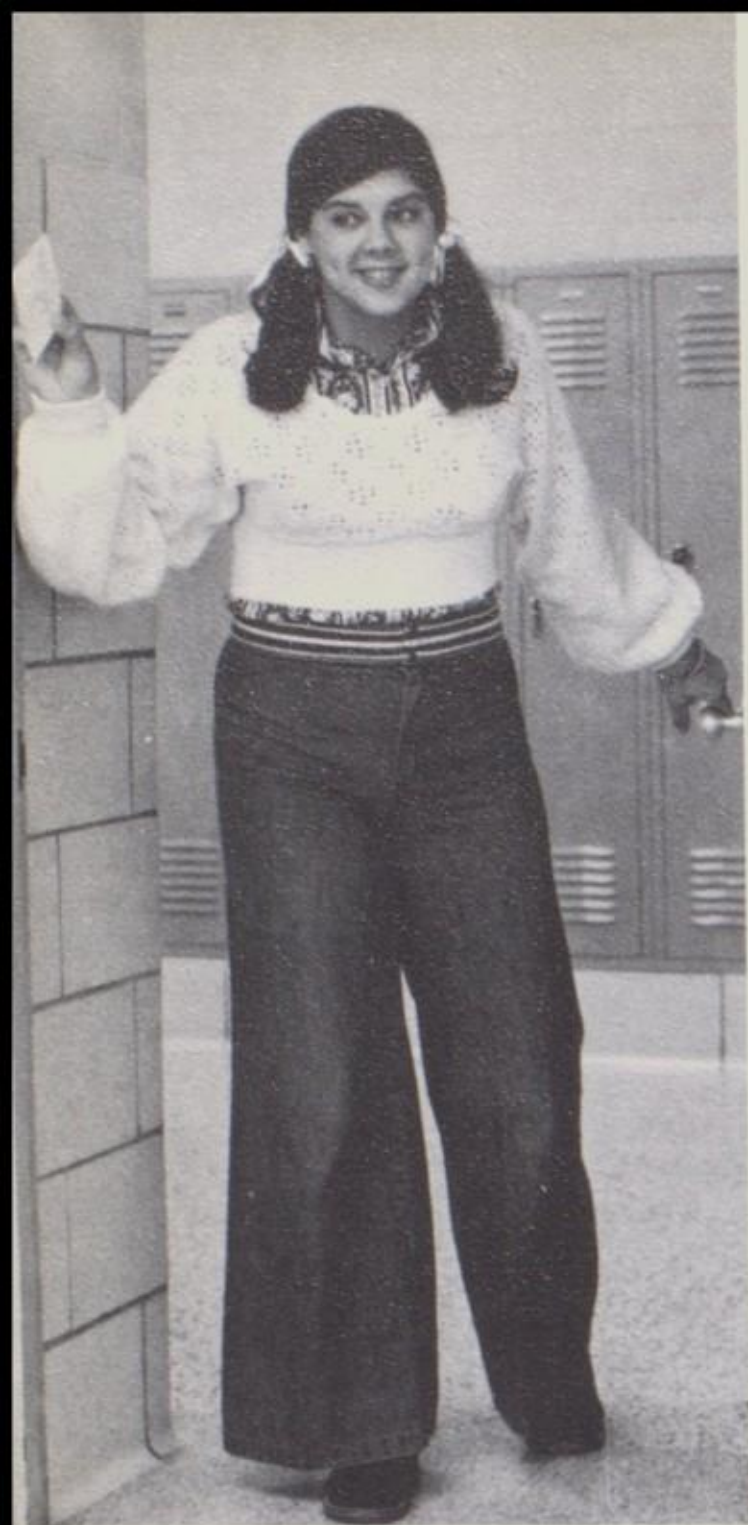

Projects Vary Class Activities

As a fund raising project, the Distributive Education Club of America installed a "Silver Monster" in the front lobby so students could buy pencils, pens, and paper. Less obvious to students than this machine were the trophies DECA members won in district competition in such areas as Display and Marketing.

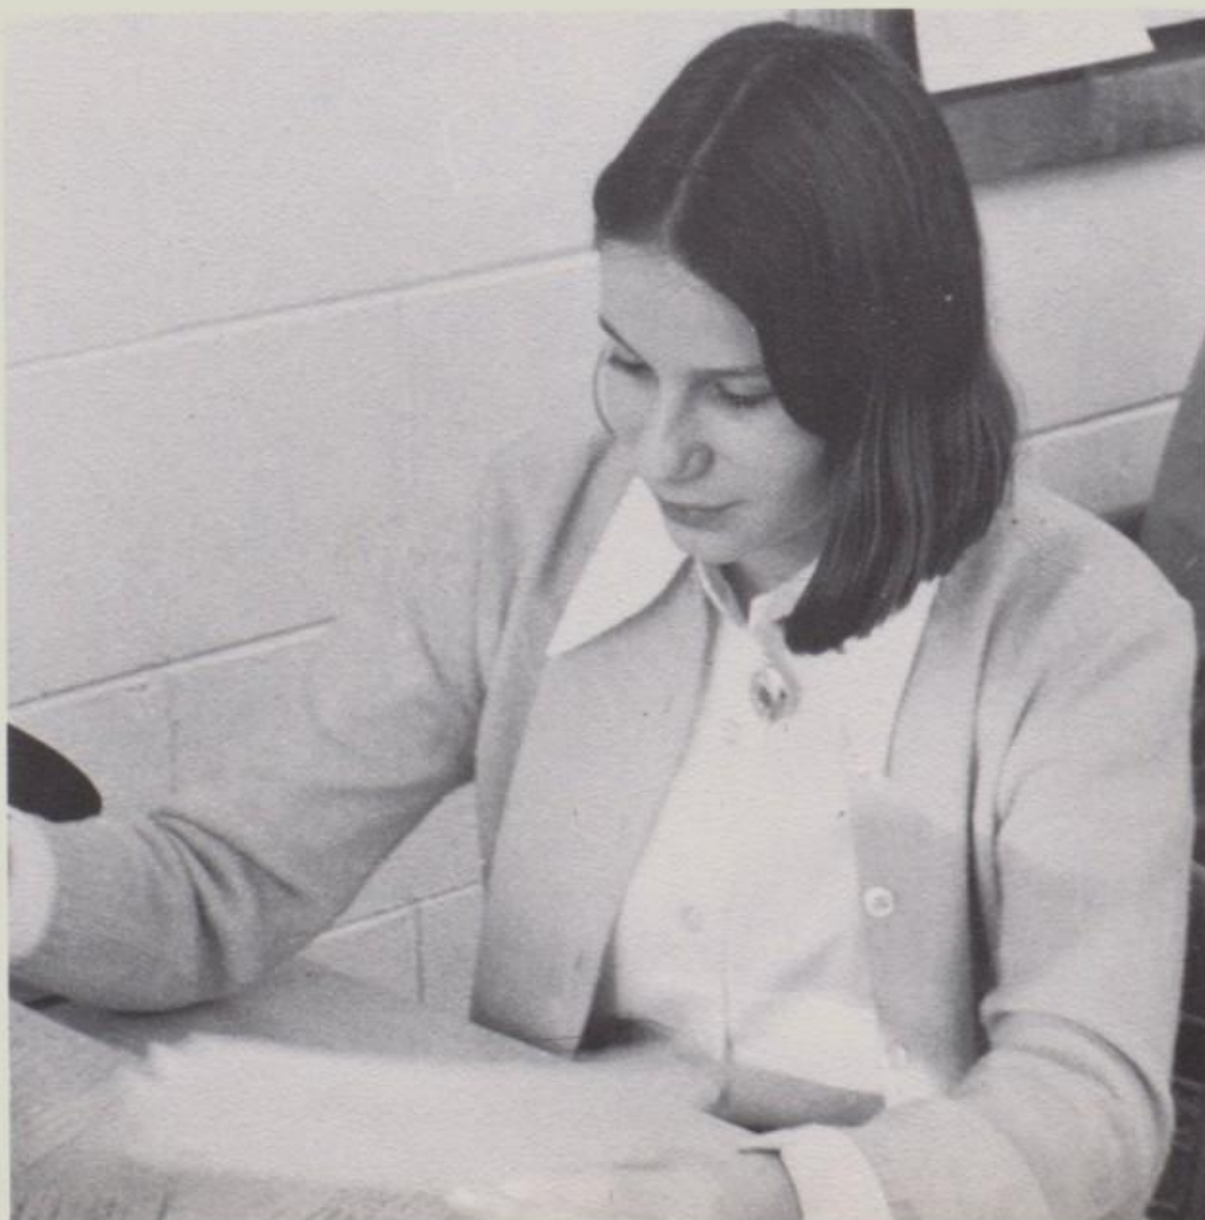

The Vocational Industrial Club of America was headed by Jay Davis as president. The club, which is designed to promote vocational education, had thirty-five members. Some of VICA's projects included the Battle of the Bands and a brunch with the employees at Holiday Inn.

Job Pays Off

To help the school get through its daily complications, numerous students contributed their time to be aides. They handled calls that came into the offices, ran errands, delivered notes to teachers and students, helped in the library and in the lab classes. Most of the aides gave five hours a week to this service. The students feel the work is rewarding, not only because they enjoy the work, but also because it has given them insights into the problems of running a high school and how diligently the entire staff works.

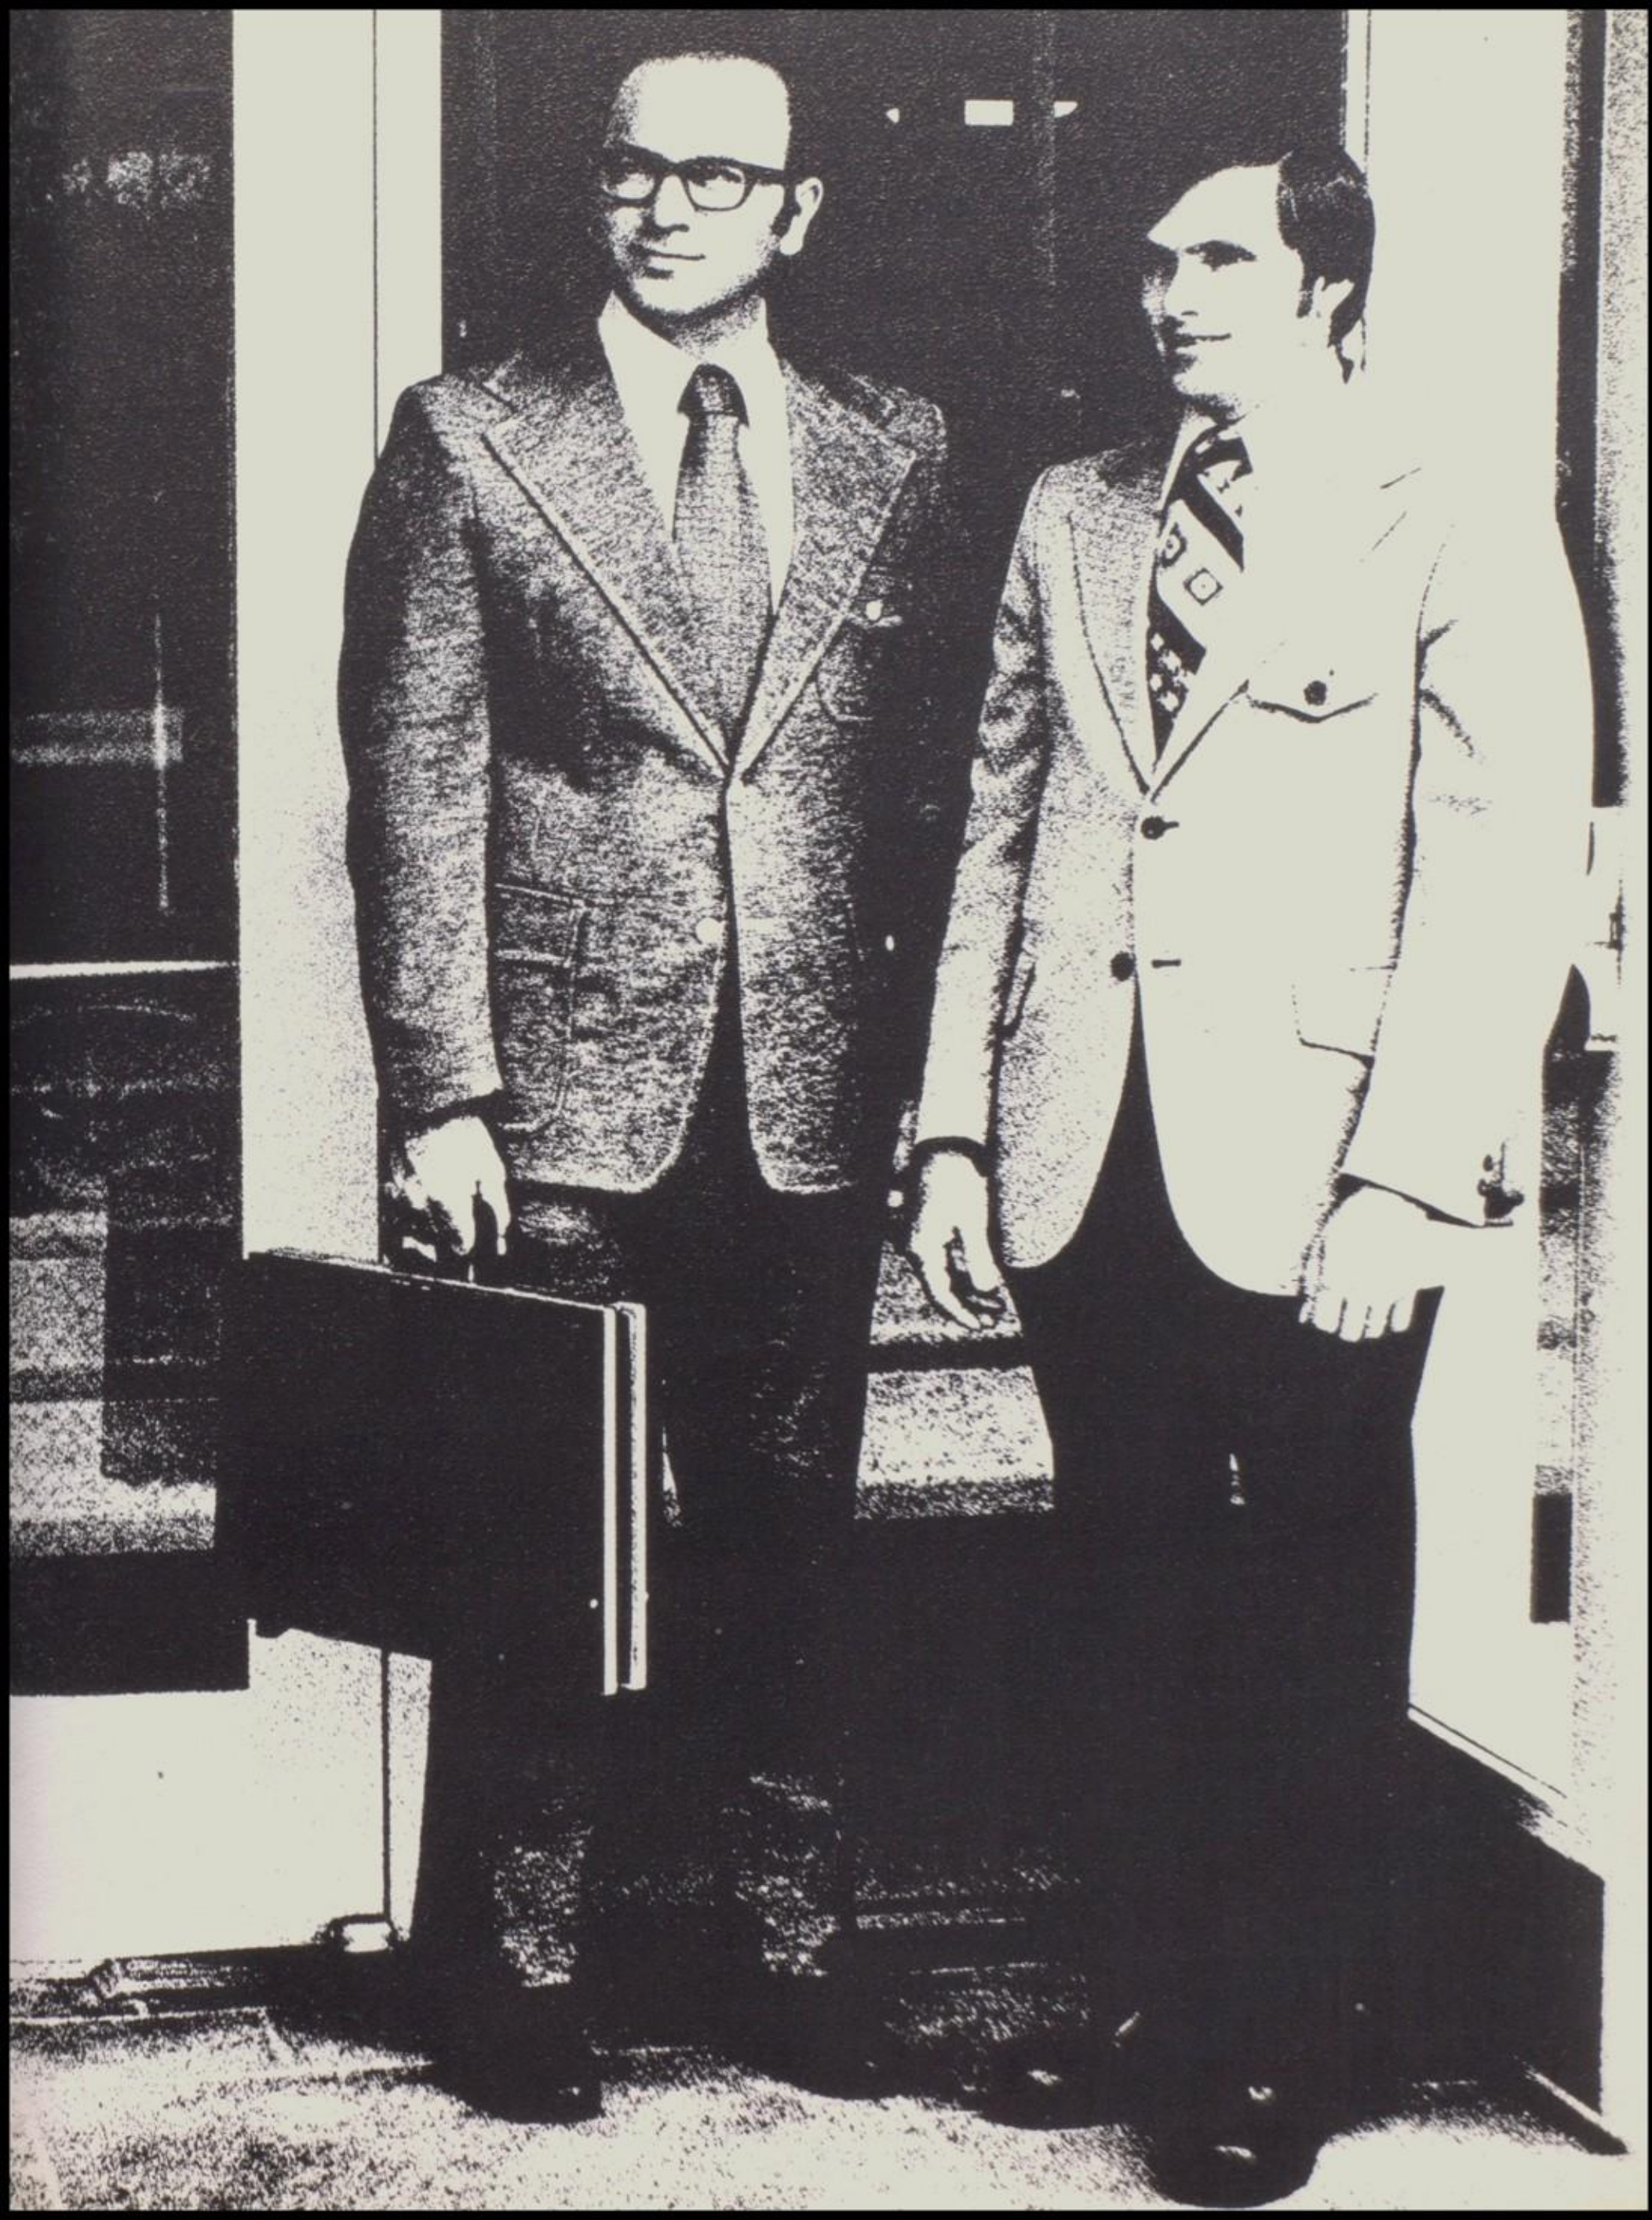

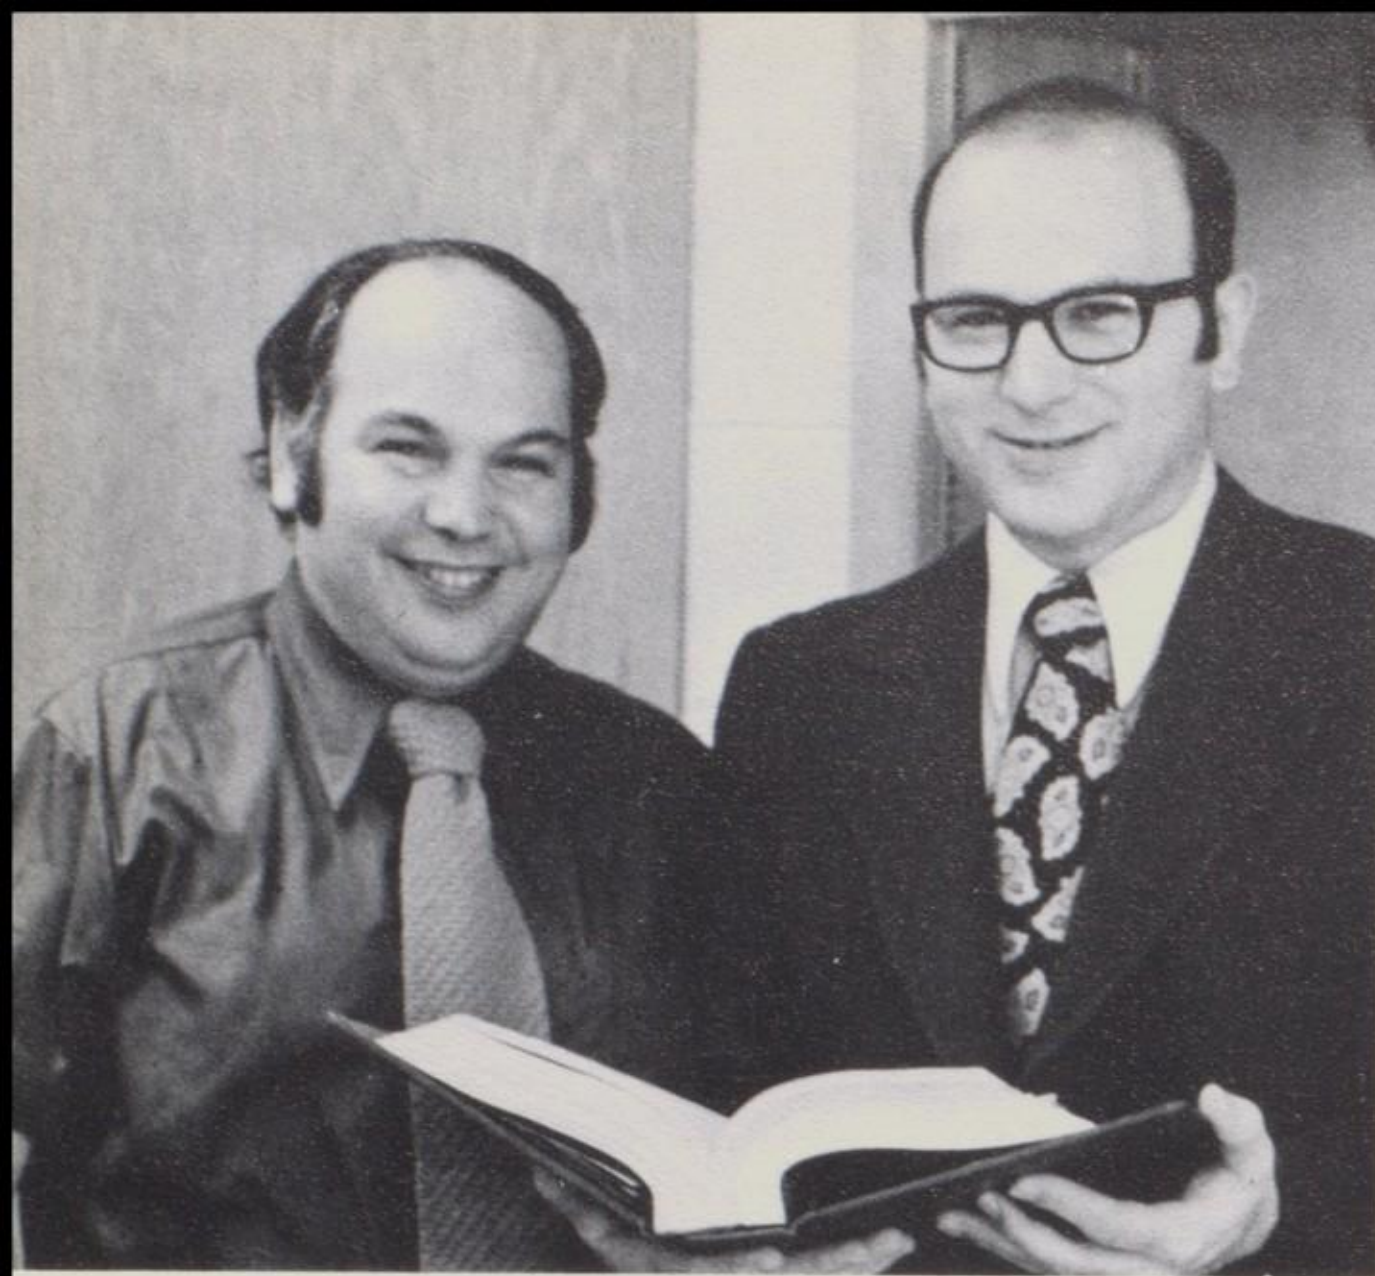

Features Added

Helping to keep the students abreast of the many school activities the newspaper staff published monthly issues of the *Viking Views*. Pam Yoder, Editor-in-Chief; Patti Smith, Associate Editor; and Mr. Airhart, Advisor, directed the publication of this year's paper. There were a number of innovations this year, including the "Feature Faculty," which helped students to get to know the faculty better and the Senior Spotlight, which made the students more aware of the involvement and achievements of their classmates.

New Faces Fill Familiar Roles

Filling the role as principal this year at Hoover is Mr. Isue. In the past he has been a French teacher at Fairless High School, assistant principal at the Junior High, and most recently principal at Portage. He also serves as head of the language department.

The head of the mathematics department, Mr. Mattachione, was appointed vice-principal, while his predecessor, Mr. Stefan, is now full-time director of vocational education. Dr. Brandau said their roles will "give more leadership in the area of curriculum and take away the attendance officer concept of the vice-principal's post."

As administrators change, so do school policies. Students are now permitted to leave school during seventh period study halls.

Walker Leads Ohio Teachers

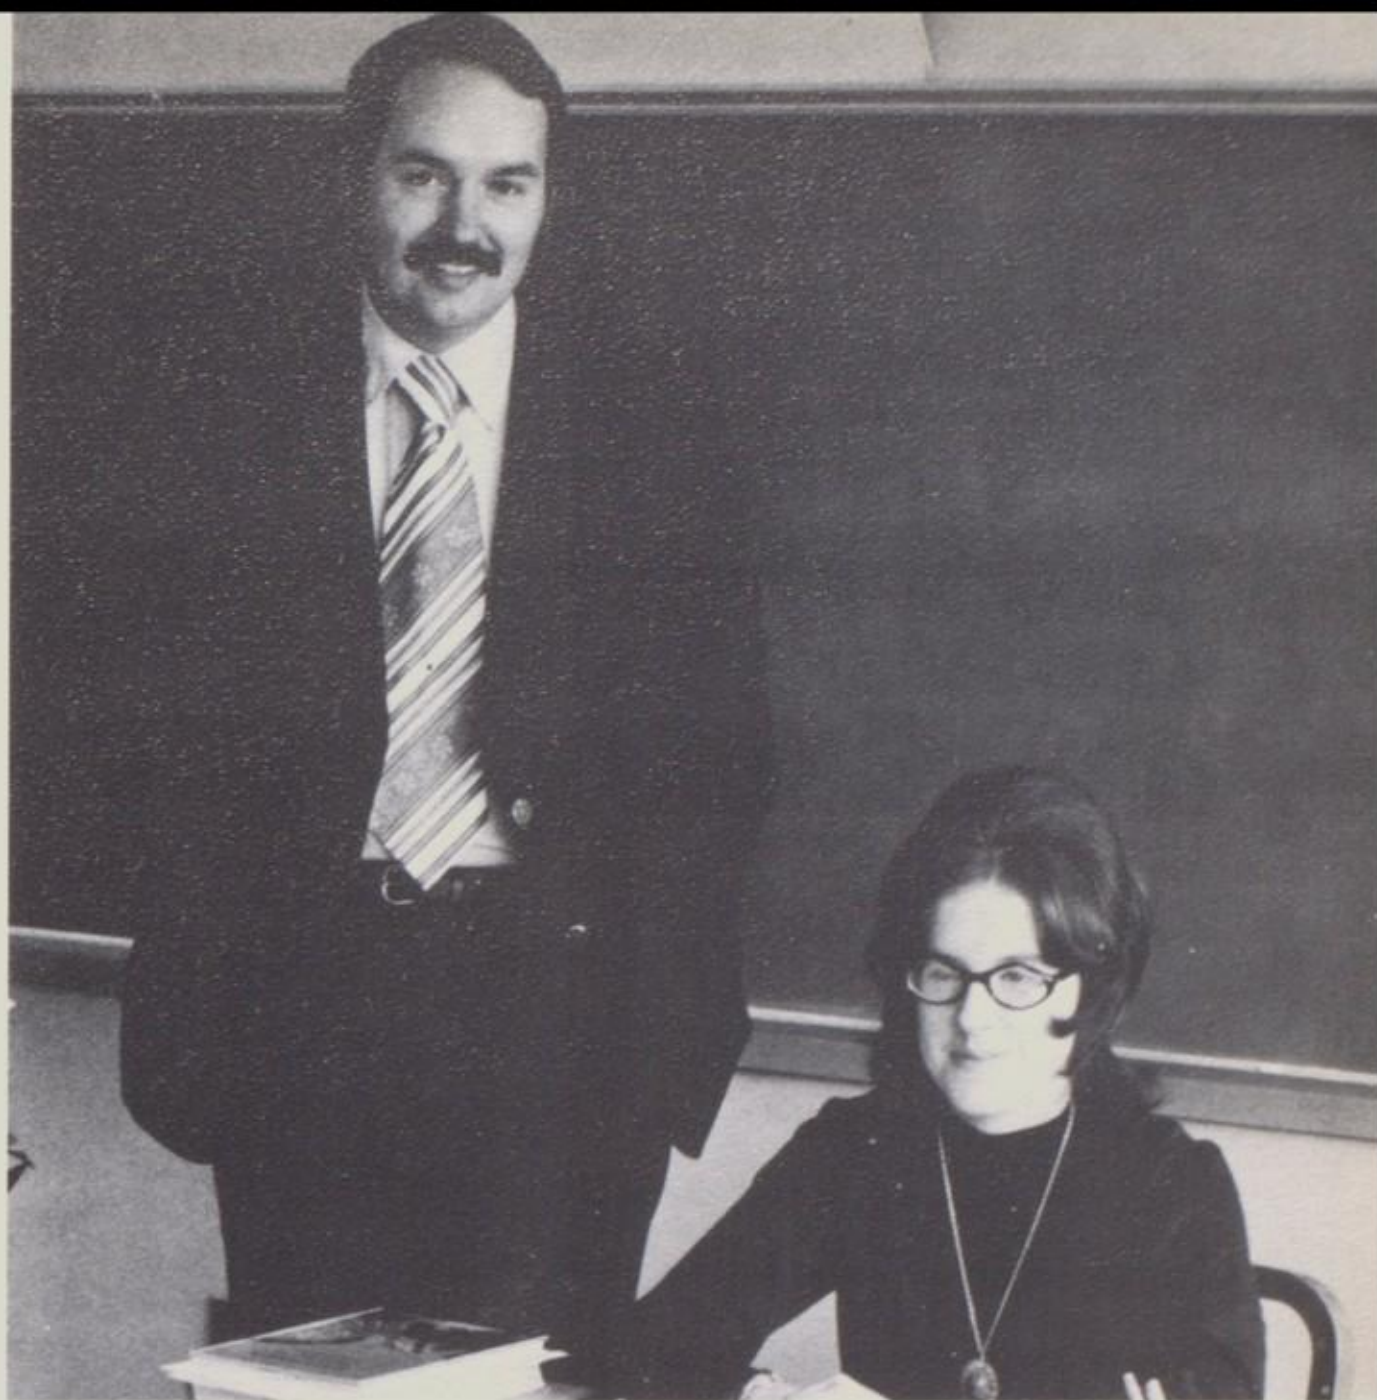

"For lots of years teachers weren't willing to say or do anything. They used to sit back and say 'the Board of Education will take care of us.' Today teachers are coming out of their shells and they're taking an active part in school affairs. They're telling the boards that they want what's best for the youngsters." Mr. Walker is living proof of his statement. In the past year he has represented about 6,000 teachers as president of the East Central Ohio Education Association. As a part of this position, he journeyed to Portland, Oregon, for the National Education Association convention which mainly concerned teachers' rights and welfare. Mr. Walker feels this is worthwhile because "teachers who have real security can devote every bit of their energy to teaching."

Brockett Receives Recognition As Outstanding Teacher

Mr. Brockett is our new speech and English III teacher this year. He has a B.A. from Marietta College, and was chosen as Outstanding Student Teacher for 1972-1973. During the past summer, he visited France, Switzerland, Italy, Austria, Germany and England. Among his many interests are playing the guitar, photography, judo, and coaching the speech team.

After being gone for a year while working on her Ph.D., Mrs. Weeks has returned to teach her eleventh year in our school system. She became interested and completed study in the "Theory of Formal Operations." She was interested in finding out when students begin to think abstractly, and tested students to help her write her thesis. She enjoys teaching high school students.

Palmer Studies Culture Abroad

As a former graduate of Hoover, Miss Palmer returns to our school with a Bachelor of Arts degree from Walsh College and a Master of Arts degree from Miami University in Oxford, where she taught as a graduate assistant. She teaches French I and III, and English III. Her French students are especially lucky because she has actually lived in France. She travelled to France with a work-study group from Ohio State University last summer to learn more about the French culture. They visited small villages, as well as big cities such as Paris. Living with French families in their own homes gave them a close-up view of an entirely different life-style. Miss Palmer also attended school in Quebec to become familiar with another aspect of the French language. She and her French students try to use French to converse in class as often as possible. For her recreation, Miss Palmer likes to include swimming and bowling.

Teacher Lives In Other States

Meeting people, traveling, and playing the organ are some of Mrs. McAdams favorite activities. She has lived and taught, in addition to her native Iowa, in New York City, North Carolina, South Carolina, and presently Ohio. Living in New York City, she met people of many different backgrounds, and still communicates with some of her former students. Mrs. McAdams found the people in the South to be warm and friendly. Recently she and her husband Tony visited North Carolina, Iowa, and Canada. They also spent last Christmas in their camper in New Orleans during a tornado rainstorm. She also plays the organ which keeps her fingers in shape for her Typing I, Personal Typing and Junior Secretarial Classes.

In addition to these, Mrs. McAdams sings, does land crafts, and is active in sports. She plays recreational volleyball at Kent State University, where her husband teaches. Mrs. McAdams also attended classes at Kent last summer.

Hill Helps Many

Besides teaching history, geography, and economics at Hoover, Mrs. Hill spends much of her time instructing people in other areas. She is presently tutoring a student in English, has taught both her children to play the piano, and formerly taught neurologically handicapped children. Mrs. Hill is also attending classes at the University of Akron. Much of her extra time is devoted to her Girl Scout Troop, which she has accompanied to Columbus, and on many camping trips. Despite getting lost in the woods, and sleeping in the rain, Mrs. Hill still enjoys camping.

Bates Tells of Travels Aboard

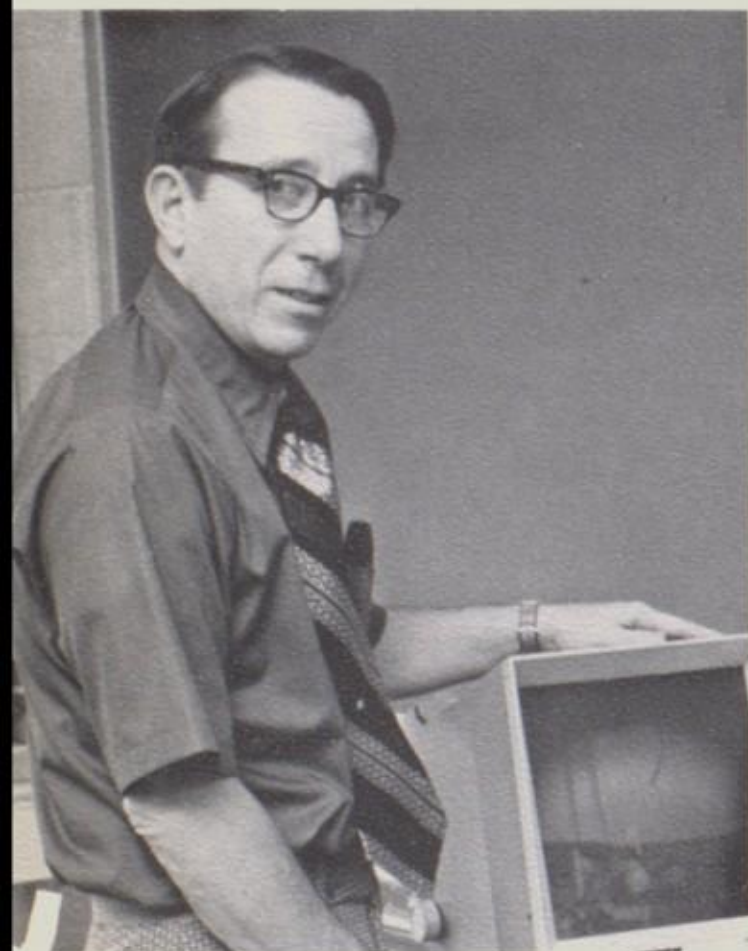

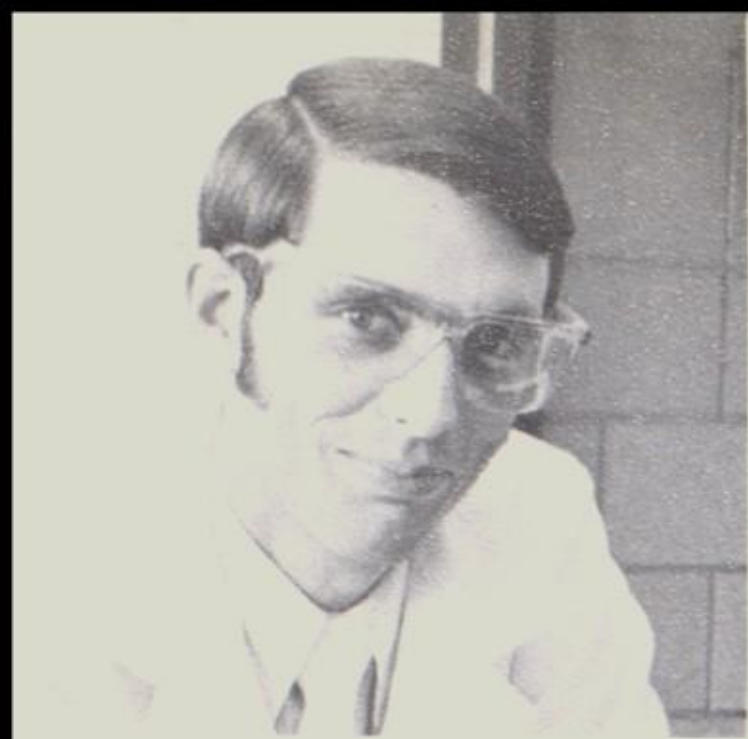

Mr. Bates is new to our school system this year, but taught previously in Omaha, Nebraska. Students in his World History, Sociology and Psychology classes are fortunate because he has traveled throughout the U.S., Central America, Europe and the Far East, including South Vietnam. His pupils enjoy hearing about his experiences when he was working for the Veterans Administration and his military service during W.W. II in Italy as well as other parts of Europe. He earned a B.S. degree from the University of Nebraska and B.A. degree from the University of Maryland. His hobbies are playing golf and, of course, traveling.

McCauley Enjoys Music and Travel

When he is not working with cars, Mr. McCauley enjoys music and traveling. At one time he played guitar in a rock group. Last summer Mr. McCauley journeyed to New York. While in the Bronx at 4:30 A.M., he got lost. After he found his way out, he continued on to New Jersey, Maryland, Washington D.C., and Pennsylvania. He also likes to spend Christmas each year in Florida.

Weber Teaches Art in Evening

Besides teaching Art I and Art II at Hoover, Mr. Weber conducts evening classes in painting to anyone interested in art from the hobbyist to college level. After being influenced by area classes, and due to the increasing interest, he and his wife Elaine set up their own courses. Their students, ranging in age from twelve to 73, meet once a week at Bob-O-Link Golf Clubhouse to improve their skills with oils and acrylics. The classes also stress basic art principles of proportion, color theory, design, and sketches. The Webers received their degrees in art education from Kent State University.

Advisor Travels to Hawaii, Europe

When she is not busy working with the cheerleaders, the Girl's Athletic Association, or coaching the girl's volleyball team, Miss Lowe enjoys the theatre and traveling. In the past, she has actively contributed to costuming and has worked on wardrobes at the Players Guild Theatre in Canton.

Miss Lowe has traveled to Europe, Hawaii, Florida, and Washington, D.C. One of her most enjoyable visits was to a dude ranch in New York. As a result, Miss Lowe plans on returning to New York this year, and journeying farther west to Las Vegas.

Whitman Obtains Honorary Medal

This is Mrs. Whitman's first year at Hoover. She teaches Plane Geometry and Algebra II. She received her B.S. degree from Kent State University where she was awarded the President's Medal as Outstanding Woman Graduate. Her hobbies include reading, sports, music, and the theatre.

Mr. Boyer is teaching classes in the Fundamentals of Algebra II and Applied Mathematics. Mr. Boyer has a B.S. degree in Education from Ohio State University and has been in the North Canton School System for the past twelve and one half years. He also holds the post of Recreation Director for the City of North Canton. His duties consist of supervising the operation of the municipal swimming pool and the various city parks. His immediate plans include installation of more tennis courts in the city.

Smith Achieves in "Who's Who"

Miss Smith, who leads our Guidance Department this year, is a member of "Who's Who in American Women in Education". Miss Smith has also been a recipient of the Meritorious Award from Cleveland Women's Physical Education Association, and served on the Governor's Committee on Status of Women. On this committee, she and others discussed the reform of employment practices for women.

In October, Miss Smith served as an official in the Ohio Intercollegiate Field Hockey Tournament at Baldwin-Wallace College. She has had three works published, "Philosophy of Officiating," "Softball Rules Digest," and "Steps in College Planning." Her other activities include reading and sports.

CLASSES

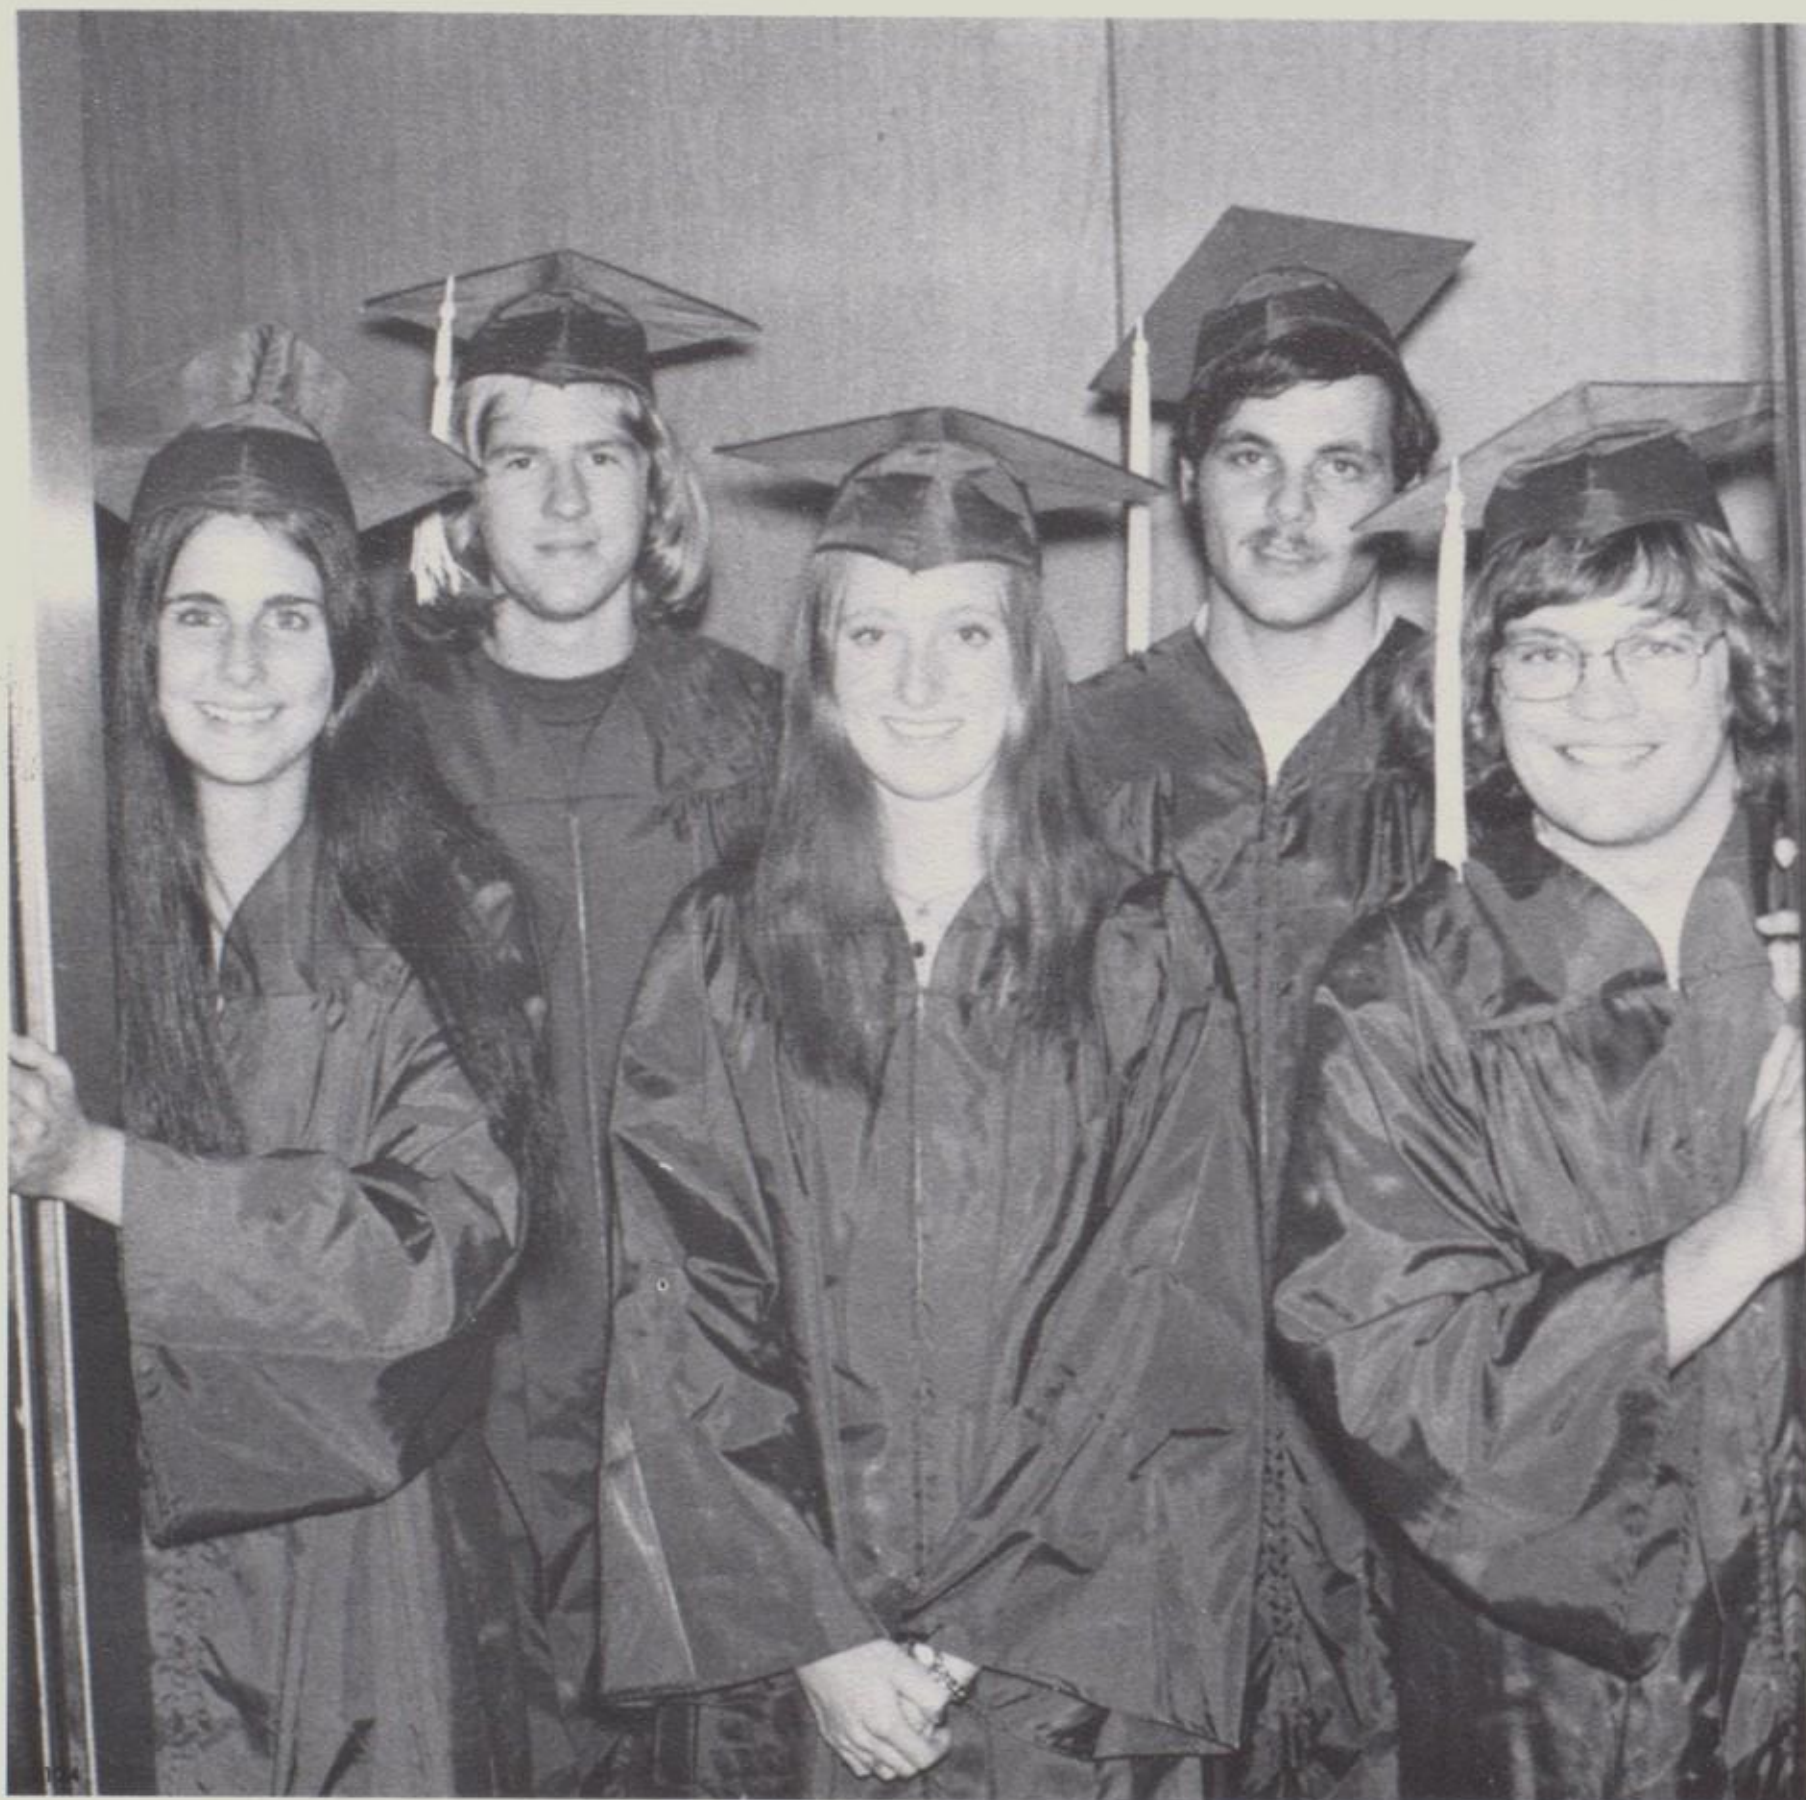

Class of '74 Excels in All Areas Of School Life Their Senior Year

The 1974 Senior Class has finished an exciting and hard working year. The Federal League Championship in football was just one of the rewards that was made possible by Jeff Logan, who was voted by Stark County as the Most Valuable Player. Joan Gulling was named Miss Teenage

Cheerleader U.S.A.

Seniors who exerted their skills in dramatics were Nancy Anderson, Chris Cox, and Tom Nimen, in "Pure As the Driven Snow." Others showed their talent in student assemblies where they presented skits about Watergate and President Nixon.

Leading the Senior class in climbing the ladder to graduation were Brian Walters, President; Chris Bien, Vice-president; Sherry Geib, Secretary; Elaine Dean, Treasurer; and Dan Ramsey, Historian.

Juniors Cooperate With Advisors To Better School in Many Ways

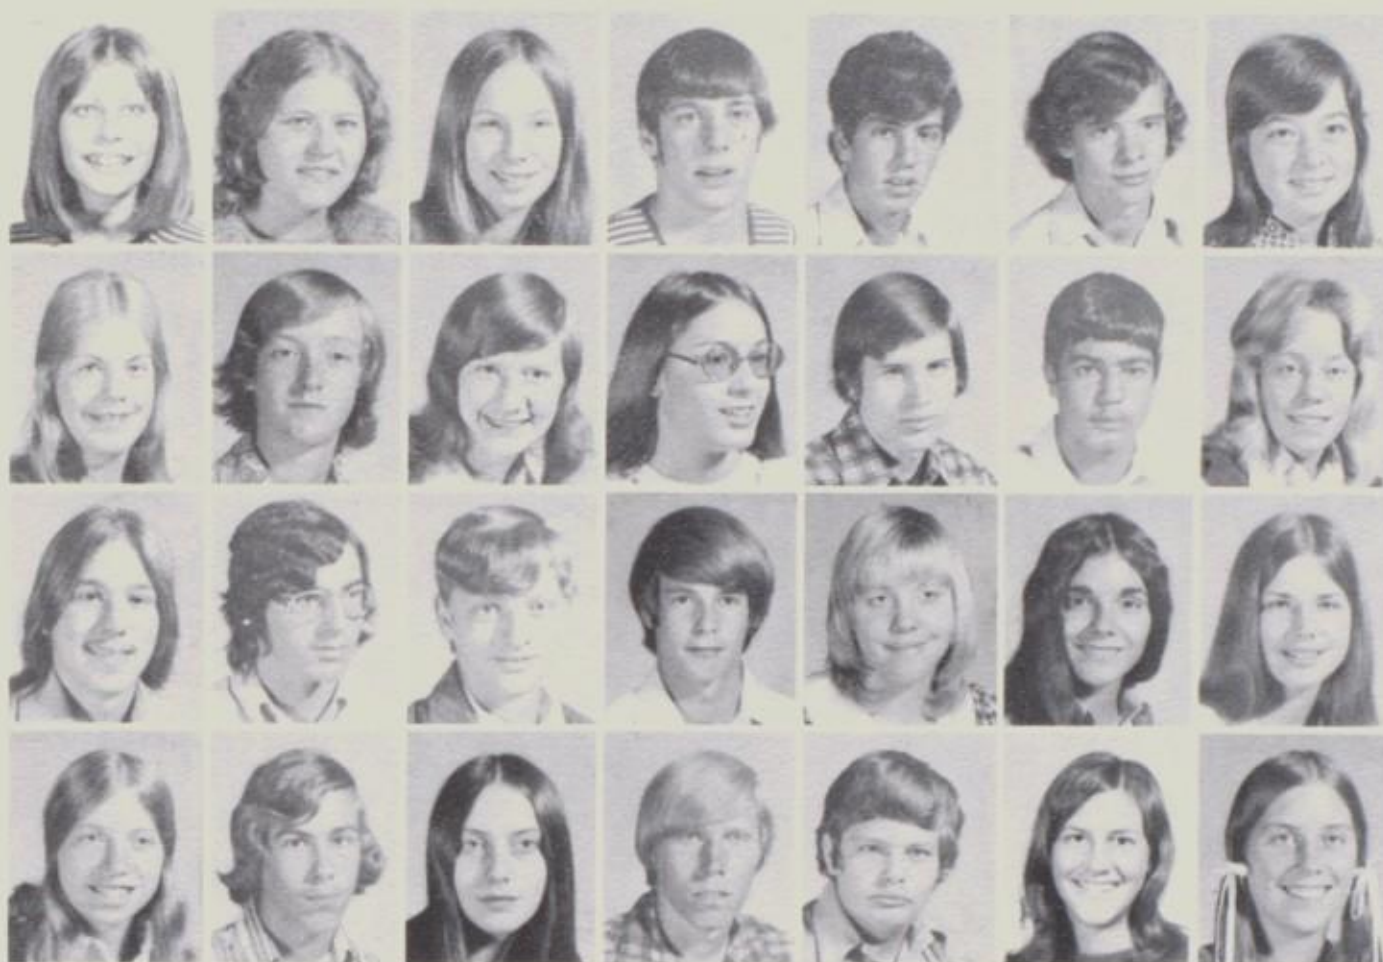

The Class of '75 has left Mr. Kieffer, the Class Advisor, with a lasting impression. Working with the junior class has been the job of Mr. Kieffer for the last eight years. According to his beliefs, the junior class has been "real cooperative and very easy to work with; anything we have asked them to do, they've done."

The junior class has also contributed in leaving their marks on Hoo-

ver's list of student twins. Among the twins of their class are David and Jon Wilson, Cindy and Mindy Secunde, Terry and Liz Dollard, and Doug and Bruce Speicher. A number of twins allegedly feel that being a twin does not hinder their individuality, and many go even further in saying that they are almost complete opposites of their twins.

Involved in the "Be Kind to Animals Week" are junior officers Phil Powell, Treasurer; Nancy Petros, Historian; Melissa Ingold, Secretary; John Coyle, President, and Mark Pfeil, Vice-president.

ADVERTISING

WE KNOW WHERE WE'RE GOING

If you were to start a journey without a definite destination in mind, you'd never know when you got there.

This kind of foot-loose wandering may have an undeniable kind of charm, but in the highly competitive appliance business it would represent little more than a great way to get lost.

Hope
NEXT RIGHT

BECAUSE OF WHERE WE'VE BEEN

More than 65 years ago, we chose quality as the guiding star for our corporate journey, and it unerringly led us to a place called leadership.

Once we were there, we were determined to stay — and we have, thanks in large part to the skill and dedication of Hoover Company men and women here and around the world.

All our experiences have been geared to stages of learning and becoming. We have explored, developed and molded ourselves into the type of persons that fit our goals in society. Our shaping has largely been accomplished through formal learning conditions. As we say goodbye to the year of 1974, we must realize that what we have mastered is only the dawning of what remains for us to learn.

*Learning is becoming.
Though all that you learn will grow
old,
That which you become will live and
be expanded upon.*

Hoover Alma Mater

Our strong band can ne'er be broken,
Formed in Hoover High.
Far surpassing wealth unspoken
Sealed by friendship's tie.

Alma Mater, Alma Mater,
Deep graven on each heart
Shall be found unwav'ring true when
We from life shall part.

High School life at best is passing,
Gliding swiftly by;
Then let us pledge in word and deed,
Our love for Hoover High.

Mabel Studer 1907-1973

Many people are left unnoticed during the course of the year. Their time and efforts may not be known by all, yet they require the recognition deserving of them. A special note of appreciation goes to TROUP AND PLUTO STUDIOS, for all the time and money they spent in developing the pictures that went into the yearbook, and keeping us in a good supply of film. A word of thanks is also in order for Steve Troup, who acted as the staff's official message boy and film carrier to the studio.

A fine book cannot be produced without the help of professionals in the field; hence, our appreciation goes to Mr. Ron Mollic, our

PARAGON BOOK representative, and in particular, to PARAGON BOOKS.

Our adviser, Mr. Walker, has contributed much to the success of our yearbook. Throughout the entire year, Mr. Walker's sense of humor helped the staff when all things looked "deadly." Thanks, Mr. Walker, and on behalf of the staff . . . forgive us for any anguish that we have caused you this year!

No acknowledgement could be complete without a few words about the staff itself. I'm sure that many of you will think back on this year with all its rejected copy, dreaded photo lists, revised lay-outs, etc. Hopefully, you will also recall the good times that we have had as

a staff working together, such as the pounds of candy and kit-kats that we devoured, and some of those things that never got into the book! Although I will not be around for next year's book, I wish those of you who are returning to the staff all of the best of luck.
